Analysis of Comments Received

All issues raised in this sunset review are addressed in the Issues and Decision Memorandum. The issues discussed in the Issues and Decision Memorandum are the likelihood of continuation or recurrence of dumping, and the magnitude of the margins of dumping likely to prevail if this order were revoked. The Issues and Decision Memorandum is a public document and is on file electronically via the Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Commerce building. Final Results of Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, we determine that revocation of the AD order on wire rod from China would be likely to lead to continuation or recurrence of dumping at weighted-average margins up to 110.25 percent.

This notice also serves as the only reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. SUPPLEMENTARY INFORMATION:

Background

On October 1, 2019, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on hot-rolled steel from Korea.¹ Pursuant to requests from interested parties, Commerce initiated an administrative review with respect to ten companies, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).² Subsequent to the initiation of the administrative review, the petitioners³ timely withdrew their request for an administrative review of nine companies for which a review had been requested, as discussed below. No other party requested an administrative review of these companies.

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an

administrative review, in whole or in part, if the party that requested a review withdraws its request within 90 days of the date of publication of the notice of initiation. The request for an administrative review of the following companies was withdrawn within 90 days of the date of publication of the *Initiation Notice*: POSCO; POSCO Daewoo Corporation; Dongbu Steel Co., Ltd.; Dongkuk Industries Co., Ltd.; Dongkuk Steel Mill Co., Ltd.; Marubeni-Itochu Steel Korea Ltd.; Soon Hong Trading Co.; Snp Ltd.; and Sungjin Co., Ltd.⁴ As a result, Commerce is rescinding this review with respect to these nine companies, in accordance with 19 CFR 351.213(d)(1). The review will continue with respect to Hyundai Steel Company.⁵

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Certain Steel Nails From Taiwan: Preliminary Results of Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

Interested parties are invited to comment on these preliminary results.

DATES: Applicable April 6, 2020.

SUPPLEMENTARY INFORMATION:

Background

These preliminary results of review are issued in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). On September 9, 2019, in accordance with section 751(a) of the Act and 19 CFR 351.221(c)(1)(i), Commerce published the notice of initiation for the administrative review, covering 84 companies.¹ On October 22, 2019, Commerce selected as mandatory respondents, Bonuts Hardware Logistics

Co., LLC (Bonuts) and Create Trading Co., Ltd., (Create Trading), the two companies accounting for the largest volume of exports in the U.S. Customer and Border Protection (CBP) data.² As Bonuts did not respond to Commerce's questionnaire, or request any extensions to file its responses, and Commerce excused Create Trading from responding to the questionnaire, Commerce selected an additional respondent to individually examine. Subsequently, on January 17, 2020, Commerce selected the next largest exporter, by volume, PT Enterprise, Inc. (PT Enterprise) and its affiliated producer Pro-Team Coil Nail Enterprise, Inc. (Pro-Team) (collectively, PT),³ as a replacement respondent for individual examination.⁴

For a complete description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.⁵ The Preliminary Decision Memorandum is a public document and is on file electronically via the Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

² See Memorandum, "Administrative Review of Certain Steel Nails from Taiwan: Respondent Selection," dated October 22, 2019.

³ In a prior segment of the proceeding, Commerce determined that Pro-Team and PT Enterprise comprise a single entity, and we find no new information in this segment of the proceeding that contradicts that finding. See *Certain Steel Nails from Taiwan: Preliminary Results of Antidumping Duty Administrative Review and Partial Rescission of Administrative Review; 2015–2016*, 82 FR 36744 (August 7, 2017) and accompanying Preliminary Decision Memorandum, unchanged in *Certain Steel Nails from Taiwan: Final Results of Antidumping Duty Administrative Review and Partial Rescission of Administrative Review; 2015–2016*, 83 FR 6163 (February 13, 2018). Accordingly, we have preliminarily continued to treat PT Enterprise and Pro-Team as a single entity.
