

as amended (the Act) and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the order on HR Steel from the Netherlands with respect to Tata Steel Ijmuiden BV.⁴ On February 21, 2020, the petitioners timely withdrew their request for an administrative review of Tata Steel Ijmuiden BV.⁵ Commerce received no other requests for an administrative review of the antidumping duty order.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review “in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review.” The petitioners withdrew their request for review within 90-days of the publication date of the *Initiation Notice*. Because we received no other requests for review of Tata Steel Ijmuiden BV, and no other requests for the review of the order on HR Steel from the Netherlands with respect to other companies subject to the order, we are rescinding the administrative review of the order in its entirety, in accordance with 19 CFR 351.213(d)(1).

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of HR Steel products from the Netherlands during the POR at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties

occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Lightweight Thermal Paper From the People’s Republic of China: Final Results of the Expedited Second Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on lightweight thermal paper from the People’s Republic of China (PRC) would be likely to lead to continuation or recurrence of countervailable subsidies.

DATES: Applicable March 20, 2020.

FOR FURTHER INFORMATION CONTACT: Dusten Hom or Mary Kolberg, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482–5075 or (202) 482–1785, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 24, 2008, Commerce published the countervailing duty order on lightweight thermal paper from the

People’s Republic of China.¹ On December 2, 2019, Commerce published the initiation of the second sunset review of this order, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On December 13, 2019, Commerce received a notice of intent to participate from Appvion Operations, Inc. (Appvion) and Kanzaki Specialty Papers Inc. (Kanzaki) within the deadline specified in 19 CFR 351.218(d)(1)(i).³ Appvion and Kanzaki (domestic interested parties) claimed interested party status under section 771(9)(C) of the Act as producers of lightweight thermal paper in the United States.

On December 23, 2019, Commerce received an adequate substantive response from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3).⁴ Commerce did not receive any submissions from any other interested parties. Because Commerce did not receive a substantive response from either the Government of China (GOC) or the respondent interested parties who are producers or exporters of lightweight thermal paper, we determined that respondent interested parties provided inadequate responses to Commerce’s notice of initiation.

On December 23, 2019, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties.⁵ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)–(C), Commerce is conducting an expedited (120-day) sunset review of the *CVD Order*.

Scope of the Order

Imports covered by the *Order* are shipments of certain lightweight thermal paper, which is thermal paper with a basis weight of 70 grams per square meter (g/m²) (with a tolerance of

Certain lightweight thermal paper is typically (but not exclusively) used in point-of-sale applications such as ATM receipts, credit card receipts, gas pump receipts, and retail store receipts.

The merchandise subject to this order may be classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 4811.90.9035, 4811.90.9080, 4811.59.2000, 4820.10.20, 4823.40.0000, 3703.10.60, 4811.90.8030, 4811.90.8040, 4811.90.8050, 4811.90.9030, 4811.90.9050, and 4811.90.9090.^{10 11} Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Analysis of Comments Received

All issues raised in this review are addressed in the Issues and Decision Memorandum,¹² which is dated

⁶Lightweight thermal paper is typically produced in jumbo rolls that are slit to the specifications of the converting equipment and then converted into finished slit rolls. Both jumbo and converted rolls (as well as LWTP in any other form, presentation, or dimension) are covered by the scope of this order.

⁷A base coat, when applied is typically made of clay and/or latex like materials and is intended to cover the rough surface of the paper substrate and to provide insulating value.

⁸A thermal active coating is typically made of sensitizer, dye, and co-reactant.

⁹A top coat, when applied is typically made of polyvinyl acetone, polyvinyl alcohol, and/or like materials and is intended to provide environmental protection, an improved surface for press printing, and/or wear protection for the thermal print head.

¹⁰HTSUS subheading 4811.90.8000 was a classification used for lightweight thermal paper until January 1, 2007. Effective that date, subheading 4811.90.8000 was replaced with 4811.90.8020 (for gift wrap, anon-subject product) and 4811.90.8040 (for “other” including lightweight thermal paper). HTSUS subheading 4811.90.8000 was a classification for lightweight thermal paper until July 1, 2005. Effective that date, subheading 4811.90.9000 was replaced with 4811.90.9010 (for tissue paper, a non-subject product) and 4811.90.9090 (for “other”, including lightweight thermal paper).

¹¹As of January 1, 2009, the International Trade Commission deleted HTSUS subheadings 4811.90.8040 and 4811.90.9090 and added HTSUS subheadings 4811.90.8030, 4811.90.8050, 4811.90.9030, and 4811.90.9050 to the Harmonized Tariff Schedule of the United States (2009). See Harmonized Tariff Schedule of the United States (2009), available at www.usitc.gov. These HTSUS subheadings were added to the scope of the order in lightweight thermal paper’s LTFV investigation.

Final Results of Review

Pursuant to sections 751(c)(1) and 752(b)(1) and (3) of the Act, we determine that revocation of the *CVD Order* would be likely to lead to continuation or recurrence of countervailable subsidies at the following net countervailable subsidy rates:

Manufacturers/producers/exporters	Net subsidy rate (percent)
Guangdong Guanbao High-Tech Co., Ltd	13.63
Shenzhen Yuanming Industrial Development Co., Ltd	138.53
MDCN Technology Co., Ltd.	124.93
Xiamen Anne Paper Co., Ltd	124.93
All Others	13.63
