Notice to Electronic Information Exchange Partners To Provide Contractor List—0960-NEW. The Federal standards Privacy Act of 1974; E-Government Act of 2002; and the National Institute of Standard Special Publications 800-53-4, require SSA to maintain oversight of the information it provides to Electronic Information Exchange Partners (EIEPs). EIEPs obtain SSA data for the administration of federally funded and state-administered

programs. SSA has a responsibility to monitor and protect the personally identifiable information SSA shares with other Federal and State agencies, and private organizations through the Computer Matching and Privacy Protection Act, and the Information Exchange Agreements (IEA). Under the terms of the State Transmission Component IEA, and agency IEA, EIEPs agree to comply with Electronic Information Exchange security requirements and procedures for State and local Agencies exchanging electronic information with SSA. SSA's Technical Systems Security Requirements document provides all agencies using SSA data ensure SSA information is not processed; maintained; transmitted; or stored in electronic devices; computers; or computer networks located in geographic or virtual areas not subject to U.S. law, or stored by means of a data communications channel. SSA conducts tri-annual compliance reviews of all State and local agencies, and Tribes with whom we have an IEA, to verify appropriate security safeguards remain in place to protect the confidentiality of information SSA supplies. SSA requires any organization with an electronic data exchange agreement, to provide the SSA Regional Office contact a current list of contractors, or agents, who have access to SSA data upon request. SSA uses Form SSA-731, Notice to Electronic Information Exchange Partners to Provide Contractor List to collect this. The respondents are Federal agencies, and state, local, or tribal agencies, who exchange electronic information with SSA.

Type of Request: Request for a new information collection.
