This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). History and Description of the Cultural Item(s)

Between 1920–1953, five cultural items were removed from Wrangell, AK, by Mr. Walter C. Waters. In 1953, the items were sold to the Burke Museum by his widow. The five sacred objects/objects of cultural patrimony are Keet S'aaxw, Killerwhale hat (catalog number 1–1436), a Aankáawu Wóodzaga, Rich Man's Cane, also known as Keet Wóodzakaa, Killerwhale Cane (catalog number 1–1443), Sáax, L'axkeit, Marmot Mask (catalog number 1–1442), Xoots Shákeé.át, Bear Headdress (catalog number 1–1447) and Xoots Koodás', Bear Shirt (catalog number 1–1493).

At an unknown date, one cultural item was removed from Wrangell, AK. The item, a Gunakadeit s'eik daakeit, Sea Monster Pipe (catalog number 2.5E561), was acquired by Leonard M. Lasser of Windsor, CT, who donated the pipe to the Burke Museum in 1972.

Sometime between 1926–1937, one cultural item was collected by Axel Rasmussen in Wrangell AK. In 1948, the Portland Art Museum purchased Axel Rasmussen's collection, including the Xoots L'axkeit, Grizzly Bear Mask (catalog number 2.5E604). They later deaccessioned the piece, and it was acquired by Bill Holm, who then donated it to the Burke Museum in 1974.

These seven objects all originate from Wrangell AK. This area is the home of Naanya.áayí Clan of the Tlingit people of Southeastern Alaska. Several of these objects are visible in historic photographs including a photograph of Chief Shakes V (Kaawishté) laying in state ca. 1878, and a photograph of Chief Shakes VI (Gush Tlein) along with the possessions of the Naanya.áayí clan inside X'atgoo Hít (Mudshark House) around 1900. Information provided by the Tribes indicates that the Naa Shaadeihani, (head man) or Hit s'aasti (House Leader) were caretakers of these objects, but the objects were communally owned by the clan. These leaders and their relatives were not allowed to make independent decisions to dispose of or alienate clan property. Additionally, these objects are an integral part of ceremonial practices of the Tlingit people and are used during ceremonial activities to represent and unify clan members. Today the Naanya.áayí clan is represented by the Wrangell Cooperative Association and the Central Council of the Tlingit & Haida Indian Tribes.

Determinations Made by the Burke Museum

Officials of the Burke Museum have determined that:

- Pursuant to 25 U.S.C. 3001(3)(C), the seven cultural items described above are specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present-day adherents.

- Pursuant to 25 U.S.C. 3001(3)(D), the seven cultural items described above have ongoing historical, traditional, or cultural importance central to the Native American group or culture itself, rather than property owned by an individual.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced

between the sacred objects, and objects of cultural patrimony and the Central Council of the Tlingit & Haida Indian Tribes and the Wrangell Cooperative Association.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to claim these cultural items should submit a written request with information in support of the claim to Sven Haakanson, Curator of Native American Anthropology, Burke Museum, University of Washington, Box 353010, Seattle, WA 98195, telephone (206) 543–3210, email svenh@uw.edu, by May 20, 2020. After that date, if no additional claimants have come forward, transfer of control of the sacred objects and objects of cultural patrimony to the Central Council of the Tlingit & Haida Indian Tribes and the Wrangell Cooperative Association may proceed.

The Burke Museum is responsible for notifying Central Council of the Tlingit & Haida Indian Tribes and the Wrangell Cooperative Association that this notice has been published.

Proposed Transfer and Re-Use of Abandoned Pipelines

AGENCY: Bureau of Safety and Environmental Enforcement, Interior.

ACTION: Notice of intent and request for submissions of competing interest.

SUMMARY: The Bureau of Safety and Environmental Enforcement (BSEE) is considering whether to authorize the transfer of ownership and reuse of certain pipelines that were decommissioned-in-place in the Gulf of Mexico (GOM).

DATES: Submissions of competing interest are due by May 20, 2020.

ADDRESSES: GOM Regional Supervisor, Regional Field Operations, Bureau of Safety & Environmental Enforcement, 1201 Elmwood Park Blvd., New Orleans, LA 70123–2394. You may also file submissions of competing interest

electronically using a subject reference “Submission of Competing Interest—DIP Pipelines” at *pipelines@bsee.gov*.

FOR FURTHER INFORMATION CONTACT:

Kevin Karl, Bureau of Safety and Environmental Enforcement, Deputy Regional Director, at (504) 736–2632, or by email to: *kevin.karl@bsee.gov*.

Background: BSEE recently received written requests to reuse five separate pipeline segments in the GOM that were

previously decommissioned-in-place (DIP) in accordance with regulatory authority currently found at 30 CFR 250.1750 and 250.1751. The relevant pipeline segments were DIP by prior right-of-way (ROW) holders between August 2003 and December 2010. None of the parties requesting reuse were prior ROW holders of these segments.

BSEE has determined that, pursuant to regulation, Outer Continental Shelf

(OCS) pipelines and related infrastructure, which are DIP for more than one year, become property of the United States and may be transferred to private parties. BSEE received requests from private parties seeking to acquire various pipeline segments from the United States, as set forth in the table below:

PENDING APPLICATIONS REQUESTING TO ACQUIRE AND RE-USE DIP PIPELINES

Previous ROW holder	Previous PSN	Previous ROW	DIP date
Chevron	431	G06386	08/23/03
Conoco	6236	G04854	09/09/10
W&T	882	G13423	09/09/10
Chevron PL	4244	G1857B	12/10/10
Energy XXI	9785	G1857	12/27/10

Purpose: The Department of the Interior has determined that the subject pipeline segments are subject to disposition pursuant to 40 U.S.C. 701 and General Services Administration Federal Management Regulations at part 102–36. BSEE is providing notice that, until May 20, 2020, we will accept submissions of competing interest for acquisition of the listed segments.

While a request for a ROW will eventually be required pursuant to 30 CFR part 250 Subpart J to maintain and re-use the pipeline segment(s), your response to this Notice should focus on proposed terms, conditions, and appropriate instruments to be used to transfer ownership of the pipeline from the United States to you in a manner that shifts responsibility for the pipeline and any future operations and maintenance, as well as all decommissioning obligations.

Purpose of a Notice of Intent (NOI)

This NOI serves to inform interested parties of BSEE’s intent to transfer ownership and authorize re-use of select pipelines that were previously decommissioned in place on the OCS, and to set forth BSEE’s process for accepting submissions of competing interest.

BSEE will evaluate and respond to all submissions received pursuant to this NOI. If BSEE receives future requests to reuse other previously DIP pipelines, it will issue similar NOIs to solicit statements of competing interest.

Instructions for the NOI

Parties interested in acquiring the aforementioned pipeline(s) should submit the information outlined in the Purpose section above to the GOM Regional Supervisor for Regional Field

Operations or electronically as provided in the **ADDRESSES** section no later than May 20, 2020.

Scott Angelle,

Director, Bureau of Safety and Environmental Enforcement.
