Rural Development Guarantee Loan Servicing Flexibilities To Address Coronavirus 2019 Impacts

AGENCY: Rural Business-Cooperative Service, Rural Housing Service, and Rural Utilities Service, USDA.

ACTION: Notification.

SUMMARY: The Rural-Business Cooperative Service (RBCS), Rural Housing Service (RHS), and Rural Utilities Service (RUS) agencies of the Rural Development mission area, hereinafter referred to as Agency, issued a notification in the **Federal Register** on March 31, 2020, that allows lenders with guaranteed loans with the Agency to unilaterally offer payment deferrals for the period specified in the notice to their customers who may be experiencing temporary cash flow issues due to the Coronavirus (COVID-19) pandemic. This notification supplements the prior notification and includes additional servicing flexibilities regarding Agency guaranteed loan requirements as they relate to the new loans that are covered by Section 1102 of the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

DATES: The policies included in this notification are effective as of March 31,

2020, and the temporary authorization expires on September 30, 2020.

FOR FURTHER INFORMATION CONTACT:

• Guarantee Lenders may contact the following Rural Development points of contact: RBCS, Aaron Morris, Director, Program Processing Division, 202-720-1501, Aaron.Morris@usda.gov; for RHS, Deborah Jackson, Director, Guaranteed Loan Processing and Servicing Division, 202-720-8454, Deborah.Jackson2@usda.gov; for RUS, Darrel Lipscomb, Water and Environmental Programs, 202-617-0857, Darrel.Lipscomb@usda.gov.

• Borrowers with a loan guaranteed by Rural Development must contact their servicing Guarantee Lender for further information.

SUPPLEMENTARY INFORMATION: Through this notification Rural Development expands servicing flexibilities on four guaranteed loan programs to enable lenders to better assist rural business, water, and community facility borrowers in responding to the economic impacts of the COVID-19 pandemic.

Lender Deferrals on Loan With USDA Guarantees

On March 31, 2020, the Agency announced in the **Federal Register** at 85 FR 17721 that beginning March 31, 2020, and through September 30, 2020, the USDA Business and Industry (B&I) Guaranteed Loan Program, Rural Energy for America Program (REAP), Community Facilities Guaranteed Loan Program, and Water and Waste Guaranteed Program lenders may assist borrowers experiencing temporary cash flow issues resulting from the COVID-19 pandemic, by deferring payments for a period no longer than 180 days from the date the original payment is due. In accordance with 7 CFR 4287.107 (RBCS), 7 CFR 3575.69 (RHS), and 7 CFR 1779.69 (RUS), the lender is responsible for servicing the entire loan and for taking all servicing actions that a reasonably prudent lender would perform in servicing its own portfolio of loans that are not guaranteed.

The lender must notify the Agency in writing of any payment deferrals. Written notification to the Agency will meet the standard for concurrence until September 30, 2020. After September 30, 2020, lenders must resume obtaining Agency approval in accordance with all applicable program regulations, forms, and existing authorities. This guidance applies to all borrowers that had a current repayment status as of January 31, 2020.

If the loan has been sold on the secondary market, the secondary market

holder and lender must agree to the deferral actions being taken. The Agency will expect a written deferral agreement signed by both parties in these instances prior to executing any payment deferral action. A copy of the deferral agreement must be provided to the Agency.

The Agency does not consider a loan that is under a deferral or forbearance agreement to be a delinquent loan. Unpaid interest accruing during a deferral or forbearance agreement is not subject to the limitation of the guarantee of accrued interest under 7 CFR 4287.145(d) (RBCS), 7 CFR 3575.3 (RHS), nor 7 CFR 1779.3 (RUS).

Lender Notification of Loans Under the CARES Act (Pub. L. 116–136)

This notification expands upon the deferral flexibilities announced in the March 31, 2020, **Federal Register** notification by providing that lenders may also approve and make covered loans under the provisions of Section 1102 of the CARES Act.

The lender must notify the Agency in writing of any covered loans made under Section 1102 of the CARES Act. Written notification to the Agency will meet the standard for concurrence until September 30, 2020. After September 30, 2020, lenders must resume obtaining Agency approval in accordance with all applicable program regulations, forms, and existing authorities.

SUPPLEMENTARY INFORMATION:

Discussion

The EASA, which is the Technical Agent for the Member States of the European Union, has issued EASA AD 2020–0002, dated January 8, 2020 (“EASA AD 2020–0002”) (also referred to as the Mandatory Continuing Airworthiness Information, or “the MCAI”), to correct an unsafe condition for certain Fokker Services B.V. Model F28 Mark 0100 airplanes.

This AD was prompted by a report of a crack found in the inboard boom of the left-hand frame at fuselage STA 17011. The FAA is issuing this AD to address cracking at the fuselage station, which could reduce resistance to fatigue and possibly affect the structural integrity of the airplane. See the MCAI for additional background information.

Related IBR Material Under 1 CFR Part 51

EASA AD 2020–0002 describes procedures for a detailed inspection and repair for cracking of the fuselage at STA 17011. This material is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the **ADDRESSES** section.

FAA’s Determination

This product has been approved by the aviation authority of another country, and is approved for operation in the United States. Pursuant to the FAA’s bilateral agreement with the State of Design Authority, the FAA has been notified of the unsafe condition described in the MCAI referenced above. The FAA is issuing this AD because the FAA evaluated all pertinent information and determined the unsafe condition exists and is likely to exist or develop on other products of the same type design.

Requirements of This AD

This AD requires accomplishing the actions specified in the service information described previously, as incorporated by reference. This AD also requires sending the inspection results to Fokker.
