SUPPLEMENTARY INFORMATION:

Background

Under 49 CFR 381.315(a), FMCSA must publish a notice of each exemption request in the **Federal Register**. The Agency must provide the public with an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews the safety analyses and the public comments and determines whether granting the exemption would likely achieve a level of safety equivalent to or greater than the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)). If the Agency denies the request, it must state the reason for doing so. If the decision is to grant the exemption, the notice must specify the person or class of persons receiving the

exemption and the regulatory provision or provisions from which an exemption is granted. The notice must specify the effective period of the exemption (up to 5 years) and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.315(c) and 49 CFR 381.300(b)).

IANA Application for Exemption

The FMCSRs require individuals performing (1) annual inspections of commercial motor vehicles (CMVs) under 49 CFR 396.17, or (2) inspections, maintenance, repairs, or service to the brake systems on CMVs under § 396.25, to be properly qualified to perform such inspections. Under §§ 396.19(a)(3)(ii) and 396.25(d)(3)(ii), an individual who has a combination of training or experience totaling at least 1 year as outlined in those sections is considered to be qualified to conduct those inspections. IANA has applied for an exemption to allow a chassis mechanic who has successfully completed a training program consistent with IANA’s IRPs to be a qualified inspector or qualified brake inspector without having the required 1 year of training or experience. A copy of the application is included in the docket referenced at the beginning of this notice.

Request for Comments

In accordance with 49 U.S.C. 31315(b)(6), FMCSA requests public comment from all interested persons on IANA’s application for an exemption from §§ 396.19(a)(3)(ii) and 396.25(d)(3)(ii) of the FMCSRs. All comments received before the close of business on the comment closing date indicated at the beginning of this notice will be considered and will be available for examination in the docket at the location listed under the “Addresses” section of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable. In addition to late comments, FMCSA will also continue to file, in the public docket, relevant information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.

Associate Administrator for Policy.
