Title: Title VI as it Applies to FTA Grant Programs (OMB Number: 2132-0540).

Background: Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) states:

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

To achieve this purpose, each Federal department and agency which provides financial assistance for any program or activity is authorized and directed by the Department of Justice (DOJ) to effectuate provisions of Title VI for each program or activity by issuing generally applicable regulations or requirements.

The Department of Transportation (DOT) has issued its regulations implementing this DOJ mandate.

In this regard, the responsibility of the FTA is to ensure that Federally-supported transit services and benefits are distributed by applicants, recipients, and subrecipients of FTA assistance in a manner consistent with Title VI. The employment practices of a grant applicant, recipient, or sub-recipient are also covered under Title VI if the primary purpose of the FTA-supported program is to provide employment or if those employment practices would result in discrimination against beneficiaries of FTA-assisted services and benefits.

FTA policies and requirements are designed to clarify and strengthen Title VI (service equity) procedures for FTA grant recipients by requiring submission of written plans and approval of such plans by the agency. All project sponsors receiving financial assistance pursuant to an FTA-funded project shall not discriminate in the provision of services because of race, color, or national origin. Experience has demonstrated that a program requirement at the application stage is necessary to assure that benefits and services are equitably distributed by grant recipients. The requirements prescribed by the Office of Civil Rights are designed to accomplish this objective and diminish possible vestiges of discrimination among FTA grant recipients. FTA's assessment of the requirements indicated that the formulation and implementation of the Title VI Program should occur with a decrease in costs to such applicants and recipients.

Respondents: Transit agencies, States, and Metropolitan Planning Organizations.

Estimated Annual Burden on Respondents: 283 (45 hours for each of the 100 more specific Title VI Program submissions; 1 hour for each of the 183 general Title VI Program submissions).

Estimated Total Annual Burden: 4,684 hours.

Frequency: Annual.

Director Office of Management Planning.
