SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: HOME Investment Partnerships Program.

OMB Approval Number: 2506-0171.

Type of Request: Extension of Approved Collection.

Form Number: HUD 40093, SF 1199A, HUD 20755, HUD 40107, HUD 40107A.

Description of the need for the information and proposed use: The information collected through HUD's Integrated Disbursement and Information System (IDIS) (24 CFR 92.502) is used by HUD Field Offices, HUD Headquarters, and HOME Program Participating Jurisdictions (PJs). The information on program funds committed and disbursed is used by HUD to track PJ performance and to determine compliance with the statutory 24-month commitment deadline and the regulatory 5-year expenditure deadline (§ 92.500(d)). The project-specific property, tenant, owner, and financial data is used to compile annual reports to Congress required at

Section 284(b) of the HOME Investment Partnerships Act, as well as to make program management decisions about how well program participants are achieving the statutory objectives of the HOME Program. Program management reports are generated by IDIS to provide data on the status of program participants' commitment and disbursement of HOME funds. These reports are provided to HUD staff as well as to HOME PJs.

Management reports required in conjunction with the Annual Performance Report (§ 92.509) are used by HUD Field Offices to assess the effectiveness of locally designed programs in meeting specific statutory requirements and by Headquarters in preparing the Annual Report to Congress. Specifically, these reports permit HUD to determine compliance with the requirement that PJs provide a 25 percent match for HOME funds expended during the Federal fiscal year (Section 220 of the Act) and that program income be used for HOME eligible activities (Section 219 of the Act), as well as the Women and Minority Business Enterprise requirements (§ 92.351(b)).

Financial, project, tenant and owner documentation is used to determine compliance with HOME Program cost limits (Section 212(e) of the Act), eligible activities (§ 92.205), and eligible costs (§ 92.206), as well as to determine whether program participants are achieving the income targeting and affordability requirements of the Act (Sections 214 and 215). Other information collected under Subpart H (Other Federal Requirements) is primarily intended for local program management and is only viewed by HUD during routine monitoring visits. The written agreement with the owner for long-term obligation (§ 92.504) and tenant protections (§ 92.253) are required to ensure that the property owner complies with these important elements of the HOME Program and are also reviewed by HUD during monitoring visits. HUD reviews all other data collection requirements during monitoring to assure compliance with the requirements of the Act and other related laws and authorities.

HUD tracks PJ performance and compliance with the requirements of 24 CFR parts 91 and 92. PJs use the required information in the execution of their program, and to gauge their own performance in relation to stated goals.

Respondents (i.e., affected public): State and local government participating jurisdictions.

Copies of available documents submitted to OMB may be obtained from Lisa Steinhauer.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Housing Opportunities for Persons With AIDS (HOPWA): Grant Application Submission, Recordkeeping, and Reporting.

OMB Approval Number: 2506-0133.

Type of Request: Revision of currently approved collection.

Form Number: HUD-40110-B, HUD-40110-C, HUD-40110-D, SF-424, SF-LLL, and HUD-2991.

Description of the need for the information and proposed use: The current Paperwork Reduction Act approval under OMB Control No. 2506-0133 covers both the HOPWA formula and competitive grant programs. The competitive grant program includes new competitive grants and renewal grants. This revision would only apply to reporting requirements for new competitive Special Projects of National Significance (SPNS) grants.

The current approval covers reporting for new competitive SPNS grants through HUD-40110-C, the HOPWA Annual Performance Report (APR). This submission requests to add four data elements to be reported annually through the HIV Housing Care Continuum Model Report to be submitted annually and the Housing as an Intervention to Fight AIDS (HIFA) report to be submitted at the end of the grant period of performance. The additional reporting will allow HOPWA to share lessons learned and promising practices with the public, and uphold the purpose of SPNS grants to be replicable in other similar localities or nationally.

The data elements in the HIV Housing Care Continuum Model Report follow Center for Disease Control (CDC) definitions for the HIV Care Continuum and will allow SPNS grantees to collect standardized project data that can be used to compare outcomes with other projects. The HIV Housing Care Continuum Model report will require grantees to collect four client-level data elements for each person with diagnosed HIV receiving HOPWA assistance by type of assistance received through this NOFA. The data elements include:

1. *Receipt of Care.* Receipt of care is measured as a person with diagnosed HIV receiving HOPWA assistance under this NOFA who had at least one CD4 or viral load test during the operating year.

2. *Retained in Care.* Retained in care is measured as a person with diagnosed HIV receiving HOPWA assistance under this NOFA who had two or more CD4 or viral load tests, performed at least three months apart during the operating year.
