SUPPLEMENTARY INFORMATION:
Information Collection Request Title: Advanced Nursing Education Workforce Program-Specific Data Collection Forms, OMB No. 0915-0375 Extension.

Abstract: HRSA provides advanced education nursing training grants to educational institutions to increase the numbers of advanced education nurses through the Advanced Nursing Education Workforce (ANEW) Program. The ANEW Program is authorized by Section 811 of the Public Health Service Act (42 U.S.C. 296j), as amended. This request is to extend the use of ANEW Program Specific forms, specifically Tables #1 and #2. There are no proposed changes to these tables. ANEW Table #1 collects information on the types of practice settings where graduates, who received ANEW support as students, are currently employed. The data on graduates' employment practice settings demonstrate the distribution of specialties, *i.e.*, nurse practitioners, clinical nurse specialists and nurse midwives, who are practicing in rural, underserved, public health nursing, and Health Professional Shortage Areas (HPSA) practice settings. ANEW Table #2 requests information on the projected number of primary care advanced practice registered nursing student enrollees/trainees who will receive traineeship support for each upcoming budget year over the entire project period. This data provides a baseline for comparison to data collected on the numbers of students/enrollees/trainees supported that are reported on the Annual Performance Reports.

A 60-day notice published in the **Federal Register** on January 22, 2020, vol. 85, No. 14; pp. 3697-3698. There were no public comments.

Need and Proposed Use of the Information: ANEW Program-Specific Table #1 captures data on the number of graduates of the academic partner

applicant who received HRSA support and are currently employed in rural areas, underserved areas, public health nursing, and HPSA practice settings. The graduate data collected measure the impact of the ANEW Program in meeting the legislative and program goals. ANEW Program-Specific Table #2 collects information on the projected number of students/enrollees to receive traineeship support each budget year of the project period and provides a baseline for student/enrollee support that is reported in the Annual Performance Reports. Collecting this data assists HRSA in carrying out the most impactful program and ensuring resources are used responsibly.

Likely Respondents: Likely respondents will be current ANEW awardees, who will submit the data tables as part of a Noncompeting Continuation progress report, and applicants for the ANEW program, including schools of nursing, nursing centers, academic health centers, state or local governments, and other public or private nonprofit entities determined appropriate by the Secretary that are accredited to carry out primary care nurse practitioner and nurse midwifery programs by a national nurse education accrediting agency recognized by the Secretary of the U.S. Department of Education. The school must be located in one of the 50 U.S. States, the District of Columbia, Guam, the Commonwealth of Puerto Rico, the Northern Mariana Islands, the Virgin Islands, American Samoa, the U.S. Virgin Islands, the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

| Form name | Number of respondents | Number of responses per respondent | Total responses | Average burden per response (in hours) | Total burden hours |
|---|-----------------------|------------------------------------|-----------------|--|--------------------|
| ANEW Application including the ANEW Program Specific Tables and Attachments | 236 | 1 | 236 | 7 | 1,652 |
| Total | 236 | | 236 | | 1,652 |

National Practitioner Data Bank Temporary Waiver of User Fees for Eligible Entities

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: Pursuant to its authority under federal regulations for the National Practitioner Data Bank (NPDB), HRSA's Division of Practitioner Data Bank announces a temporary waiver of user fees for NPDB queries from March 1, 2020, through May 31, 2020, to support our eligible entities in making credentialing, hiring, privileging, and licensing decisions in combatting the COVID-19 pandemic. The waiver includes all one-time queries and continuous queries during the waiver time period. Fees for self-queries will not be waived. The NPDB is a confidential information clearinghouse created by Congress and is intended to facilitate a comprehensive review of the professional credentials of health care practitioners, entities, providers, and suppliers. In response to President Trump's declaration of a national emergency and associated emergency declarations by all states, the federal government, state governments, and many health care entities have taken unprecedented steps regarding licensure portability and the deployment of health workforce resources, including the expansion of telemedicine and granting of disaster privileges. HRSA's NPDB is in a unique position to temporarily waive fees, granting NPDB access to the nation's hospitals, health centers, health plans, state licensing boards, federal agencies, and other eligible health care

entities in support of their efforts to mobilize and appropriately deploy health workforce professionals.

DATES: The NPDB waiver is effective immediately, but will have retroactive effect to March 1, 2020, and will remain in effect through May 31, 2020.

FOR FURTHER INFORMATION CONTACT: David Loewenstein, Director, Division of Practitioner Data Bank, Bureau of Health Workforce, HRSA, (301) 443-2300, NPDBPolicy@hrsa.gov.

SUPPLEMENTARY INFORMATION: The NPDB will waive fees retroactively from March 1, 2020, through May 31, 2020, for eligible entity queries (one-time query and continuous query). The NPDB will not refund the cost of queries performed, but can issue query credits to reimburse entities for one-time and continuous queries performed beginning March 1, 2020. Regulations regarding the NPDB are codified at 45 CFR part 60.
