Background

On November 4, 2010, OFAC issued the North Korea Sanctions Regulations, 31 CFR part 510 (75 FR 67912, November 4, 2010) (the "Regulations"). Since then, OFAC has amended the Regulations several times. This rule amends the Regulations to incorporate the Treasury-administered provisions of the North Korea Sanctions and Policy Enhancement Act of 2016, Public Law 114-122, 130 Stat. 93 (22 U.S.C. 9201-9255) (NKSPEA), as amended by the Countering America's Adversaries Through Sanctions Act, Public Law 115-44, 131 Stat. 886 (22 U.S.C. 9201 *et seq.*) (CAATSA) and the National Defense Authorization Act for Fiscal Year 2020, Public Law 116-92, 133 Stat. 1198 (FY 2020 NDAA).

NKSPEA

On February 18, 2016, the President signed NKSPEA into law. Among other

things, section 104 of NKSPEA provides that the President, with certain exceptions, shall block and prohibit all transactions in property and interests in property that are in the United States, that come within the United States, or that are or come within control or possession of a U.S. person of: The Government of North Korea, the Workers' Party of Korea, and other persons the President determines knowingly engage in certain North Korea-related activities.

On August 2, 2017, the President signed CAATSA into law. Title III of CAATSA, among other things, amends NKSPEA. Section 311(a) of CAATSA amends section 104(a) of NKSPEA to provide that the President shall, with certain exceptions, block and prohibit all transactions in property and interests in property that are in the United States, that come into the United States, or that are or come into the possession of U.S. persons of any person the President determines knowingly, directly or indirectly, imports, exports, or reexports to or from North Korea any defense article or defense service or engages in certain other North Korea-related activities. Section 104(b) of NKSPEA provides that the President may, with certain exceptions, block any person that knowingly engages in, contributes to, assists, sponsors, or provides financial, material, or technological support for, or goods and services in support of, any sanctioned person.

On December 20, 2019, the President signed the FY 2020 NDAA. Title LXXI of the 2020 NDAA, titled the "Otto Warmbier North Korea Sanctions and Enforcement Act of 2019," among other things, amends NKSPEA by adding new sections 104(g), 201B, and 201C. NKSPEA section 104(g) requires the President to designate any person that he determines knowingly engages in certain specified North Korea-related activities.

New section 201B of NKSPEA requires the Secretary of the Treasury to impose sanctions with respect to any foreign financial institution (FFI) that the Secretary of the Treasury determines, in consultation with the Secretary of State, knowingly on or after April 18, 2020, provides significant financial services to any person designated for the imposition of sanctions with respect to North Korea under NKSPEA subsections 104(a), 104(b), or 104(g), an applicable Executive order, or an applicable United Nations Security Council resolution. Section 201B provides that the Secretary may impose blocking sanctions on such FFIs, or may prohibit or impose strict conditions on the opening or

maintenance of a correspondent account or a payable-through account in the United States.

New section 201C of NKSPEA requires the Secretary of the Treasury, in consultation with the Secretary of State, to prohibit an entity owned or controlled by a U.S. financial institution and established or maintained outside the United States from knowingly engaging in any transaction, directly or indirectly, with the Government of North Korea or any person designated for the imposition of sanctions with respect to North Korea under NKSPEA subsections 104(a), 104(b), or 104(g), an applicable Executive order, or an applicable United Nations Security Council resolution.

Regulatory Amendments

With this rule, OFAC is incorporating the blocking and correspondent or payable-through account sanctions contained in sections 104(a), 104(b), 104(g), and 201B of NKSPEA, as amended by CAATSA and the FY 2020 NDAA (NKSPEA, as amended), into the Regulations as new § 510.201(a)(3)(vii) through (x), respectively. OFAC is incorporating the correspondent or payable-through account sanctions of section 201B of NKSPEA, as amended, in § 510.210(c), and adding a new provision at § 510.214 to implement section 201C of NKSPEA, as amended.

OFAC is also incorporating certain statutory exemptions under NKSPEA, as amended, in new paragraph (f) to § 510.213; amending the definition of luxury goods at § 510.317 to create a regulatory exception to exclude items approved for import, export, or reexport to or into North Korea by the United Nations Security Council; making technical and conforming edits to the definitions of “effective date” in § 510.304, “financial, material, or technological support” in § 510.306, and “North Korean person” in § 510.319; amending the interpretive provision at § 510.413 related to significant transactions; updating the authorities section of the Regulations to incorporate the FY 2020 NDAA and to shorten citations to conform with **Federal Register** guidance; and amending the delegation section at § 510.802 to add the delegation of certain functions with respect to the FY 2020 NDAA.

Public Participation

Because the amendment of the Regulations involves a foreign affairs function, the provisions of Executive Order 12866 and the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, opportunity for public participation,

and delay in effective date, as well as the provisions of Executive Order 13771, are inapplicable. Because no notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act (5 U.S.C. 601–612) does not apply.

Paperwork Reduction Act

The collections of information related to the Regulations are contained in 31 CFR part 501 (the “Reporting, Procedures and Penalties Regulations”). Pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), those collections of information have been approved by the Office of Management and Budget under control number 1505–0164. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid control number.

II. Background Information and Regulatory History

On July 22, 2019, the Coast Guard was notified of a wire crossing event that will take place on the Ohio River, between Mile Marker (MM) 731.0 & 734.0 from 7 a.m. through 6 p.m. each day from April 14, 2020, through April 23, 2020. The Captain of the Port Sector Ohio Valley (COTP) has determined that potential hazards associated with the wire crossing would be a safety concern for anyone within a three mile radius of the construction area. In response, on February 25, 2020, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Safety Zones; Coast Guard Sector Ohio Valley Wire Crossing (85 FR 10640). The Coast Guard invited comments on our proposed regulatory action related to this wire crossing. During the comment period that ended March 26, 2020 no comments were received.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and contrary to the public interest because immediate action is necessary to respond to the potential safety hazards associated with the wire crossing.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Ohio Valley (COTP) has determined that potential hazards associated with the wire crossing occurring on April 14, 2020 through April 23, 2020, will be a safety concern for anyone near the construction zone. The purpose of this rule is to ensure safety of vessels and the navigable waters in the safety zone before, during, and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, no comments were received on NPRM published February 25, 2020. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes a safety zone from 7 a.m. to 6 p.m. each day, April 14, 2020 through April 23, 2020. The temporary safety zone would cover all navigable waters on the Ohio River extending from MM 731.0 to MM 734.0. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled 7 a.m. to 6 p.m. wire crossing. No vessel or person will be

permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, and duration of the temporary safety zone. The temporary safety zone would only be in effect for 11 hours each day over ten days and limit access to a three-mile stretch of the Ohio River. The Coast Guard expects minimum adverse impact to mariners. Also, mariners would be permitted to request authorization from the COTP or a designated representative to transit the temporary safety zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant
