Fiscal Year 2020 Tariff-Rate Quotas Increased for Raw Cane Sugar and Refined Sugar

AGENCY: Office of the Secretary, USDA.
ACTION: Notice.

SUMMARY: The Office of the Secretary of the U.S. Department of Agriculture (the Secretary) is providing notice of an increase in the fiscal year (FY) 2020 sugar tariff-rate quotas (TRQs) of 317,515 metric tons raw value (MTRV) for raw cane sugar, and 181,437 MTRV for refined sugar.

DATES: This notice is applicable on April 3, 2020.

ADDRESSES: Multilateral Affairs Division, Trade Policy and Geographic Affairs, Foreign Agricultural Service, U.S. Department of Agriculture, Stop 1070, 1400 Independence Avenue SW, Washington, DC 20250-1070.

FOR FURTHER INFORMATION CONTACT: Souleymane Diaby, (202) 720-2916, Souleymane.Diaby@usda.gov.

SUPPLEMENTARY INFORMATION: On June 27, 2019, the Secretary established the FY 2020 TRQ for raw cane sugar at 1,117,195 MTRV, the minimum to which the United States is committed under the World Trade Organization (WTO) Uruguay Round Agreements. Pursuant to Additional U.S. Note 5 to Chapter 17 of the U.S. Harmonized Tariff Schedule (HTS) and Section 359k of the Agricultural Adjustment Act of 1938, as amended, the Secretary has authority to modify the raw and refined sugar WTO TRQs. The Secretary gives notice today of an increase in the quantity of raw cane sugar eligible to enter at the lower rate of duty during FY 2020 by 317,515 MTRV. The conversion factor is 1 metric ton raw value equals 1.10231125 short tons raw value. With this increase, the overall FY 2020 raw sugar TRQ is now 1,434,710 MTRV.

Raw cane sugar under this quota must be accompanied by a certificate for quota eligibility and may be entered until September 30, 2020. The Office of the U.S. Trade Representative (USTR) will allocate this increase among supplying countries and customs areas.

On June 27, 2019, USDA established the FY 2020 refined sugar TRQ at an aggregate quantity of 192,000 MTRV, of which 20,344 MTRV was reserved for refined sugar other than specialty sugar. On July 15, 2019, USTR allocated this refined sugar TRQ as follows: 10,300 MTRV to Canada; 2,954 MTRV to Mexico; 7,090 MTRV to be administered on a first-come, first-served basis; and 171,656 MTRV for specialty sugar. Today, the Secretary announces an increase in the fiscal year (FY) 2020 refined sugar TRQ of 181,437 MTRV, to a total of 373,437 MTRV. USTR will allocate this refined sugar TRQ increase. Only refined sugar with a sucrose content, by weight in the dry state, corresponding to a reading of 99.5 degrees polarity or more will be permitted.

These actions are being taken after a determination that additional supplies of raw cane and refined sugar are required in the U.S. market. USDA will closely monitor stocks, consumption, imports and all sugar market and program variables on an ongoing basis and may make further program adjustments during FY 2020 if needed.

Ted McKinney,

Under Secretary, Trade and Foreign Agricultural Affairs.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501 *et seq.*), and its implementing regulations (5 CFR part 1320), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information," within the meaning of the PRA, includes agency requests that pose identical questions to, or impose reporting or recording keeping obligations on ten or more persons regardless of whether response to such request is mandatory or

voluntary. See 5 CFR 1320.3(c); see also 44 U.S.C. 3502(3). Before seeking clearance from OMB, agencies are generally required, among other things, to publish a 60-day notice in the **Federal Register** concerning any proposed information collection—including extension of a previously-approved collection—and provide an opportunity for comment. See 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1).

To comply with this requirement, the Access Board is publishing this 60-day notice for the proposed renewal of this information collection. OMB's approval of the current version of the Access Board's Online Architectural Barriers Act (ABA) Complaint Form is set to expire in August 2020. See 81 FR 85,926 (Nov. 29, 2016) (30-day notice); see also 81 FR 48,739 (July 26, 2016) (60-day notice).

OMB Control Number: 3014-0012.

Title: Online Architectural Barriers Act (ABA) Complaint Form.

Type of Review: Extension of a currently approved information collection.

Abstract: The Access Board is statutorily charged with enforcing the ABA through, among other things, investigation of complaints from members of the public concerning the accessibility of covered buildings or facilities, namely—those owned or leased by the Federal government, as well as those constructed or altered using Federal funds from grants or loans. See 29 U.S.C. 792(b)(1), (e). At present, over 90% of individuals elect to submit their ABA complaints using the Online ABA Complaint Form; the remainder are submitted in writing, without the need to use a hard-copy complaint form, by email, regular mail, or fax.

By this notice, the Access Board is proposing to continue using essentially the same Online ABA Complaint Form for another three years. We propose to make formatting-type changes only that will update the “look and feel” of the online form; we do not anticipate making any material, substantive revisions.

In sum, the Online ABA Complaint Form seeks information needed by the Access Board to investigate complaints and, if desired, contact the complainant. Mandatory fields are: Name and location (by city and state) of the building/facility at issue and description of accessibility barrier(s). Optional fields include the building/facility address and the complainant's name; and contact information. (Where provided, a complainant's identity and other personal information may not be disclosed outside the agency without his or her written permission.)

Individuals may also upload electronic attachments (e.g., pictures, drawings) relevant to their complaint, if desired. Once a complaint is submitted, the system automatically provides confirmation of successful submission, a complaint number, and the option to print a copy of the submitted complaint. Complainants who elect to provide an email address as part of their contact information also receive an automatically generated confirmation email.

Description of Respondents: Individual members of the public.

Estimated Total Annual Number of Responses: Approximately 185 individuals submit complaints using the Online ABA Complaint Form each year.

Estimated Frequency of Response: Occasional. Complainants submit one complaint for each building or facility at which they noted accessibility barriers, regardless of the number of barriers encountered.

Estimated Time Burden per Response: On average, about 30 minutes per online complaint; the time burden may vary depending on the number of accessibility barriers identified in a complaint. There is no financial burden to complainants.

Estimated Total Annual Burden Hours: Approximately 93 hours.

Request for Comment: Comments are invited on: (a) Whether the proposed collection of information is necessary for the Access Board's performance; (b) the accuracy of the estimated burden; (c) ways for the Access Board to enhance the quality, utility, and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. Comments will be summarized and included in our request for OMB's approval of renewal of our existing generic clearance.

David M. Capozzi,

Executive Director.
