

Notices

Federal Register

Vol. 85, No. 66

Monday, April 6, 2020

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

April 1, 2020.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by May 6, 2020 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Interstate Movement of Certain Land Tortoises.

OMB Control Number: 0579–0156.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to prevent, control, and eliminate domestic diseases such as tuberculosis, as well as to take actions to prevent and to manage exotic diseases such as heartwater disease. The regulations in 9 CFR part 93 prohibit the importation of the leopard tortoise, the African spurred tortoise, and the Bell's hingeback tortoise to prevent the introduction and spread of exotic ticks known to be vectors of heartwater disease, an acute, infectious disease of cattle and other ruminants. The regulations in 9 CFR part 74 prohibit the interstate movement of those tortoises that are already in the United States unless the tortoises are accompanied by a health certificate or certificate of veterinary inspection.

Need and Use of the Information: APHIS will collect information to ensure that the interstate movement of these leopard, African spurred, and Bell's hingeback tortoises poses no risk of spreading exotic ticks within the United States. Owners and veterinarians are required to provide the following information to Federal or accredited veterinarians for completion of the health certificate: Name, address, and telephone number of the owner; information identifying the animal such as collar or tattoo number; breed; age; sex; color; distinctive marks; vaccination history; and certifications from both the owner and the veterinarian that all information is true and accurate. The collected information is used for the purposes of identifying each specific tortoise and documenting the State of its health so that the animals can be transported across State and national boundaries.

If the information is not collected APHIS would be forced to ban the interstate movement of all leopard, African spurred, and Bell's hingeback tortoises. This would economically harm U.S. tortoise breeders.

Description of Respondents: Private and Commercial Animal Breeders, and Veterinarians.

Number of Respondents: 50.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 375.

Ruth Brown,

Departmental Information Collection Clearance Officer.
