BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

Federal Advisory Committee Act; Technological Advisory Council

AGENCY: Federal Communications Commission.

ACTION: Amendment to Notice of public meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, this notice advises interested persons that the Federal Communications Commission's (FCC or Commission) Technological Advisory Council (TAC) will hold its fourth meeting via live internet link.

DATES: Tuesday March 24, 2020.

ADDRESSES: The Meeting will be held via conference call and available to the public via the internet at <http://www.fcc.gov/live>.

FOR FURTHER INFORMATION CONTACT: Michael Ha, Chief, Policy and Rules Division 202-418-2099; michael.ha@fcc.gov.

SUPPLEMENTARY INFORMATION: The notice of this meeting was first published in the **Federal Register** on March 5, 2020. This amendment is to inform the public that the meeting will be held electronically only. The meeting will be held on Tuesday, March 24, 2020, from 10:00 a.m. to 3:00 p.m. EDT and may be viewed live, by the public, at <http://www.fcc.gov/live>. The meeting is being moved to a wholly electronic format in light of travel restrictions affecting members of the TAC related to the ongoing increase in coronavirus (COVID-19) cases.

At the March 24th meeting, the FCC Technological Advisory Council will hear presentations from its four working groups: 5G/IOT/V-RAN, Future of Unlicensed Operations, Artificial Intelligence, and 5G Radio Access Network Technology. The Commission will provide audio and/or video coverage of the meeting over the internet from the FCC's web page at <http://www.fcc.gov/live>. The public may submit written comments before the meeting to: Michael Ha, the FCC's Designated Federal Officer for Technological Advisory Council by email: michael.ha@fcc.gov or U.S. Postal

Service Mail (Michael Ha, Federal Communications Commission, Room 2-A665, 445 12th Street SW, Washington, DC 20554). Open captioning will be provided for this event. Other reasonable accommodations for people with disabilities are available upon request. Requests for such accommodations should be submitted via email to fcc504@fcc.gov or by calling the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (tty). Such requests should include a detailed description of the accommodation needed. In addition, please include a way for the FCC to contact the requester if more information is needed to fill the request. Please allow at least five days' advance notice for accommodation requests; last minute requests will be accepted, but may not be possible to accommodate.

Good Cause for Late Notice: This Amendment to Notice of public meeting is being published less than 15 days before the meeting date of March 24, 2020. There is good cause for this late notice. Specifically, the recent developments in the spread of COVID-19 have led the Commission to conclude that, in an abundance of caution, an electronic meeting is appropriate. The Commission has also announced this amendment to the public meeting by Public Notice posted on the Commission's website at <https://www.fcc.gov/document/fcc-announces-next-meeting-technological-advisory-council-0>.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1149; FRS 16558]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the

following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before May 19, 2020. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1149.

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals or households, business or other for-profit, not-for-profit institutions, and state, local, or tribal government.

Number of Respondents and Responses: 259,600 respondents and 259,600 responses.

Estimated Time per Response: .166 hours (10 minutes).

Frequency of Response: One-time reporting requirement.

Obligation To Respond: Voluntary.

Total Annual Burden: 43,267 hours.

Total Annual Cost: No Cost.

Nature and Extent of Confidentiality: Responses to feedback instruments will be confidential.

Privacy Act Impact Assessment: There is no Privacy Act impact as personally identifiable information (PII) will not be collected.

Needs and Uses: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or change in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management. Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods of assessing potential nonresponse bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before May 19, 2020. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

OMB Control Number: 3060-1270.

Title: Protecting National Security Through FCC Programs.

Form Number: N/A.

Type of Review: Extension of currently approved information collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 2,257 respondents; 2,257 responses.

Estimated Time per Response: 3 hours.

Frequency of Response: One-time reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 1.4(b)(1), 1.103(a), 151-154, 201(b), 229, 254, and 1004.

Total Annual Burden: 6,771 hours.

Total Annual Cost: No Cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission will consider the potential confidentiality of any information submitted, particularly where public release of such information could raise security concerns (e.g., granular location information). We expect, however, that the public interest in knowing whether a carrier uses or owns equipment or services from Huawei or ZTE would significantly outweigh any interest the carrier would have in keeping such information confidential. Respondents may request materials or information submitted to the Commission or to the Universal Service Administrative Company be withheld from public inspection under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: The Commission will submit this information collection to the Office of Management and Budget (OMB) as an extension during this comment period to obtain the full three-year clearance from OMB. Under this information collection, the Commission proposes to collect information to determine the extent to which potentially prohibited equipment exists in current networks and the costs associated with removing such equipment and replacing it with equivalent equipment. The Communications Act of 1934, as amended, requires the "preservation and advancement of universal service." 47 U.S.C. 254(b). The information collection requirements reported under this collection are the result of Commission actions to promote the Act's universal service goals. On November 22, 2019, the Commission adopted a Report and Order, Further Notice of Proposed Rulemaking, and Order, WC Docket No. 18-89, FCC 19-121 (*Protecting Against National*
