SUPPLEMENTARY INFORMATION: The Migrant and Seasonal Agricultural Worker Protection Act (MSPA) provides that no person shall engage in any farm labor contracting activity for any money or valuable consideration paid or given or to be paid or given to any other person is authorized to perform. See 29 U.S.C. 1802(7), 1811(a); 29 CFR 500.1(c), −20(i), −40. MSPA also provides that a Farm Labor Contractor (FLC) shall not hire, employ, or use any individual to perform farm labor contracting activities unless such individual has a certificate of registration from the Secretary of Labor specifying which farm labor contracting activities such person is authorized to perform. See 29 U.S.C. 1802(7), 1811(a); 29 CFR 500.1(c), −20(i), −40. MSPA also provides that a Farm Labor Contractor (FLC) shall not hire, employ, or use any individual to perform farm labor contracting activities unless such individual has a certificate of registration from the Secretary of Labor specifying which farm labor contracting activities such person is authorized to perform. See 29 U.S.C. 1811(a); 29 CFR 500.1(c). Form WH–530 is an application used to obtain a Farm Labor Contractor License. This information collection is currently approved for use through March 31, 2020. MSPA section 401 (29 U.S.C. 1841) requires, subject to certain exceptions, all Farm Labor Contractors (FLCs), Agricultural Employers (AGERs), and Agricultural Associations (AGASs) to ensure that any vehicle they use or cause to be used to transport or drive any migrant or seasonal agricultural worker conforms to safety and health standards prescribed by the Secretary of Labor under the MSPA and with other applicable Federal and State safety standards. These MSPA safety standards address the vehicle, driver, and insurance. The Wage and Hour Division (WHD) has created Forms WH–514, WH–514a, and WH–515, which allow FLC applicants to verify to the WHD that the vehicles used to transport migrant/seasonal agricultural workers meet the MSPA vehicle safety standards and that anyone who drives such workers meets the Act’s minimum physical requirements. The WHD uses the information in deciding whether to authorize the FLC/FLC Employee applicant to transport/drive any migrant/seasonal agricultural worker(s) to cause such transportation. Form WH–514 is used to verify that any vehicle used or caused to be used to transport any migrant/seasonal agricultural worker(s) meets the Department of Transportation (DOT) safety standards. When the adopted DOT rules do not apply, FLC applicants seeking authorization to transport any migrant/seasonal agricultural workers use Form WH–514a to verify that the vehicles meet the DOL safety standards and, upon the vehicle meeting the required safety standards, the form is completed. Form WH–515 is a doctor’s certificate used to document that a motor vehicle driver or operator meets the minimum DOT physical requirements that the DOL has adopted. For additional substantive information about this ICR, see the related notice published in the Federal Register on October 31, 2019 (84 FR 58413).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
