

potential new or exploratory fishing; 2 hours to apply for a harvesting permit; 5 minutes to transmit information by radio; 4 hours to install a vessel monitoring device (VMS); 2 hours for annual VMS maintenance; 45 minutes to mark a vessel; 40 minutes to mark buoys; 10 hours to mark pot gear; 6 minutes to mark trawl nets; 15 minutes to apply for a first receiver permit; 15 minutes to complete and submit a toothfish catch document; 15 minutes to apply for pre-approval of toothfish imports; 15 minutes to complete and submit re-export catch documents; 15 minutes to submit import tickets.

Burden Hours: 363.

Needs and Uses: This request is for revision of a currently approved information collection. As part of U.S. obligations to monitor and control the import, export, and re-export of Antarctic marine living resources, NOAA requires dealers to submit applications for pre-approval certifications of imports of frozen Patagonian and Antarctic toothfish (also referred to as Chilean sea bass) and reporting forms for air-shipped fresh imports of these species. These applications are currently available as fillable PDF forms. NOAA is revising this collection to allow these forms to be submitted in an on-line format. No other part of this collection will be revised.

The 1982 Convention on the Conservation of Antarctic Marine Living Resources (Convention) established the Commission for the Conservation of Antarctic Marine Living Resources (CCAMLR). The United States is a Contracting Party to the Convention. The Antarctic Marine Living Resources Convention Act (AMLRCA) directs and authorizes the United States to take actions necessary to meet its treaty obligations as a Contracting Party to the Convention. The regulations implementing AMLRCA are at 50 CFR part 300, subpart G. The record keeping and reporting requirements at 50 CFR part 300 form the basis for this collection of information. This collection of information concerns research in, and the harvesting and importation of, marine living resources from waters regulated by CCAMLR related to ecosystem research, U.S. harvesting permit application and/or harvesting vessel operators and to importers and re-exporters of Antarctic marine living resources. The collection is necessary in order for the United States to meet its treaty obligations as a contracting party to the Convention.

Affected Public: Business or other for profit organizations; not-for-profit institutions; individuals or households.

Frequency: Annually and on occasion.

Respondent's Obligation: Mandatory.
Legal Authority: Antarctic Marine Living Resources Convention Act, 16 U.S.C. 2431 *et seq.*

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0194.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XA095]

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of revision of a public meeting.

SUMMARY: The New England Fishery Management Council (Council, NEFMC) will hold a two-day webinar meeting to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Due to federal and state travel restrictions and updated guidance from the Centers for Disease Control and Prevention regarding the new coronavirus, COVID–19, this meeting will be conducted entirely by webinar. The notice for this meeting was published on March 26, 2020 and is available at https://www.federalregister.gov/documents/2020/03/26/2020-06263/new-england-fishery-management-council-public-meeting?utm_campaign=subscription+mailing+list&utm_source=federalregister.gov&utm_medium=email. Since that time, the Council has added one important overarching agenda item and expanded

the scope of two others. This notice alerts the public of the revised agenda.

DATES: The webinar meeting will be held on Tuesday and Wednesday, April 14 and 15, 2020, beginning at 9 a.m. on April 14 and 8:30 a.m. on April 15.

ADDRESSES: All meeting participants and interested parties can register to join the webinar at <https://register.gotowebinar.com/register/8766043774885604099>.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950; telephone: (978) 465–0492; www.nefmc.org.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465–0492, ext. 113.

SUPPLEMENTARY INFORMATION:

Agenda

Tuesday, April 14, 2020

All items previously listed on Tuesday's agenda will proceed on schedule and can be viewed on the Council's website at <https://www.nefmc.org/calendar/april-2020-council-meeting>. However, in light of the unforeseen COVID–19 pandemic and the economic, social, and public health consequences that are rapidly unfolding, the Council also may discuss requests for emergency action that come up during the meeting. Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act (MSA) authorizes the Secretary of Commerce to implement emergency regulations to address fishery emergencies.

Wednesday, April 15, 2020

All items previously listed on Wednesday's agenda will proceed on schedule, although the scope of two items has been expanded. First, under the Scallop Committee Report, the Council will discuss several different requests for emergency action that involve potential carryover of certain fishing year 2019 allocations into fishing year 2020. The Council still intends to approve the range of alternatives for Amendment 21 to the Atlantic Sea Scallop Fishery Management Plan. Secondly, the scope of the Council's discussion on recreational party/charter eVTRs has been expanded. Under this item, the Council will discuss and determine the appropriate mechanism to require recreational party/charter vessels to submit vessel trip reports (VTRs) electronically as eVTRs for all fisheries

managed by the New England Fishery Management Council. Potential options now include initiating an omnibus framework adjustment or requesting that NMFS use its authority under Section 305(b) of the MSA to extend the recently implemented commercial eVTR requirement to cover New England party/charter vessels. Finally, as indicated above under Tuesday's agenda, the Council may discuss other requests for emergency action that come up during the meeting in light of the unforeseen COVID-19 pandemic as allowed under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act (MSA).

Although non-emergency issues not contained on this agenda may come before the Council for discussion, those issues may not be the subject of formal action during this meeting. The public should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is being conducted entirely by webinar. Requests for auxiliary aids should be directed to Thomas A. Nies (see **ADDRESSES**) at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 27, 2020.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2020-OS-0037]

Privacy Act of 1974; System of Records

AGENCY: Office of the Secretary, Department of Defense (DoD).

ACTION: Notice of a modified System of Records.

SUMMARY: The Office of the Secretary of Defense (OSD) is modifying the System of Records, Mandatory Declassification Review Files, DWHS E05. This system was established to verify and declassify record requests from the public and to provide a resource to research historical data. Without the ability to review and declassify data in the Mandatory Declassification Review (MDR) Files System of Records, information in the system would not be releasable to the

public and the DoD would not comply with the applicable regulations and laws. Updates to this system include administrative changes required by the Office of Management and Budget (OMB) Circular A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act," revised December 23, 2016. This modification includes changes to the system name, authorities, purpose, categories of records, routine uses, storage of records, retention and disposal of records, safeguards, records access procedures, contesting record procedures, notification procedures, and exemptions sections. In addition, the only exemption claimed for the system, (k)(1), is being deleted, since the system does not contain classified information. The records undergoing MDR are stored in a separate system, which is not a Privacy Act System of Records.

DATES: This System of Records modification is effective upon publication; however, comments on the Routine Uses will be accepted on or before May 4, 2020. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <http://www.regulations.gov>.

Follow the instructions for submitting comments.

* *Mail:* Department of Defense, Office of the Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Ms. Luz D. Ortiz, Chief, Records, Privacy and Declassification Division, 1155 Defense Pentagon, Washington, DC 20301-1155, or by phone at (571) 372-0478.

SUPPLEMENTARY INFORMATION: This System of Records is mandated by E.O. 13526, 32 CFR 2001.33, and DoD 5230.30-M which require the DoD to validate requests from members of the public requesting classified information. As a result, the DoD is required to

identify the requested document or information record with sufficient specificity to enable the DoD to locate it with a reasonable amount of effort. Without this system, the DoD will not comply with these requirements. Also, the system allows the DoD to consider the sensitivity of the requested data to determine its releasability and to address denials or appeals in a timely manner.

The OSD notices for Systems of Records subject to the Privacy Act of 1974, as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or from the Defense Privacy, Civil Liberties, and Transparency Division website at <https://dpcl.dod.mil>.

The proposed systems reports, as required by the Privacy Act, as amended, were submitted on December 16, 2019, to the House Committee on Oversight and Reform, the Senate Committee on Homeland Security and Governmental Affairs, and the OMB pursuant to Section 6 of OMB Circular No. A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act," revised December 23, 2016 (December 23, 2016, 81 FR 94424).

Dated: March 30, 2020.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
