DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Summary Notice No. 2020–10]

Petition for Exemption; Summary of Petition Received; ATK Launch Systems, Inc.

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: This notice contains a summary of a petition seeking relief from specified requirements of Federal Aviation Regulations. The purpose of this notice is to improve the public's awareness of, and participation in, the FAA's exemption process. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on this petition must identify the petition docket number and must be received on or before April 9, 2020.

ADDRESSES: Send comments identified by docket number FAA–2019–1058 using any of the following methods:

- Federal eRulemaking Portal: Go to http://www.regulations.gov and follow the online instructions for sending your comments electronically.
- Mail: Send comments to Docket Operations, M–30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.
- Hand Delivery or Courier: Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.
- Fax: Fax comments to Docket Operations at (202) 493–2251.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to http://www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at http://www.dot.gov/privacy.

Docket: Background documents or comments received may be read at http://www.regulations.gov at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Jake Troutman, (202) 683–7788, Office of Rulemaking, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC, on March 16, 2020.

Brandon Roberts, Deputy Executive Director, Office of Rulemaking.

Petition for Exemption

Petitioner: ATK Launch Systems, Inc.

Section(s) of 14 CFR Affected: part 21, Subpart H §§ 43.7; 43.11; 45.29; 61.113(a) & (b); 91.9(b)(2) & (c); 91.105; 91.109; 91.121; 91.203(a) & (b); 91.403; 91.405(a); 91.407(a)(1); 91.409(a)(1) & (2); & 91.417(a) & (b).

Description of Relief Sought: Pursuant to 49 U.S.C. 44807, the proposed exemption, if granted, would allow the petitioner to facilitate sensory and payload testing with the Dakota unmanned aircraft systems (UAS) in support of programs operated by the Space Dynamics Lab at Utah State University. A grant would allow operation of the Dakota UAS, with a maximum gross weight of 265 pounds, manufactured by Geneva Aerospace/L–3 Communications, in the area including and adjacent to their privately-owned airstrip near Promontory, Utah, or as otherwise prescribed in an Air Traffic Organization issued Certificate of Waiver or Authorization. All operations will occur in the daytime within visual line of sight. The aircraft will be launched and recovered by conventional runway takeoff and landing. Its power plant is a two-cylinder, two cycle, gasoline-powered engine. The aircraft also uses a CloudCap Piccolo SL autopilot and ground station. The UAS will not be operated over 95 knots groundspeed. [FR Doc. 2020–05983 Filed 3–19–20; 8:45 am]
than thirty days after the publication of this notice. The 1.35± acres of property is not contiguous to the airfield or located within the runway protection zone and located on the east quadrant of airport property adjacent to Autauga County Highway 29. A deed restriction or easement for obstruction clearing will remain on the 1.35± acres. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project at Prattville Grouby Field Airport (1A9).

Any person may inspect the request in person at the FAA office listed above under FOR FURTHER INFORMATION CONTACT. In addition, any person may, upon request, inspect the request, notice and other documents germane to the request in person at the Prattville Grouby Field Airport (1A9).

Issued in Jackson, Mississippi on March 3, 2020.

William J. Schuller,
Acting Manager, Jackson Airports District Office Southern Region.

Federal Aviation Administration

[Docket No. FAA–2020–0281]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Certification of Repair Stations, Part 145 of Title 14, CFR

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The information collection is required to receive the benefit of obtaining an FAA Air Agency Certificate, known as a certificated repair station. The collection involves the applicant entering information onto and submitting the FAA Form 8310–3. Application for Repair Station Certificate/and or Rating to the appropriate FAA field office. Persons requesting to obtain an initial Air Agency Certificate to operate as an FAA certificated repair station or request changes to an existing repair station (air agency) certificate do so by submitting the request through the submission of the FAA Form 8310–3. This form is available to the applicant/respondent via www.faa.gov, email, in person, or by mail.

The FAA Form 8310–3, Application for Repair Station Certificate and/or Ratings captures information such as, but not limited to; official name of repair station, location where business is conducted, official mailing address, any doing business as name, changes in ratings, or if initial certification, ratings sought, changes in location or housing and facilities, change in name or ownership, or any other purpose for which the applicant requests, including a request for approval to contract maintenance functions to outside entities.

The FAA has identified an inaccuracy in how burden calculations are determined associated with initial repair station certifications and subsequent changes to an existing repair station certificate. The FAA has identified that the information collected through the FAA Form 8310–3 does not capture the entire repair station certification activities or changes to an existing certificate. OMB Control Number 2120–0682 is not only authorizing the Agency to receive information collected on the FAA Form 8310–3, but should also encapsulate the entire calculation burden associated with repair station certification and subsequent changes to an existing certificate.

Once burden calculations associated with repair station certification activities are properly assessed, the FAA will publish a new notice to the Federal Register capturing the entire burden calculation for repair station certification and subsequent changes to an existing certificate.

DATES: Written comments should be submitted by

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB’s clearance of this information collection.

OMB Control Number: 2120–0682.

Title: Certification of Repair Stations, Part 145 of Title 14, CFR.

Form Numbers: FAA Form 8310–3.

Type of Review: Clearance of a renewal of an information collection.

Background: The FAA’s authority to issue rules on aviation safety is found in Title 49 of the United States Code. Subtitle I, section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. Rulemaking was promulgated under the authority described in title 49, subtitle VII, part A, subpart III, section 44701, General requirements, and section 44707, Examining and rating air agencies. Under section 44701, the FAA may prescribe regulations and standards in the interest of safety for inspecting, servicing, and overhauling aircraft, aircraft engines, propellers, and appliances. The FAA may also prescribe equipment and facilities for, and the timing and manner of, inspecting, servicing, and overhauling these items. Under section 44707, the FAA may examine and rate repair stations. 14 Part 145 is within the scope of section 44707.

14 CFR part 145 prescribes the requirements for the issuance of repair station certificates. The FAA Form 8310–3, Application for Repair Station Certificate and/or Rating is available to the applicant who wishes to obtain initial repair station certification or submit changes to an existing air agency certificate. The applicant voluntarily submits the application to the appropriate FAA office by mail or email for review and acceptance. The applicant enters the information required for certification or changes to the existing certificate, which consists of; official name of repair station, location where business is conducted, official mailing address, any doing business as name, changes in ratings, or if initial certification, ratings sought, changes in location or housing and facilities, change in name or ownership, or any other purpose for which the applicant requests, including a request
