We invite interested parties to comment on this preliminary determination.

DATES: Applicable April 10, 2020.

Gujarat Fluorochemicals Ltd. (GFL).³ As part of this preliminary determination, we also have made a preliminary scope finding. For a complete description of the events that followed the initiation of this inquiry, see the Preliminary Decision Memorandum.⁴

Scope of the Order

The products subject to the *Order* are HFC blends. HFC blends covered by the scope are R-404A, R-407A, R-407C, R-410A, and R-507A/R-507.⁵ HFC blends covered by the scope of the *Order* are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings 3824.78.0020 and 3824.78.0050. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope is dispositive.

Merchandise Subject to the Anti-Circumvention Inquiry

This anti-circumvention inquiry covers HFC blends R-404A, R-407A, R-407C, R-410A, and R-507A/R-507 produced in India using one or more HFC components of Chinese origin.⁶

Methodology

Commerce made this preliminary finding of circumvention in accordance with section 781(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.225(h). We relied on information placed on the record by the American HFC Coalition (the petitioners) and information placed on the record by GFL, Refex Industries Limited, and SRF Limited. Further, because Coolmate Refrigerant Pvt. Ltd. did not cooperate to the best of its ability in responding to Commerce's requests for information, we have based parts of our preliminary determination on the facts available, with adverse inferences, pursuant to sections 776(a) and (b) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file

⁶ Based upon questionnaire responses provided by the Indian producer/exporters in this inquiry, we have preliminarily determined to cover all of the HFC blends listed under the scope or the *Order*, as we stated we may cover in the *Notice of Initiation*, 84 FR at 28270.
