

Sec. 5.703 Responsible Party

(a) Each Spectrum Horizons experimental radio applicant must identify a single point of contact responsible for all experiments conducted under the license and ensuring compliance with all applicable FCC rules.

(b) The responsible individual will serve as the initial point of contact for all matters involving interference resolution and must have the authority to discontinue any and all experiments being conducted under the license, if necessary.

(c) The license application must include the name of the responsible individual and contact information at which the person can be reached at any time of the day; this information will be listed on the license. Licensees are required to keep this information current.

Sec. 5.704 Marketing of Devices Under Spectrum Horizons Experimental Radio Licenses

Unless otherwise stated in the instrument of authorization, devices operating in accordance with a Spectrum Horizons experimental radio license may be marketed subject to the following conditions:

(a) Marketing of devices (as defined in § 2.803 of this chapter) and provision of services for hire is permitted before the radio frequency device has been authorized by the Commission.

(b) Licensees are required to ensure that experimental devices are either rendered inoperable or retrieved by them from trial participants at the conclusion of the trial. Licensees are required to notify experiment participants in advance of the trial that operation of the experimental device is subject to this condition.

Each device sold under this program must be labeled as “Authorized Under An Experimental License and May be Subject to Further Conditions Including Termination of Operation” and carry a licensee assigned equipment ID number.

(c) The size and scope of operations under a Spectrum Horizons experimental license are subject to limitations as the Commission shall establish on a case-by-case basis.

Sec. 5.705 Interim Report

Licensee must submit to the Commission an interim progress report 5 years after grant of its license. If a licensee requests non-disclosure of

proprietary information, requests shall follow the procedures for submission set forth in § 0.459 of this chapter.

Federal Communications Commission.

FEDERAL TRADE COMMISSION**Granting of Requests for Early Termination of the Waiting Period Under the Premerger Notification Rules**

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination—on the dates indicated—of the waiting period provided by law and the premerger notification rules. The listing for each transaction includes the transaction number and the parties to the transaction. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.

GENERAL SERVICES ADMINISTRATION

[Notice-MR–2020–01; Docket No. 2020–0002; Sequence No. 16]

Modernizing Services for Regulation Management

AGENCY: Office of Regulation Management, Office of Government-wide Policy, General Services Administration (GSA).

ACTION: Notice of Public Meeting and request for comment.

SUMMARY: The General Services Administration’s (GSA) Office of Regulation Management within the Office of Government-wide Policy is announcing amendments to notice MR–2019–01, dated December 30, 2019. The public meeting that was originally announced for March 25, 2020, has been rescheduled to April 30, 2020. The meeting will be held via web conference. The comment period has also been extended from April 30, 2020, to June 3, 2020. GSA is seeking public comment on any matters related to the modernization of Electronic Rulemaking Management. Background information on specific topics will be provided in electronic format through the *regulations.gov* docketing system to help inform the public on known issues around which to focus their input. Comments will be accepted electronically.

DATES: The public meeting originally announced for March 25, 2020 will be conducted on Thursday, April 30, 2020. The meeting will be held from 2 p.m. to 4 p.m. Eastern Time (ET).

Comments related to any aspect of modernization of Electronic Rulemaking Management must be submitted no later than Wednesday, June 3, 2020. This represents an extension of the deadline of April 30, 2020 originally announced in notice published in the **Federal Register** at 84 FR 72364.

ADDRESSES: The public meeting will no longer take place at GSA’s Central Office

at 1800 F Street NW, Washington, DC 20006. The meeting will be held solely through a web conference with instructions provided during registration.

Pre-register to attend the public meeting at <https://regulatorydata.eventbrite.com>.

GSA is no longer accepting proposals for meeting panelists at eRulemaking@gsa.gov. The panelists have been selected.

FOR FURTHER INFORMATION CONTACT: For further information, please contact eRulemaking@gsa.gov.

SUPPLEMENTARY INFORMATION:

I. Background on Electronic Rulemaking Management

OGP’s Office of Regulation Management manages two programs that deliver shared regulatory IT services. The eRulemaking Program Management Office manages *regulations.gov* and the Federal Docket Management System (FDMS). The Regulatory Information Service Center (RISC) manages *RegInfo.gov* and the RISC/OIRA Consolidated Information System (ROCIS). GSA’s strategy for Rulemaking Modernization is three-fold:

1. Better integrate data and information technology among Federal regulatory information systems to support data analytics, both for rulemakers and members of the public.
2. Apply innovative approaches to promote public access, accountability, and transparency.
3. Reduce duplication and increase efficiency across the Federal rulemaking landscape through improved processes and technologies.

Docket No. GSA–2020–0002; Sequence No. 16 at *regulations.gov* will contain background documents on various topics on the regulatory process within a docket.

You can discover more about the Office of Regulation Management and its regulatory work at: <https://www.gsa.gov/policy-regulations/regulations/how-you-can-improve-regulations>.

You can discover more about e-Rulemaking, including FDMS and *www.Regulations.gov* at: <https://www.fdns.gov/fdns/public/aboutus> and <https://www.regulations.gov/aboutProgram>.

You can discover more about the Regulatory Information Service Center at: <https://www.gsa.gov/about-us/organization/office-of-governmentwide-policy/office-of-acquisition-policy/governmentwide-acq-policy/regulatory-information-service-center> and <https://www.reginfo.gov/public/>.

II. Public Meetings

GSA will be conducting a virtual public meeting on April 30, 2020, from 2 p.m. to 4 p.m., ET. This is a rescheduled meeting originally announced in notice 84 FR–72364 for March 25, 2020. GSA has selected presenters on topics that relate to:

- General challenges and opportunities for analysis across multiple regulations, including use cases. For example, a single regulated entity may be subject to requirements from multiple overlapping or inconsistent regulations.
 - How desirable is it to enhance public participation across the entire life cycle of a rulemaking, from law, to regulation, to U.S. Code? What are the benefits?
 - What types of data analysis tools or reports would be useful for the public?
 - What types of regulatory trends or information should be analyzed to benefit the regulatory process?
 - What technologies or policies could assist with sharing of data or interoperability of regulatory management systems across the Federal government?
 - What are the challenges and opportunities for third party service providers to use regulatory information alone or in combination with other data to deliver services or analysis?
 - What technologies or policies could assist with increasing public access to data for or through third party applications?

Check for additional information regarding meeting logistics on *regulations.gov*, “Docket No. GSA–2020–0002; Sequence No. 16.” as dates approach. Updates will also be on the EventBrite registration page at <https://regulatorydata.eventbrite.com>. Questions may be directed to eRulemaking@gsa.gov.

Meeting Accommodations: A full transcript of the meeting will be made available on *regulations.gov* within two weeks.

Closed captioning is available during the meeting and will be automatically presented through your browser. Technical support will be available in the webinar chat room should anyone have difficulty.

III. Written Comments

To assist GSA in planning for the modernization of the Electronic Rulemaking Management process, GSA is inviting interested parties to submit written comments.

Instructions for submitting comments: The referenced electronic docket in *regulations.gov* is a collection of
