

approves this combined information collection package (0579–0230), APHIS will retire OMB control numbers 0579–0395 and 0579–0396.

We are asking OMB to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 1 hour per response.

Respondents: Full-time, salaried veterinary officers employed by the governments of Brazil, Chile, and Mexico; industry representatives; and U.S. importers.

Estimated annual number of respondents: 92.

Estimated annual number of responses per respondent: 640.

Estimated annual number of responses: 58,959.

Estimated total annual burden on respondents: 58,996 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 17th day of March 2020.

Michael Watson

Acting Administrator, Animal and Plant Health Inspection Service.

SUPPLEMENTARY INFORMATION:

Title: State Meat and Poultry Programs.

OMB Number: 0583–0170.

Expiration Date of Approval: 7/31/2020.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has statutory authority under the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), to set national standards for meat and poultry inspection (MPI). Section 301(c) of the FMIA (21 U.S.C. 661(c)) and section 5(c) of the PPIA (21 U.S.C. 454(c)) authorize the Secretary of Agriculture (Secretary) to designate a state as one in which the provisions of Titles I and IV of the FMIA and sections 1–4, 6–11, and 12–22 of the PPIA will apply to operations and transactions wholly within the state after the Secretary has determined that requirements at least “equal to” those imposed under the Acts have not been developed and effectively enforced by the state. Under a cooperative agreement with FSIS, states may operate their own MPI programs (*i.e.*, meat, poultry, or both; egg products are excluded) provided they meet and enforce requirements “at least equal to” those imposed under the FMIA and PPIA. FSIS is responsible for certifying and monitoring that participating states meet the MPI program’s “at least equal to” standard.¹

FSIS is announcing its intention to request renewal of the approved information collection regarding State Meat and Poultry programs. FSIS collects information from State Meat and Poultry Inspection programs to ensure that their programs operate in a manner that is at least equal to FSIS’s Federal inspection program in the protection of public interest; comply with requirements of Federal civil rights laws and regulations; meet necessary laboratory quality assurance standards and testing frequencies; and have the capability to perform microbiology and food chemistry methods that are “at least equal to” methods performed in

¹ FSIS also administers a voluntary cooperative inspection program under which state-inspected establishments in participating states with 25 or fewer employees are eligible to ship meat and poultry products in interstate commerce (21 U.S.C. 683 and U.S.C. 472) (9 CFR 321.3, Part 332, 381.187, and Part 381 Subpart Z). FSIS collects information for this program under OMB Control Number 0583–0143.

the FSIS laboratories. There are no changes to the existing information collection. The approval for this information collection will expire on July 31, 2020.

Twenty-seven states have MPI programs that operate under a cooperative agreement with FSIS and are subject to the comprehensive state review process. Comprehensive reviews of State MPI programs are conducted by an interdisciplinary team of FSIS Auditors from the Office of Investigation, Enforcement and Audit (OIEA), the Financial Management Division (FMD), the Civil Rights Staff (CRS), and the Office of Public Health Science Laboratory Quality Assurance Staff (LQAS). There are nine review components that make up the comprehensive state review process. The components are as follows: Component 1—Statutory Authority and Food Safety Regulations; Component 2—Inspection; Component 3—Sampling Programs; Component 4—Staffing, Training, and Supervision; Component 5—Humane Handling; Component 6—Compliance; Component 7—Laboratory Quality Assurance Program and Methods; Component 8—Civil Rights; and Component 9—Financial Accountability.

For each of the first six components, State MPI programs submit annual self-assessment documentation to FSIS to demonstrate that the State MPI program is meeting the “at least equal to” Federal inspection requirements. Each component of the annual self-assessment includes a written narrative statement and documentation demonstrating that the program continuously meets the criteria to be “at least equal to” the Federal inspection program. State MPI programs also submit sufficient documentation to demonstrate that the program either follows current FSIS statutes, regulations, applicable directives and notices, and has implemented any changes necessary to maintain the “at least equal to” status or that the State MPI program has an effective, analogous program that would also be “at least equal to” the Federal inspection program. All State MPI programs need to demonstrate they operate in a manner that protects the health and welfare of consumers by ensuring that the meat and poultry products distributed by the establishments in the program are wholesome, not adulterated, and properly marked, labeled, and packaged.

The annual self-assessment submission also includes one or more narratives describing the internal controls used by the State MPI program that: (1) Provide assurances and can

measure the effectiveness of the program under the “at least equal to” criteria; (2) demonstrate how non-conformances will be addressed by corrective actions; and (3) demonstrate how the State MPI program will be maintained throughout the next 12 months.

For Component 7 of the comprehensive state review process, states submit documentation of their laboratory quality assurance programs and methods. States document their laboratory quality assurance program activities on the FSIS Form 5720–14, *State Meat and Poultry Inspection Program Laboratory Quality Management System Checklist*. States submit copies of new or revised laboratory analytical methods accompanied by a FSIS Form 5720–15, *Laboratory Method Notification Form*.

For Component 8 of the comprehensive state review process, states submit documentation of their Civil Rights compliance. States receive FSIS monies to operate their MPI programs, and as such, are subject to the nondiscrimination provisions of Title VI, Title IX, Section 504 of the Rehabilitation Act of 1973 and the Age Discrimination Act of 1975. In order to assess the 27 states’ compliance with these provisions, FSIS requests information on the states’ civil rights programs and controls on FSIS Form 1520.1—*Civil Rights Compliance of State Inspection Programs*. This form requests information regarding nine areas of civil rights compliance, which include: (1) Civil Rights Assurances; (2) State Infrastructure and Program Accountability; (3) Public Notification; (4) Racial and Ethnic Data Collection; (5) Civil Rights Complaints of Discrimination; (6) Civil Rights Training; (7) Disability Compliance, (8) Limited English Proficiency; and (9) Compliance with the Age Discrimination Act of 1975. The form allows states to: (1) Document management controls they have implemented and maintained with regard to these nine categories and (2) document how their overall civil rights program constitutes a civil rights program “at least equal to” the FSIS Federal program.

FSIS requests documentation concerning all components of the self-assessment and completion of these forms annually. Submission of the completed forms is due by November 1 each year to the Coordinators from OIEA, FMD, CRS and LQAS. In each submission, states respond to all questions and report on programs and activities implemented and maintained

during the prior fiscal year (October 1 through September 30).

In addition to the annual self-assessment submission, State MPI programs are subject to an on-site review at a minimum frequency of once every three years to verify the accuracy and implementation of the self-assessment submissions. In the year that a State MPI program is scheduled for an on-site review, FSIS closely examines records from the State MPI program in order to determine annually whether the program is “at least equal to” the Federal inspection program.

Additionally, State MPI programs submit FSIS Form 5720–15, *Laboratory Method Notification Form* whenever a state lab revises or adds a new method for MPI program testing. FSIS has made the following estimates on the basis of an information collection assessment.

Estimate of Burden: FSIS estimates that it will take each respondent an average of 255 hours to complete the forms and narratives.

Respondents: State MPI Directors, Program Managers, and/or Human Resources Officials.

Estimated No. of Respondents: 27 respondents.

Estimated No. of Annual Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 6,887 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250–3700; (202) 720–5627.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS’s functions, including whether the information will have practical utility; (b) the accuracy of FSIS’s estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.

Responses to this notice will be summarized and included in the request

for OMB approval. All comments will also become a matter of public record.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <http://www.fsis.usda.gov/federal-register>.

FSIS will also announce and provide a link to this **Federal Register** publication through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS can provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <http://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.

Food and Nutrition Service

Child Nutrition Programs: Income Eligibility Guidelines

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: This notice announces the Department's annual adjustments to the Income Eligibility Guidelines to be used in determining eligibility for free and reduced price meals and free milk for the period from July 1, 2020 through June 30, 2021. These guidelines are used by schools, institutions, and facilities participating in the National School Lunch Program (and Commodity School Program), School Breakfast Program, Special Milk Program for Children, Child and Adult Care Food Program and Summer Food Service Program. The annual adjustments are required by section 9 of the Richard B. Russell National School Lunch Act. The guidelines are intended to direct benefits to those children most in need and are revised annually to account for changes in the Consumer Price Index.

DATES: Implementation July 1, 2020.

FOR FURTHER INFORMATION CONTACT: J. Kevin Maskornick, Program Monitoring and Operational Support Division, Child Nutrition Programs, Food and Nutrition Service, United States Department of Agriculture, 1320 Braddock Place, Suite 401, Alexandria, Virginia 22314.

SUPPLEMENTARY INFORMATION: This action is not a rule as defined by the Regulatory Flexibility Act (5 U.S.C. 601-612) and thus is exempt from the provisions of that Act.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), no recordkeeping or reporting requirements have been included that are subject to approval from the Office of Management and Budget.

This notice has been determined to be not significant and was not reviewed by the Office of Management and Budget in conformance with Executive Order

12866. The affected programs are listed in the Assistance Listings (<https://beta.sam.gov/>) under No. 10.553, No. 10.555, No. 10.556, No. 10.558, and No. 10.559 and are subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials. (See 2 CFR part 415).

Background

Pursuant to sections 9(b)(1) and 17(c)(4) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1758(b)(1) and 42 U.S.C. 1766(c)(4)), and sections 3(a)(6) and 4(e)(1)(A) of the Child Nutrition Act of 1966 (42 U.S.C. 1772(a)(6) and 1773(e)(1)(A)), the Department annually issues the Income Eligibility Guidelines for free and reduced price meals for the National School Lunch Program (7 CFR part 210), the Commodity School Program (7 CFR part 210), School Breakfast Program (7 CFR part 220), Summer Food Service Program (7 CFR part 225) and Child and Adult Care Food Program (7 CFR part 226) and the guidelines for free milk in the Special Milk Program for Children (7 CFR part 215). These eligibility guidelines are based on the Federal income poverty guidelines and are stated by household size. The guidelines are used to determine eligibility for free and reduced price meals and free milk in accordance with applicable program rules.

Definition of Income

In accordance with the Department's policy as provided in the Food and Nutrition Service publication *Eligibility Manual for School Meals*, "income," as the term is used in this notice, means income before any deductions such as income taxes, Social Security taxes, insurance premiums, charitable contributions, and bonds. It includes the following: (1) Monetary compensation for services, including wages, salary, commissions or fees; (2) net income from nonfarm self-employment; (3) net income from farm self-employment; (4) Social Security; (5) dividends or interest on savings or bonds or income from estates or trusts; (6) net rental income; (7) public assistance or welfare payments; (8) unemployment compensation; (9) government civilian employee or military retirement, or pensions or veterans payments; (10) private pensions or annuities; (11) alimony or child support payments; (12) regular contributions from persons not living in the household; (13) net royalties; and (14) other cash income. Other cash income would include cash amounts received or withdrawn from any source including savings,
