DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

April 14, 2020.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and

assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by May 18, 2020 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Departmental Administration—Office of Safety, Security and Protection

Title: USDA PIV Request for Credential.

OMB Control Number: 0505-0022.

Summary of Collection: The Homeland Security Presidential Directive (HSPD)-12 information collection is required for establishing the applicant's identity for Personal Identity Verification (PIV) credential issuance. The information requested must be provided by Federal contractors and other applicable individuals (including all employees and some affiliates) when applying for a USDA PIV credential (identification card), also known as "LincPass." The information is necessary to comply with the requirements outlined in Homeland Security Presidential Directive (HSPD) 12, and Federal Information Processing Standard (FIPS) 201-2. USDA has implemented an automated identity proofing, registration, and issuance process consistent with the requirements outlined in FIPS 201-2.

Need and Use of the Information: Information will be collected using form AD 1197, Request for USDA Identification (ID) Badge, to issue a site badge to grant individuals short term access to facilities. USDA has chosen to use GSA's USAccess program for HSPD-12 credentialing and identity management. The automated system includes six separate and distinct roles to ensure no one single individual can issue a credential without further validation from another authorized role holder. An automated notification workflow provides streamlined communication between role holder and the applicant, notifying each as to the respective steps in the process. If the information is not collected, Federal and non-Federal employees may not be permitted in some facilities and will not be allowed access to government computer systems.

Description of Respondents: Individuals or households.

Number of Respondents: 12,000.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 24,000.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2020-0013]

Addition of Indonesia to the List of Regions Affected With African Swine Fever

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public that we have added Indonesia to the list of regions that the Animal and Plant Health Inspection Service considers to be affected with African swine fever (ASF). We have taken this action because of confirmation of ASF in Indonesia.

DATES: Indonesia was added to the APHIS list of regions considered affected with ASF on December 13, 2019.

FOR FURTHER INFORMATION CONTACT: Dr. John Grabau, Regionalization Evaluation Services, Veterinary Services, APHIS, 920 Main Campus Drive, Suite 200, Raleigh, NC 27606. Phone: (919) 855-7738; email: John.H.Grabau@usda.gov.

SUPPLEMENTARY INFORMATION: The regulations in 9 CFR part 94 (referred to below as the regulations) govern the importation of specified animals and animal products to prevent introduction into the United States of various animal diseases, including African swine fever (ASF). ASF is a highly contagious animal disease of wild and domestic swine. It can spread rapidly in swine populations with extremely high rates of morbidity and mortality. A list of regions where ASF exists or is reasonably believed to exist is maintained on the Animal and Plant Health Inspection Service (APHIS) website at <https://www.aphis.usda.gov/aphis/ourfocus/animalhealth/animal-and-animal-product-import-information/animal-health-status-of-regions/>. This list is referenced in § 94.8(a)(2) of the regulations.

Section 94.8(a)(3) of the regulations states that APHIS will add a region to the list referenced in § 94.8(a)(2) upon determining ASF exists in the region, based on reports APHIS receives of outbreaks of the disease from veterinary officials of the exporting country, from the World Organization for Animal Health (OIE), or from other sources the Administrator determines to be reliable, or upon determining that there is reason to believe the disease exists in the region. Section 94.8(a)(1) of the regulations specifies the criteria on which the Administrator bases the reason to believe ASF exists in a region. Section 94.8(b) prohibits importation of pork and pork products from regions listed in accordance with § 94.8 except if processed and treated in accordance with the provisions specified in that section or consigned to an APHIS-approved establishment for further processing. Section 96.2 restricts the importation of swine casings that originated in or were processed in a region where ASF exists, as listed under § 94.8(a).

On December 17, 2019, the veterinary authorities of the Republic of Indonesia reported to the OIE the occurrence of ASF in that country. This confirmation of the ASF outbreak supported APHIS' action on December 13, 2019, adding the Republic of Indonesia to the list of regions where ASF exists or is reasonably believed to exist. This notice serves as an official record and public notification of that action.

As a result, pork and pork products from Indonesia, including casings, are subject to APHIS import restrictions designed to mitigate the risk of ASF introduction into the United States.

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs designated this action as not a major rule, as defined by 5 U.S.C. 804(2).

Authority: 7 U.S.C. 1633, 7701-7772, 7781-7786, and 8301-8317; 21 U.S.C. 136 and 136a; 31 U.S.C. 9701; 7 CFR 2.22, 2.80, and 371.4.

Done in Washington, DC, this 13th day of April 2020.

Mark Davidson,

Acting Administrator, Animal and Plant Health Inspection Service.

Rural Utilities Service

[Docket No. RUS-20-WATER-0017]

Information Collection Activity; Comment Request

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the United States Department of Agriculture's Rural Utilities Service (RUS) invites comments on this information collection for which approval from the Office of Management and Budget (OMB) will be requested.

DATES: Comments on this notice must be received by June 16, 2020.

FOR FURTHER INFORMATION CONTACT: Pamela Bennett, Rural Development Innovation Center, Regulations Management Division, U.S. Department of Agriculture, 1400 Independence Avenue SW, STOP 0793, Room 4015 South Building, Washington, DC 20250-0793. Telephone: (202) 720-9639. Email: pamela.bennett@usda.gov.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget's (OMB) regulation (5 CFR part 1320) implementing provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13) requires that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). This notice identifies an information collection that RUS is submitting to OMB for approval. Comments are invited on: (a) Whether

the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) Ways to enhance the quality, utility and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments may be sent by the Federal eRulemaking Portal: Go to <http://www.regulations.gov> and, in the lower "Search Regulations and Federal Actions" box, select "Rural Utilities Service" from the agency drop-down menu, then click on "Submit." In the Docket ID column, select RUS-20-WATER-0017 to submit or view public comments and to view supporting and related materials available electronically. Title: Technical Assistance Programs.

OMB Control Number: 0572-0112.

Type of Request: Extension of a currently approved collection.

Abstract: The Rural Utilities Service is authorized by section 306 of the Consolidated Farm and Rural Development Act (7 U.S.C. 1926) to make loans to public agencies, American Indian tribes, and nonprofit corporations to fund the development of drinking water, wastewater, and solid waste disposal facilities in rural areas with populations of up to 10,000 residents. Under the CONTACT, 7 U.S.C. 1925(a), as amended, section 306(a) (14) (A) authorizes Technical Assistance and Training grants, and 7 U.S.C. 1932(b), section 310B authorizes Solid Waste Management grants. Grants are made for 100 percent of the cost of assistance. The Technical Assistance and Training Grants and Solid Waste Management Grants programs are administered through 7 CFR part 1775.

Estimate of Burden: Public reporting for this collection of information is estimated to average 3 hours per response.

Respondents: Not-for-profit institutions.
