NASA Guidance Documents Web Portal

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice.

SUMMARY: The National Aeronautics and Space Administration (NASA) is publishing this notice to announce and describe its Web Portal that contains the Agency's guidance documents that is accessible to the public.

ADDRESSES: NASA's guidance Web Portal is available at *https://nodis3.gsfc.nasa.gov/CFR_rep/CFR_list.cfm.*

FOR FURTHER INFORMATION CONTACT: Nanette Smith, Team Lead for NASA Directives and Regulations, Mission Support Operations, 202–358–0819, *nanette.jennings@nasa.gov.*

SUPPLEMENTARY INFORMATION:

Executive Order 13891, Promoting the Rule of Law Through Improved Agency Guidance Documents (84 FR 55235), issued on October 9, 2019, directs agencies to (1) treat guidance documents as non-binding unless specified in law or contract; (2) seek public input when promulgating significant guidance documents; and (3) establish a single, searchable, public-facing Web Portal containing all current guidance documents with the ability for interested persons to submit petition requests for withdrawal or modification of guidance documents, or complaints about misapplications. In accordance with Executive Order 13891, NASA announces that its guidance Web Portal is available at *https://nodis3.gsfc.nasa.gov/CFR_rep/CFR_list.cfm.*

The Order also directs agencies to review guidance documents and, consistent with applicable law, rescind those guidance documents that should no longer be in effect. In response to Executive Order 13563, Improving Regulation and Regulatory Review, NASA developed a strong, ongoing culture of reviewing its guidance documents when the Agency conducted a retrospective analysis of existing guidance documents to determine which should be repealed, revised or retained as is. As part of this analysis, NASA implemented a process for its guidance documents to be reviewed every five years for effectiveness to ensure that they remain current. Therefore, all guidance documents listed on the Agency's Web Portal are consistent with applicable law and currently in effect.

Nanette Smith,

Team Lead for NASA Directives and Regulations, Mission Support Operations.

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the regulations.gov docket for this notice as ''other'' documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the *regulations.gov* portal, you may contact *request.schedule@nara.gov* for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal
