

and extensive review by the Advisory Committee on Reactor Safeguards.

The RG applies to holders of operating licenses under 10 CFR part 50, "Domestic Licensing of Production and Utilization Facilities." The RG could also apply to holders of combined licenses under 10 CFR part 52, "Licenses, Certifications, and Approvals for Nuclear Power Plants." However, because no combined license holder is expected to use this RG for at least two decades, the NRC is not expanding the RG's applicability to combined license holders at this time.

II. Additional Information

The NRC published a notice of the availability of DG-1341 in the **Federal Register** on September 17, 2019 (84 FR 48953) for a 30-day public comment period. The public comment period closed on October 17, 2019. Public comments on DG-1341 and the staff responses to the public comments are available in ADAMS under Accession No. ML20017A259.

III. Congressional Review Act

This RG is a rule as defined in the Congressional Review Act (5 U.S.C. 801-808). However, the Office of Management and Budget has not found it to be a major rule as defined in the Congressional Review Act.

IV. Backfitting, Forward Fitting, and Issue Finality

Revision 2 of RG 1.188 describes one acceptable method for demonstrating compliance with 10 CFR part 54 for applicants for nuclear power plant license renewal and subsequent license renewal. This RG would not constitute backfitting as defined in 10 CFR 50.109, "Backfitting" and as described in NRC Management Directive 8.4, "Management of Backfitting, Forward Fitting, Issue Finality, and Information Requests" (ADAMS Accession No. ML18093B087); would not affect the issue finality of any approval issued under 10 CFR part 52; and would not constitute forward fitting as that term is defined and described in Management Directive 8.4. Existing licensees and applicants for license renewal or subsequent license renewal will not be required to comply with the positions set forth in this RG. Further information on the staff's use of the RG is contained in the RG under Section D., "Implementation."
