

§§ (10)(a)(1) and 10(a)(3). The session will be closed to the public pursuant to Section 10(d) of FACA as amended by Section 5(c) of the Government in Sunshine Act, Public Law 94–409, and in accordance with Section 552b(c)(4) and Section 552b(c)(9)(B) of Title 5, United States Code, which authorize closure of meetings that are “likely to disclose trade secrets and commercial or financial information obtained from a person and privileged or confidential” and “likely to significantly frustrate implementation of a proposed agency action,” respectively. The part of the meeting that will be closed will address (1) nuclear cooperation agreements; (2) encouraging ratification of the Convention on Supplementary Compensation for Nuclear Damage; and (3) identification of specific trade barriers impacting the U.S. civil nuclear industry.

Public Session (1:00 p.m.–4:00 p.m.)—Subcommittee work, review of deliberative recommendations, and opportunity to hear from members of the public.

Members of the public wishing to attend the public session of the meeting must notify Mr. Jonathan Chesebro at the contact information above by 5:00 p.m. EST on Friday, July 17, 2020 in order to pre-register to participate. Please specify any requests for reasonable accommodation at least five business days in advance of the meeting. Last minute requests will be accepted but may not be possible to fill. A limited amount of time will be available for brief oral comments from members of the public attending the meeting. To accommodate as many speakers as possible, the time for public comments will be limited to two (2) minutes per person, with a total public comment period of 30 minutes. Individuals wishing to reserve speaking time during the meeting must contact Mr. Chesebro and submit a brief statement of the general nature of the comments and the name and address of the proposed participant by 5:00 p.m. EST on Friday, July 17, 2020. If the number of registrants requesting to make statements is greater than can be reasonably accommodated during the meeting, ITA may conduct a lottery to determine the speakers.

Any member of the public may submit written comments concerning the CINTAC’s affairs at any time before and after the meeting. Comments may be submitted to the Civil Nuclear Trade Advisory Committee, Office of Energy & Environmental Industries, Room 28018, 1401 Constitution Ave. NW, Washington, DC 20230. For consideration during the meeting, and

to ensure transmission to the Committee prior to the meeting, comments must be received no later than 5:00 p.m. EST on Friday, July 17, 2020. Comments received after that date will be distributed to the members but may not be considered at the meeting.

Copies of CINTAC meeting minutes will be available within 90 days of the meeting.

Dated: April 1, 2020.

Man Cho,

Deputy Director, Office of Energy and Environmental Industries.

Oil Country Tubular Goods From the People’s Republic of China: Rescission of Countervailing Duty Administrative Review: 2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the countervailing duty (CVD) order on certain oil country tubular goods (OCTG) from the People’s Republic of China (China) for the period of review (POR) January 1, 2019, through December 31, 2019, based on the timely withdrawal of the requests for review.

DATES: Applicable April 14, 2020.

FOR FURTHER INFORMATION CONTACT: Dusten Hom, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5075.

SUPPLEMENTARY INFORMATION:

Background

On January 2, 2020, Commerce published a notice of opportunity to request an administrative review of the CVD order on OCTG from China for the POR of January 1, 2019, through December 31, 2019.¹ On January 29, 2020, Commerce received a timely-filed request from the United States Steel Corporation, Maverick Tube Corporation, Tenaris Bay City, Inc., IPSCO Tubulars Inc., Vallourec Star,

L.P., and Welded Tube USA (collectively “Domestic Interested Parties”) for an administrative review of 173 producers and exporters, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b).²

On March 10, 2020, pursuant to these requests, and in accordance with 19 CFR 351.221(c)(1)(i), Commerce published a notice initiating an administrative review of the countervailing duty order on OCTG from China for the 173 producers and exporters.³ On April 1, 2020, the Domestic Interested Parties withdrew their request for an administrative review of all 173 producers and exporters.⁴

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party or parties that requested a review withdraws the request within 90 days of the publication date of the notice of initiation of the requested review. The Domestic Interested Parties withdrew their request for review of all of the 173 producers and exporters for which they had requested an administrative review. No other parties requested an administrative review of the order. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this review in its entirety.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties on all appropriate entries of OCTG from China. Countervailing duties shall be assessed at rates equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice in the **Federal Register**.

⁴ See letter from the Domestic Interested Parties, “Oil Country Tubular Goods from the People’s Republic of China: Withdrawal of Request for Administrative Review,” dated April 1, 2020.

¹ See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 85 FR 64 (January 2, 2020).

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to all parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until May 19, 2020, unless extended.⁵

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: April 8, 2020.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XX051]

Magnuson-Stevens Act Provisions; Fisheries of the Northeastern United States; Atlantic Herring Fishery; Approved Industry-Funded Monitoring Service Providers

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of approved industry-funded monitoring service providers.

SUMMARY: NMFS has approved four companies to provide industry-funded monitoring services (observing, at-sea monitoring, and/or portside sampling) to Atlantic herring vessels during industry-funded monitoring years 2020–2021 (April 1, 2020–March 31, 2022). Monitoring coverage regulations require that any entities seeking to provide monitoring services, including services for industry-funded monitoring programs, must apply for and obtain

approval from NMFS. This action will allow Atlantic herring vessels to secure industry-funded monitoring services from any of the approved providers during 2020–2021.

ADDRESSES: The list of NMFS-approved industry-funded monitoring service providers is available at: <https://www.fisheries.noaa.gov/new-england-mid-atlantic/fisheries-observers/industry-funded-monitoring-northeast>, or by sending a written request to: 55 Great Republic Drive, Gloucester, MA 01930, Attn: Maria Fenton.

FOR FURTHER INFORMATION CONTACT: Maria Fenton, Fishery Management Specialist, (978) 281–9196.

SUPPLEMENTARY INFORMATION:

Background

The New England Industry-Funded Monitoring (IFM) Omnibus Amendment created an IFM program in the Atlantic herring fishery and set a 50-percent monitoring coverage target on vessels issued an All Areas (Category A) or Areas 2/3 (Category B) limited access Atlantic herring permit. This 50-percent coverage target includes a combination of Standardized Bycatch Reporting Methodology (SBRM) coverage and IFM coverage. Prior to any trip declared into the herring fishery, representatives for vessels issued Category A or B permits are required to notify NMFS for monitoring coverage. If NMFS informs a vessel that a trip is selected for IFM coverage, the vessel is required to obtain at-sea monitoring coverage from a NMFS-approved service provider for that trip. Midwater trawl vessels may also obtain an IFM observer coverage in order to fish in a Groundfish Closed Area on a trip that was not selected for SBRM or IFM coverage.

Some midwater trawl herring vessels may enroll in an Exempted Fishing Permit (EFP) to use an electronic monitoring and portside sampling program in lieu of carrying a human at-sea monitor to fulfill the requirements of the IFM Amendment. If NMFS informs a vessel participating in the EFP that a trip has been selected for IFM coverage, that vessel would be required to obtain portside sampling services for that trip. Vessels participating in the EFP could also obtain portside sampling coverage in lieu of carrying an observer in order to fish in a Groundfish Closed Area on a trip that was not selected for SBRM or IFM coverage.

Monitoring Service Provider Approval Process

Monitoring coverage regulations at § 648.11(h)(1) require that any entities seeking to provide monitoring services, including services for IFM programs, must apply for and obtain approval from NMFS. The regulations at § 648.11(h)(4) describe the criteria for evaluating and approving a monitoring services provider application. NMFS approves service providers based on: (1) Completeness of the applications; and (2) determination of the applicant's ability to perform the duties and responsibilities of a monitoring service provider, as demonstrated in the application. Once approved, service providers must meet the requirements, conditions, and responsibilities specified at § 648.11(h)(5) and (6) in order to maintain eligibility. NMFS must notify service providers, in writing, if approval is withdrawn for any reason.

Approved Industry-Funded Monitoring Service Providers

NMFS received complete applications from four companies to provide IFM services to Atlantic herring vessels during IFM years 2020–2021: Fathom Resources, LLC; A.I.S., Inc.; East West Technical Services LLC; and Saltwater Inc. We approved all four companies to provide IFM services to Atlantic herring vessels during IFM years 2020–2021 because they have met the application requirements and demonstrated their ability to perform the duties and responsibilities of a monitoring service provider. Fathom Resources, LLC; A.I.S., Inc.; and East West Technical Services LLC are currently approved to provide at-sea monitoring services for the Northeast multispecies fishery and industry-funded observer services for the Atlantic sea scallop fishery. A.I.S. Inc. and Saltwater Inc. are currently permitted to provide observer services for the North Pacific Observer Program. NMFS will closely monitor the performance of approved providers and will be prepared to withdraw approval during the current approval term, or disapprove a future application to provide monitoring services, if it is determined that monitoring provider requirements, conditions, and responsibilities are not being met.

⁵ See *Temporary Rule Modifying AD/CVD Service Requirements Due to COVID-19*, 85 FR 17006 (March 26, 2020).
