

Administration, 7519 Standish Pl.,
Rockville, MD 20855, 240-402-5761,
sujaya.dessai@fda.hhs.gov.

SUPPLEMENTARY INFORMATION: Norbrook
Laboratories, Ltd., Station Works,
Newry BT35 6JP, Northern Ireland, has
requested that FDA withdraw approval

of the NADAs listed in the following
table because the products are no longer
manufactured or marketed:

File No.	Product name	21 CFR section
055-036	PRINCILLIN (ampicillin trihydrate) Capsules	520.90c.
055-050	PRINCILLIN (ampicillin trihydrate) Soluble Powder	520.90e.
055-056	PRINCILLIN (ampicillin trihydrate) Bolus	520.90f.
055-061	PRINCILLIN "125" For Oral Suspension	520.90d.
055-068	BOVICLOX (cloxacillin benzathine)	526.464b.
065-013	Dihydrostreptomycin (dihydrostreptomycin sulfate)	522.650.
065-493	JETPEN (penicillin G benzathine and penicillin G procaine) Aqueous Suspension	522.1696a.
065-500	TANDEM PEN (penicillin G procaine)	522.1696b.

Therefore, under authority delegated to the Commissioner of Food and Drugs and in accordance with § 514.116 *Notice of withdrawal of approval of application* (21 CFR 514.116), notice is given that approval of NADAs 055-036, 055-050, 055-056, 055-061, 055-068, 065-013, 065-493, and 065-500, and all supplements and amendments thereto, is withdrawn, effective March 30, 2020.

Elsewhere in this issue of the **Federal Register**, FDA is amending the animal drug regulations to reflect the voluntary withdrawal of approval of these applications.

Dated: March 25, 2020.

Lowell J. Schiller,

Principal Associate Commissioner for Policy.

[FR Doc. 2020-06689 Filed 3-30-20; 8:45 am]

BILLING CODE 4164-01-P

DEPARTMENT OF DEFENSE

Department of the Navy

32 CFR Part 716

[Docket ID: USN-2019-HQ-0016]

RIN 0703-AB23

Death Gratuity

AGENCY: Department of the Navy (DON), DoD.

ACTION: Final rule.

SUMMARY: This final rule removes the Department of the Navy (DON) regulation requiring the Secretary of the Navy to pay a death gratuity between \$800 and \$3,000 upon the death of a member of the naval service while on active duty, active duty for training, or inactive duty training. That benefit is enumerated in both U.S. Code and the Department of Defense (DoD) Financial Management Regulation. The DoD and DON have robust procedures for responding to the death of a service member. This part has been determined

to be duplicative of statute and internal policy, thus it should be removed from the CFR.

DATES: This rule is effective on April 1, 2020.

FOR FURTHER INFORMATION CONTACT: CDR Dave Melson at 703-697-1311.

SUPPLEMENTARY INFORMATION: 32 CFR part 716, "Death Gratuity," last updated on May 2, 1979 (44 FR 25647), contains information regarding DON payments of death gratuity. The Department of Defense publishes the policies, process and requirements around death gratuity payments in Chapter 36 of Volume 7A of the Financial Management Regulation (DoD 7000.14-R was updated March 2018 and is available at https://comptroller.defense.gov/Portals/45/documents/fmr/Volume_07a.pdf). Additionally, 10 U.S. Code 1475-1480 captures all current guidance related to the death gratuity. It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since this subject matter is already addressed in statute and by internal DoD policies and procedures that are publicly available on the Department's website.

This rule is not significant under Executive Order (E.O.) 12866, "Regulatory Planning and Review." Therefore, E.O. 13771, "Reducing Regulation and Controlling Regulatory Costs" does not apply.

Removal of this part supports a recommendation of the DoD Regulatory Reform Task Force.

List of Subjects in 32 CFR Part 716

Military personnel.

PART 716—[REMOVED]

■ Accordingly, by the authority of 5 U.S.C. 301, 32 CFR part 716 is removed.

Dated: March 26, 2020.

D.J. Antenucci,

*Commander, Judge Advocate General's Corps,
U.S. Navy, Federal Register Liaison Officer.*

[FR Doc. 2020-06694 Filed 3-31-20; 8:45 am]

BILLING CODE 3810-FF-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R04-OAR-2019-0294; FRL-10007-17-Region 4]

Air Plan Approval; Tennessee: Chattanooga NSR Reform

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is finalizing approval of revisions to the Tennessee State Implementation Plan (SIP) submitted through two letters dated June 25, 2008, and September 12, 2018. The SIP revisions were submitted by the Tennessee Department of Environment and Conservation (TDEC) on behalf of the Chattanooga/Hamilton County Air Pollution Control Bureau and modify the Prevention of Significant Deterioration (PSD) regulations in the Chattanooga portion of the Tennessee SIP to address changes to the federal new source review (NSR) regulations in recent years for the implementation of the national ambient air quality standards (NAAQS). Additionally, the SIP revisions include updates to Chattanooga's regulations of nitrogen oxides (NO_x) and other miscellaneous typographical and administrative updates. This action is being taken pursuant to the Clean Air Act (CAA or Act).

DATES: This rule is effective May 1, 2020.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA–R04–OAR–2019–0294. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Andres Febres, Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, Region 4, U.S. Environmental Protection Agency, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960. The telephone number is (404) 562–8966. Mr. Febres can also be reached via electronic mail at febres-martinez.andres@epa.gov.

SUPPLEMENTARY INFORMATION:

I. This Action

EPA is taking final action to approve changes to the Chattanooga-Hamilton County portion of the Tennessee SIP regarding PSD permitting, as well as updates to the regulations of NO_x and other miscellaneous typographical and administrative updates, submitted by TDEC on behalf of the Chattanooga/Hamilton County Air Pollution Control Bureau (Bureau) through two letters dated June 25, 2008, and September 12, 2018.^{1 2 3} EPA is finalizing approval of

portions of these SIP revisions that make changes to the Chattanooga City Code, Part II, Chapter 4, Article II, Section 4–41. Specifically, EPA is approving changes in Section 4–41, which include updates to Rule 2—*Regulation of Nitrogen Oxides*; Rule 9—*Regulation of Visible Emissions from Internal Combustion Engines*, and Rule 18—*Prevention of Significant Deterioration of Air Quality*.^{4 5 6 7}

Aside from making typographical and administrative corrections to some of the rules, these SIP revisions are meant to address changes to the federal NSR regulations, as promulgated by EPA in various rules and as described in EPA's February 11, 2020, notice of proposed rulemaking (NPRM). See 85 FR 7986. In the February 11, 2020, NPRM, EPA proposed to approve the aforementioned changes to Section 4–41, Rule 2—*Regulation of Nitrogen Oxides*, Rule 9—*Regulation of Visible Emissions from Internal Combustion Engines*, and Rule 18—*Prevention of Significant Deterioration of Air Quality* in the Chattanooga-Hamilton County portion

September 12, 2018, submittal. This letter is discussed in the proposed action (85 FR 7986) and is available in the Docket.

⁴ The list of SIP-approved rules for Chattanooga/Hamilton County, found at Table 4 of 40 CFR 52.2220(c), currently shows the title of Section 4–41, Rule 18 as “Prevention of Significant Air Quality Deterioration.” In this final rule, EPA is approving a change to this title to instead show “Prevention of Significant Deterioration of Air Quality.”

⁵ In this final action, EPA is also approving substantively identical changes from Chattanooga's Section 4–41, Rule 18, in the following sections of the Air Pollution Control Regulations/Ordinances for the remaining jurisdictions within the Bureau, which were locally effective as of the relevant dates below: Hamilton County—Section 41, Rule 18 (9/6/17); City of Collegedale—Section 14–341, Rule 18 (10/16/17); City of East Ridge—Section 8–41, Rule 18 (10/12/17); City of Lakesite—Section 14–41, Rule 18 (11/2/17); City of Red Bank—Section 20–41, Rule 18 (11/21/17); City of Soddy-Daisy—Section 8–41, Rule 18 (10/5/17); City of Lookout Mountain—Section 41, Rule 18 (11/14/17); City of Ridgeside Section 41, Rule 18 (1/16/18); City of Signal Mountain Section 41, Rule 18 (10/20/17); and Town of Walden Section 41, Rule 18 (10/16/17). However, changes to Chattanooga's Section 4–41, Rule 2 and Rule 9, only apply to the City of Chattanooga (12/12/07); Hamilton County—Section 8–541, Rules 2 and 9 (11/7/07); and City of Collegedale—Section 8–541, Rules 2 and 9 (1/22/08); therefore, EPA is not approving any corresponding Regulations/Ordinances for the remaining municipalities.

⁶ In the February 11, 2020, NPRM (85 FR 7686), EPA inadvertently misidentified the section numbers for: (1) Hamilton County's Rules 2 and 9, as Section 41; and (2) the City of Collegedale's Rules 2 and 9, as Section 14–341. The correct section number for both municipalities is Section 8–541.

⁷ Because the air pollution control regulations/ordinances adopted by the jurisdictions within the Bureau are substantively identical, EPA refers solely to Chattanooga and the Chattanooga rules throughout the notice as representative of the other jurisdictions for brevity and simplicity.

of the Tennessee SIP. The February 11, 2020, NPRM provides additional details regarding EPA's action. Comments on the February 11, 2020, NPRM were due on or before March 12, 2020. EPA received no adverse comments on the proposed action.

II. Incorporation by Reference

In this document, EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is finalizing the incorporation by reference of Chattanooga City Code, Part II, Chapter 4, Section 4–41, Rule 2—*Regulation of Nitrogen Oxides*; and Rule 9—*Regulation of Visible Emissions from Internal Combustion Engines*, both locally effective December 12, 2007; as well as Rule 18—*Prevention of Significant Deterioration of Air Quality*, locally effective October 3, 2017.^{8 9} The revisions are designed to address changes to the Federal NSR regulations in recent years for the implementation of the NAAQS and updates to Chattanooga's regulations of NO_x and other miscellaneous typographical and administrative updates. EPA has made, and will continue to make, these materials generally available through www.regulations.gov and at the EPA Region 4 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information). Therefore, these materials have been approved by EPA for inclusion in the State implementation plan, have been incorporated by reference by EPA into that plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of EPA's approval, and will be incorporated by reference in the next update to the SIP compilation.¹⁰

III. Final Action

EPA is taking final action to approve changes to Chattanooga's June 25, 2008, and September 12, 2018, SIP submittals, meant to address changes to the federal NSR regulations, as well as making typographical and administrative updates. Specifically, EPA is finalizing approval of changes to Chattanooga City Code, Part II, Chapter 4, Section 4–41, which include updates to Rule 2—

⁸ EPA's approval also includes regulations/ordinances submitted for the other ten jurisdictions within the Bureau. See *supra* notes 2 and 5.

⁹ In the February 11, 2020, NPRM (85 FR 7986), EPA inadvertently misidentified the locally effective dates for: (1) Chattanooga's Section 4–41, Rule 18, as January 23, 2017; and (2) the City of Lakesite's Section 14–41, Rule 18, as October 17, 2017. The correct dates are October 3, 2017, and November 2, 2017, respectively.

¹⁰ See 62 FR 27968 (May 22, 1997).

¹ EPA received the SIP revisions on July 8, 2008, and September 18, 2018, respectively.

² The Bureau is comprised of Hamilton County and the municipalities of Chattanooga, Collegedale, East Ridge, Lakesite, Lookout Mountain, Red Bank, Ridgeside, Signal Mountain, Soddy Daisy, and Walden. The Bureau recommends regulatory revisions, which are subsequently adopted by the eleven jurisdictions. The Bureau then implements and enforces the regulations, as necessary, in each jurisdiction.

³ On January 16, 2020, TDEC submitted, on behalf of the Bureau, a letter dated January 15, 2020, providing supplemental information for the

Regulation of Nitrogen Oxides; Rule 9—*Regulation of Visible Emissions from Internal Combustion Engines*, and Rule 18—*Prevention of Significant Deterioration of Air Quality*. EPA is approving changes into the Chattanooga portion of the Tennessee SIP because the changes are consistent with section 110 of the CAA.

IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. *See* 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. These actions merely approve state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, these actions:

- Are not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Are not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- Do not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Are certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Do not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Do not have Federalism implications as specified in Executive

Order 13132 (64 FR 43255, August 10, 1999);

- Are not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Are not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Are not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Do not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. These actions are not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by June 1, 2020. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. These actions may not be challenged later in proceedings to enforce its requirements. *See* section 307(b)(2).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: March 17, 2020.

Mary S. Walker,

Regional Administrator, Region 4.

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

- 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart RR—Tennessee

- 2. In § 52.2220, paragraph (c), amend table 4 by revising the entries for “Section 4–41, Rule 2,” “Section 4–41, Rule 9,” and “Section 4–41, Rule 18,” under the heading “Article II. Section 4–41 Rules, Regulations, Criteria, Standards” to read as follows:

§ 52.2220 Identification of plan.

BILLING CODE 6560–50–P

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency****44 CFR Part 64**

[Docket ID FEMA–2020–0005; Internal Agency Docket No. FEMA–8623]

Suspension of Community Eligibility**AGENCY:** Federal Emergency Management Agency, DHS.**ACTION:** Final rule.

SUMMARY: This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency

Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA's Community Status Book (CSB). The CSB is available at <https://www.fema.gov/national-flood-insurance-program-community-status-book>.

DATES: The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact Adrienne L. Sheldon, PE, CFM, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 400 C Street SW, Washington, DC 20472, (202) 212–3966.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase Federal flood insurance that is not otherwise generally available from private insurers. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood insurance unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. We recognize that some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual
