

regarding the licensing of, and granting of permits to, persons desiring to transact customs business as customs brokers. These regulations also include the qualifications required of applicants and the procedures for applying for licenses and permits. Section 111.11 of the U.S. Customs and Border Protection (CBP) regulations (19 CFR 111.11) sets forth the basic requirements for a broker's license, and in paragraph (a)(4) of that section provides that an applicant for an individual broker's license must attain a passing grade (75 percent or higher) on the examination.

Section 111.13 of the CBP regulations (19 CFR 111.13) sets forth the requirements and procedures for the examination for an individual broker's license and states that the customs broker's license examinations will be given on the fourth Wednesday in April and October unless the regularly scheduled examination date conflicts with a national holiday, religious observance, or other foreseeable event.

The unprecedented situation related to the coronavirus (COVID-19) has a nationwide impact on CBP's ability to conduct the customs broker's license examination. Testing facilities are being closed beyond CBP's control, and best practices for social distancing and limiting the size of gatherings militate against CBP attempting to establish alternative testing formats and sites. Accordingly, this document announces that the April 1, 2020 exam is postponed, and that the October exam date is still scheduled for October 8, 2020, as previously announced in a **Federal Register** notice (84 FR 71440) published on December 27, 2019. If another test date is identified, CBP will publish a notice in the **Federal Register** announcing that new date. In addition, CBP will continue to provide information on www.CBP.gov.

Dated: March 19, 2020.

Brenda B. Smith,

Executive Assistant Commissioner, Office of Trade.
