as amended (the Act) and 19 CFR 351.221(c)(1)(i)). We initiated an administrative review of the order on HR Steel from the Netherlands with respect to Tata Steel Steel Ijmuiden BV. On February 21, 2020, the petitioners timely withdrew their request for an administrative review of Tata Steel Steel Ijmuiden BV. Commerce received no other requests for an administrative review of the antidumping duty order.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review "in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." The petitioners withdrew their request for review within 90-days of the publication date of the Initiation Notice. Because we received no other requests for review of Tata Steel Steel Ijmuiden BV, and no other requests for the review of the order on HR Steel from the Netherlands with respect to other companies subject to the order, we are rescinding the administrative review of the order in its entirety, in accordance with 19 CFR 351.213(d)(1).

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of HR Steel products from the Netherlands during the POR at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the Federal Register.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF COMMERCE
International Trade Administration

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on lightweight thermal paper from the People’s Republic of China (PRC) would be likely to lead to continuation or recurrence of countervailable subsidies.

FOR FURTHER INFORMATION CONTACT: Dusten Hom or Mary Kolberg, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482–5075 or (202) 482–1785, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 24, 2008, Commerce published the countervailing duty order on lightweight thermal paper from the People’s Republic of China. On December 2, 2019, Commerce published the initiation of the second sunset review of this order, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). On December 13, 2019, Commerce received a notice of intent to participate from Appvion Operations, Inc. (Appvion) and Kanzaki Specialty Papers Inc. (Kanzaki) within the deadline specified in 19 CFR 351.218(d)(1)(i)). Appvion and Kanzaki (domestic interested parties) claimed interested party status under section 771(9)(C) of the Act as producers of lightweight thermal paper in the United States.

On December 23, 2019, Commerce received an adequate substantive response from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3). Commerce did not receive any submissions from any other interested parties. Because Commerce did not receive a substantive response from either the Government of China (GOC) or the respondent interested parties who are producers or exporters of lightweight thermal paper, we determined that respondent interested parties provided inadequate responses to Commerce’s notice of initiation.

On December 23, 2019, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(C), Commerce is conducting an expedited (120-day) sunset review of the CVD Order.

Scope of the Order

Imports covered by the Order are shipments of certain lightweight thermal paper, which is thermal paper with a basis weight of 70 grams per square meter (g/m2) (with a tolerance of

concurrently with and thereby adopted by this notice. The issues discussed in the Issues and Decision Memorandum are the likelihood of continuation or recurrence of a countervailable subsidy and the net countervailable subsidy likely to prevail if the order were revoked. ACCESS is available to registered users at http://access.trade.gov and to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.
