5. whether any such duties have been suspended and, if so, the date of suspension as well as how long the suspension is scheduled to last;
6. the total rate of duty imposed on such article, including any special or additional rate of duty; and
7. the major countries of origin for each such article, and the import value of each such article from each country for the years 2017–2019.

The Committees asked that the Commission deliver the report as soon as possible, but no later than April 30, 2020. The Committees further requested that the Commission provide any relevant updated data runs on its website through June 30, 2020.
