

conclusion that Maize Event PY203 is unlikely to develop into feral persistent populations or to be more weedy or invasive in the environment compared to conventional maize varieties.

Paragraph (d) of § 340.6 provides that APHIS will publish a notice in the **Federal Register** providing 60 days for public comment for petitions for a determination of nonregulated status. On March 6, 2012, we published in the **Federal Register** (77 FR 13258–13260, Docket No. APHIS–2011–0129) a notice¹ describing our process for soliciting public comment when considering petitions for determinations of nonregulated status for GE organisms. In that notice we indicated that APHIS would accept written comments regarding a petition once APHIS deemed it complete.

In accordance with § 340.6(d) of the regulations and our process for soliciting public input when considering petitions for determinations of nonregulated status for GE organisms, we are publishing this notice to inform the public that APHIS will accept written comments regarding the petition for a determination of nonregulated status from interested or affected persons for a period of 60 days from the date of this notice. The petition is available for public review and comment, and copies are available as indicated under **ADDRESSES** and **FOR FURTHER INFORMATION CONTACT** above. We are interested in receiving comments regarding potential environmental and interrelated economic issues and impacts that APHIS may determine should be considered in our evaluation of the petition. We are particularly interested in receiving comments regarding biological, cultural, or ecological issues, and we encourage the submission of scientific data, studies, or research to support your comments.

After the comment period closes, APHIS will review all written comments received during the comment period and any other relevant information. Any substantive issues identified by APHIS based on our review of the petition and our evaluation and analysis of comments will be considered in the development of our decision-making documents. As part of our decision-making process regarding a GE organism's regulatory status, APHIS prepares a plant pest risk assessment to assess its plant pest risk and the appropriate environmental documentation—either an

environmental assessment (EA) or an environmental impact statement (EIS)—in accordance with the National Environmental Policy Act (NEPA), to provide the Agency with a review and analysis of any potential environmental impacts associated with the petition request. For petitions for which APHIS prepares an EA, APHIS will follow our published process for soliciting public comment (see footnote 1) and publish a separate notice in the **Federal Register** announcing the availability of APHIS' EA and plant pest risk assessment.

Should APHIS determine that an EIS is necessary, APHIS will complete the NEPA EIS process in accordance with Council on Environmental Quality regulations (40 CFR part 1500–1508) and APHIS' NEPA implementing regulations (7 CFR part 372).

(Authority: 7 U.S.C. 7701–7772 and 7781–7786; 31 U.S.C. 9701; 7 CFR 2.22, 2.80, and 371.3)

Done in Washington, DC, this 8th day of April 2020.

Michael Watson,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410–34–P

DEPARTMENT OF AGRICULTURE

Food Safety and Inspection Service

[Docket No. FSIS–2020–0014]

Notice of Request for Renewal of an Approved Information Collection (Modernization of Poultry Slaughter Inspection)

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and the Office of Management and Budget (OMB) regulations, the Food Safety and Inspection Service (FSIS) is announcing its intention to request renewal of the approved information collection regarding poultry slaughter inspection. There are no changes to the existing information collection. The approval for this information collection will expire on September 30, 2020.

DATES: Submit comments on or before June 15, 2020.

ADDRESSES: FSIS invites interested persons to submit comments on this **Federal Register** notice. Comments may be submitted by one of the following methods:

- **Federal eRulemaking Portal:** This website provides commenters the ability

to type short comments directly into the comment field on the web page or to attach a file for lengthier comments. Go to <http://www.regulations.gov>. Follow the on-line instructions at that site for submitting comments.

- **Mail, including CD-ROMs, etc.:** Send to Docket Clerk, U.S. Department of Agriculture, Food Safety and Inspection Service, 1400 Independence Avenue SW, Mailstop 3758, Room 6065, Washington, DC 20250–3700.

- **Hand- or courier-delivered submittals:** Deliver to 1400 Independence Avenue SW, Room 6065, Washington, DC 20250–3700.

Instructions: All items submitted by mail or electronic mail must include the Agency name and docket number FSIS–2020–0014. Comments received in response to this docket will be made available for public inspection and posted without change, including any personal information, to <http://www.regulations.gov>.

Docket: For access to background documents or comments received, call (202) 720–5627 to schedule a time to visit the FSIS Docket Room at 1400 Independence Avenue SW, Room 6065, Washington, DC 20250–3700.

FOR FURTHER INFORMATION CONTACT: Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250–3700; (202) 720–5627.

SUPPLEMENTARY INFORMATION:

Title: Modernization of Poultry Slaughter Inspection.

OMB Number: 0583–0156.

Expiration Date of Approval: 9/30/2020.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary as specified in the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*). This statute provides that FSIS is to protect the public by verifying that poultry products are safe, wholesome, not adulterated, and properly labeled and packaged.

FSIS is requesting renewal of the approved information collection regarding poultry slaughter inspection. The approval for this information collection will expire on September 30, 2020. There are no changes to the existing information collection.

FSIS requires that all official poultry slaughter establishments, other than establishments that slaughter ratites, maintain as part of their HACCP plan, sanitation SOP, or other prerequisite

¹ To view the notice, go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2011-0129>.

program, written procedures addressing: (1) The prevention throughout the entire slaughter and dressing operation of contamination of carcasses and parts by enteric pathogens (*e.g.*, *Salmonella* and *Campylobacter*) and by fecal material, including microbial test results; and (2) the prevention of carcasses and parts contaminated by visible fecal material from entering the chiller.

Each establishment operating under the New Poultry Inspection System (NPIS) is required to collect and maintain additional information concerning poultry slaughter. As part of the HACCP system, establishments operating under NPIS maintain written procedures to prevent carcasses afflicted with septicemia and toxemia from entering the chiller, as well as records that document that the products resulting from slaughter operations meet the definition of ready-to-cook poultry.

Additionally, each establishment operating under the NPIS also needs to submit on an annual basis an attestation to the management member of the local FSIS circuit safety committee stating that it maintains a program to monitor and document any work-related conditions of establishment workers.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: FSIS estimates that it will take respondents an average of .125 hours to record results and maintain necessary documentation.

Respondents: Official poultry establishments.

Estimated No. of Respondents: 289.

Estimated No. of Annual Responses per Respondent: 5,291.3.

Estimated Total Annual Burden on Respondents: 19,204 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250-3700; (202) 720-5627.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological

collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <http://www.fsis.usda.gov/federal-register>.

FSIS will also announce and provide a link to this **Federal Register** publication through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS can provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <http://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.

USDA Non-Discrimination Statement

No agency, officer, or employee of the USDA shall, on the grounds of race, color, national origin, religion, sex, gender identity, sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, or political beliefs, exclude from participation in, deny the benefits of, or subject to discrimination any person in the United States under any program or activity conducted by the USDA.

How To File a Complaint of Discrimination

To file a complaint of discrimination, complete the USDA Program Discrimination Complaint Form, which may be accessed online at <http://www.ocio.usda.gov/sites/default/files/>

[docs/2012/Complain_combined_6_8_12.pdf](#), or write a letter signed by you or your authorized representative.

Send your completed complaint form or letter to USDA by mail, fax, or email:
Mail: U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue SW, Washington, DC 20250-9410.

Fax: (202) 690-7442.

Email: program.intake@usda.gov.

Persons with disabilities who require alternative means for communication (Braille, large print, audiotape, etc.), should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

Paul Kiecker,

Administrator.

BILLING CODE 3410-DM-P

DEPARTMENT OF AGRICULTURE

Food and Nutrition Service

Request for Information: WIC National Universal Product Code Database Next Steps

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Notice; Reopening of Comment Period.

SUMMARY: The U.S. Department of Agriculture (USDA), Food and Nutrition Service (FNS), Special Supplemental Nutrition Program for Women, Infants and Children (WIC Program or WIC) is issuing this Request for Information to obtain input from WIC State agencies, authorized vendors, food manufacturers, technology partners, and other interested stakeholders regarding the direction of the National Universal Product Code (NUPC) database. The NUPC database can be used by WIC State agencies delivering benefits via Electronic Benefit Transfer (EBT) to develop, update and maintain their Authorized Product Lists (APLs). FNS is specifically interested in obtaining stakeholder perspectives on the role of the NUPC database to the program community, and different options for operating, maintaining, and/or enhancing the database. FNS welcomes comments from all interested stakeholders.

As a background, on January 30, 2020, FNS issued the initial Request for Information, beginning a 60-day public comment period. Public involvement opportunities including public meetings, are now being modified based on considerations for employee and public health and safety. We recognize that there is a need to reopen the
