#### SUPPLEMENTARY INFORMATION

##### Background

Commerce published the *Preliminary Results* of this review on September 12, 2019.<sup>1</sup> In addition, Commerce issued a post-preliminary determination on the upstream allegation on electricity on February 5, 2020.<sup>2</sup> For a history of events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>3</sup>

On December 30, 2019, we postponed the final results of this review until March 10, 2020.<sup>4</sup>

<sup>1</sup> See *Certain Corrosion-Resistant Steel Products from the Republic of Korea: Preliminary Results of Countervailing Duty Administrative Review, and Rescission of Review, in Part; 2017*, 84 FR 48107 (September 12, 2019) (*Preliminary Results*) and accompanying Decision Memorandum (Preliminary Decision Memorandum).

<sup>2</sup> See Memorandum, "Upstream Subsidy on Electricity," dated February 5, 2020 (Upstream Analysis Memorandum).

<sup>3</sup> See Memorandum, "Issues and Decision Memorandum for the Final Results of the 2017 Administrative Review of the Countervailing Duty Order on Certain Corrosion-Resistant Steel Products from the Republic of Korea (Issues and Decision Memorandum, or IDM), dated concurrently with, and hereby adopted by, this notice.

<sup>4</sup> See Memorandum, "Certain Corrosion-Resistant Steel Products from the Republic of Korea: Extension of Deadline for Final Results of Countervailing Duty Administrative Review," dated December 30, 2019.

### Scope of the Order

The products covered by this order are certain corrosion-resistant steel products. For a complete description of the scope of this order, see attachment to the Issues and Decision Memorandum.

### Analysis of Comments Received

All issues raised in interested parties' case briefs are addressed in the Issues and Decision Memorandum. The issues are identified in the Appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

### Changes Since the Preliminary Results

Based on the comments received from interested parties and record information, we have made changes to the net subsidy rates calculated for Dongbu and for those companies not selected for individual review. The changes made for Hyundai Steel did not result in a change to its net subsidy rate. For a discussion of these issues, see the Issues and Decision Memorandum.

### Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.<sup>5</sup> For a description of the methodology underlying all of Commerce's conclusions, see the Issues and Decision Memorandum.

### Companies Not Selected for Individual Review

The statute and Commerce's regulations do not directly address the

<sup>5</sup> See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

establishment of rates to be applied to companies not selected for individual examination where Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. However, Commerce normally determines the rates for non-selected companies in reviews in a manner that is consistent with section 705(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation.

Section 705(c)(5)(A)(i) of the Act instructs Commerce, as a general rule, to calculate an all-others rate equal to the weighted average of the countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero, *de minimis*, or rates based entirely on facts available. In this review, the only subsidy rate above *de minimis* is the rate calculated for Dongbu. Therefore, for the companies for which a review was requested that were not selected as mandatory respondents, we are applying the subsidy rate calculated for Dongbu.

### Final Results of Administrative Review

In accordance with section 751(a)(1)(A) of the Act and 19 CFR 351.221(b)(5), we determine the total estimated net countervailable subsidy rates for the period January 1, 2017 through December 31, 2017 to be as follows:

Company	Net countervailable subsidy rate (percent <i>ad valorem</i> )
Dongbu Steel Co., Ltd./ Dongbu Incheon Steel Co., Ltd.	7.16
Hyundai Steel Company .....	0.44 ( <i>de minimis</i> ).
Bukook Steel Co., Ltd .....	7.16
CJ Korea Express .....	7.16
DK Dongshin Co., Ltd .....	7.16

POSCO .....	7.16
POSCO C&C .....	7.16
POSCO Daewoo Corp .....	7.16
POSCO P&S .....	7.16
Sejung Shipping Co., Ltd .....	7.16
SeAH Steel .....	7.16
Seil Steel Co., Ltd .....	7.16
SK Networks Co., Ltd .....	7.16
Soon Hong Trading Co., Ltd	7.16
Taisan Construction Co., Ltd	7.16

Young Sun Steel Co .....	7.16

### Assessment and Cash Deposit Requirements

In accordance with 19 CFR 351.212(b)(2), Commerce intends to issue appropriate instructions to U.S. Customs and Border Protection (CBP) 15 days after publication of these final results to liquidate shipments of subject merchandise. Because we have calculated a *de minimis* countervailable subsidy rate for Hyundai Steel, we will instruct CBP to liquidate the appropriate entries without regard to countervailing duties in accordance with 19 CFR 351.212. We will instruct CBP to liquidate shipments of subject merchandise produced and/or exported by Dongbu and the above listed companies, entered or withdrawn from warehouse for consumption from January 1, 2017 through December 31, 2017, at the *ad valorem* rates listed above for each respective company.

In accordance with section 751(a)(2)(C) of the Act, we intend also to instruct CBP to collect cash deposits of estimated countervailing duties, in the amounts shown above, with the exception of Hyundai Steel, on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. Because the countervailable subsidy rate for Hyundai Steel is *de minimis*, Commerce will instruct CBP to collect cash deposits at a rate of zero for Hyundai Steel for all shipments of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most-recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations

and terms of an APO is a violation which is subject to sanction.

### Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding, in accordance with 19 CFR 351.224(b).

These final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 10, 2020.

**Jeffrey I. Kessler,**

*Assistant Secretary for Enforcement and Compliance.*

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) determines that Dongkuk Steel Mill Co., Ltd. (Dongkuk) made sales of corrosion-resistant steel products (CORE) from the Republic of Korea (Korea) at less than normal value, and Hyundai Steel Company (Hyundai) did not, during the period of review (POR), July 1, 2017 through June 30, 2018.

#### SUPPLEMENTARY INFORMATION:

#### Background

Commerce published the *Preliminary Results* on September 12, 2019.<sup>1</sup> On January 27, 2020, Commerce determined that a cost-based particular market situation (PMS) existed with respect to the production cost of CORE in Korea during the POR.<sup>2</sup> For a history of events that occurred since the *Preliminary Results*, see the IDM.<sup>3</sup> On January 2, 2020, Commerce postponed the final results of this review until March 10, 2020.<sup>4</sup>

### Scope of the Order

The products covered by this order are certain corrosion-resistant steel products. For a complete description of the scope of this order, see attachment to the IDM.

### Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties are addressed in the IDM. The issues are identified in the Appendix to this notice. The IDM is a public document and is on-file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the IDM can be accessed at <http://enforcement.trade.gov/frn/index.html>. The signed and the electronic versions of the IDM are identical in content.

### Changes Since the Preliminary Results

We increased the cost of the respondents' purchased hot-rolled coil by 17.29 percent for the final results, revised from the 13.97 percent used in the post-preliminary results.<sup>5</sup>

### Final Determination of No Shipments

We received no comments regarding our preliminary determination of no shipments with respect to Samsung C&T Corporation, Hyosung Corporation, and Hyosung TNC. As the record contains no other information that calls into question our preliminary findings, we continue to find that those three companies had no shipments of subject merchandise during the POR.

### Rate for Non-Examined Companies

For the final results of this review, the only weighted-average dumping margin that is not zero, *de minimis*, or determined entirely on the basis of facts is the margin calculated for Dongkuk. Thus, Commerce has assigned the margin calculated for Dongkuk to the non-examined companies.

### Final Results of the Administrative Review

We have determined the following weighted-average dumping margins for the exporters or producers listed below exist for the POR:
