RIN 2120-AA66

Amendment of Area Navigation Routes, Florida Metroplex Project; Southeastern United States

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correction.

SUMMARY: This action corrects a final rule published by the FAA in the **Federal Register** on March 24, 2020, that amends area navigation (RNAV) routes in the southeastern United States in support of the Florida Metroplex Project. This action makes an editorial correction to the order of points listed

in the description of RNAV route Q-110.

DATES: Effective date 0901 UTC, May 21, 2020. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA, Order 7400.11 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

History

The FAA published a final rule for Docket No. FAA-2019-0687 in the **Federal Register** (85 FR 16533; March 24, 2020), amending 11 RNAV Q-routes in the southeastern United States. Subsequent to publication, it was

determined that the order of points listed in the description of RNAV route Q-110 was incorrectly changed from a “west to east” format to a “south to north” format. This rule corrects the Q-110 route description by changing the order of points to a “west to east” format in accordance with FAA Order 7400.2 criteria. This is an editorial change only that does not alter the alignment of the route as shown on aeronautical charts, and does not affect use of the route by aircraft.

Correction to Final Rule

■ Accordingly, pursuant to the authority delegated to me, the description of RNAV route Q-110 as published in the **Federal Register** on March 24, 2020 (85 FR 16533; FR Doc. 2020-05987) is corrected as follows:

[Docket No. RM20-13-000; Order No. 870]

Delegation of Authority

AGENCY: Federal Energy Regulatory Commission.

ACTION: Final rule.

SUMMARY: The Commission is revising its regulations to delegate authority to the Director of the Office of Energy Policy and Innovation, or the Director's designee, to take appropriate action on motions for extension of time to file, or

requests or petitions for waiver of the requirements of, FERC Form No. 552 (Annual Report of Natural Gas Transactions) and FERC-730 (Report of Transmission Investment Activity).

DATES: This rule is effective April 7, 2020.

SUPPLEMENTARY INFORMATION:

1. By this instant final rule, the Commission is revising its regulations to delegate further authority to its staff to take action, as provided below, effective

on the date of publication of this final rule in the **Federal Register**.

I. Background

2. On March 13, 2020, the President issued a proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19). Entities regulated by the Commission have had to take unprecedented actions in response to the emergency conditions, including directing staff to work remotely for an extended period, which may disrupt, complicate, or otherwise change their normal course of business operations. Regulated entities and the public have since filed motions and other requests for Commission action to relieve regulatory burdens so that they may focus on continuity of operations and ensuring reliable operations of their systems during this emergency period. This has prompted the Commission to review its procedural regulations to ensure that the Commission's work is performed in an efficient manner.
