

effective, clear and up-to-date, including by requiring CP participation in default management simulations, new technology testing and other exercises to promote operational readiness and practical and effective policies and procedures, removing the oral notification requirement that is no longer necessary, and removing and replacing “FINRA Rule 3070” that is no longer applicable in Chapter 2. The governance arrangements in the ICC Rules thus continue to be clear and transparent, such that information relating to the assignment of responsibilities and the requisite involvement of relevant stakeholders is clearly documented, support the objectives of owners and participants, and promote the effectiveness of ICC’s risk management procedures, consistent with the requirements of Rule 17Ad–22(d)(8).¹⁴

In addition, the amendments are intended to facilitate compliance with the requirements for covered clearing agencies, namely Rule 17Ad–22(e)(13)¹⁵ which requires each covered clearing agency to establish, implement, maintain and enforce written policies and procedures reasonably designed to ensure that the covered clearing agency has the authority and operational capacity to take timely action to contain losses and liquidity demands and continue to meet its obligations by, at a minimum, requiring the covered clearing agency’s participants and, when practicable, other stakeholders to participate in the testing and review of its default procedures, including any close-out procedures, at least annually and following material changes thereto. As such, ICC proposes amended Rule 201(b) that requires ICC’s CPs to participate in the testing and review of its default procedures, as notified by ICC from time to time, to be consistent with the requirements of Rule 17Ad–22(e)(13).¹⁶

(B) Clearing Agency’s Statement on Burden on Competition

ICC does not believe the proposed amendments would have any impact, or impose any burden, on competition. The proposed changes to the ICC Rules will apply uniformly across all market participants. Therefore, ICC does not believe the proposed rule change imposes any burden on competition that is inappropriate in furtherance of the purposes of the Act.

(C) Clearing Agency’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available
From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:

Rule 17a-22; SEC File No. 270-202, OMB Control No. 3235-0196

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for approval of extension of the previously approved collection of information provided for in Rule 17a-22 (17 CFR 240.17a-22) under the Securities Exchange Act of 1934 (“Exchange Act”) (15 U.S.C. 78a *et seq.*).

Rule 17a-22 requires all registered clearing agencies to file with the Commission three copies of all materials they issue or make generally available to their participants or other entities with which they have a significant relationship, such as pledges, transfer agents, or self-regulatory organizations. Such materials include manuals, notices, circulars, bulletins, lists, and

periodicals. The filings with the Commission must be made within ten days after the materials are issued or made generally available. When the Commission is not the clearing agency’s appropriate regulatory agency, the clearing agency must file one copy of the material with its appropriate regulatory agency.

The Commission is responsible for overseeing clearing agencies and uses the information filed pursuant to Rule 17a-22 to determine whether a clearing agency is implementing procedural or policy changes. The information filed aids the Commission in determining whether such changes are consistent with the purposes of Section 17A of the Exchange Act. Also, the Commission uses the information to determine whether a clearing agency has changed its rules without reporting the actual or prospective change to the Commission as required under Section 19(b) of the Exchange Act.

The respondents to Rule 17a-22 are registered clearing agencies. The frequency of filings made by clearing agencies pursuant to Rule 17a-22 varies but on average there are approximately 120 filings per year per active clearing agency. There are nine registered clearing agencies, but only seven active registered clearing agencies are expected to submit filings pursuant to the rule. The Commission staff estimates that each response requires approximately .25 hours (fifteen minutes), which represents the time it takes for a staff person at the clearing agency to properly identify a document subject to the rule, print and make copies, and mail that document to the Commission. Thus, the total annual burden for all active clearing agencies is approximately 210 hours (7 clearing agencies multiplied by 120 filings per clearing agency multiplied by .25).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Washington, DC 20549, or by sending an email to: PRA_Mailbox@sec.gov.

Rule 102; SEC File No. 270-409, OMB Control No. 3235-0467

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for approval of extension of the previously approved collection of information provided for in Rule 102 of Regulation M (17 CFR 242.102), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 102 prohibits distribution participants, issuers, and selling security holders from purchasing activities at specified times during a distribution of securities. Persons otherwise covered by this rule may seek to use several applicable exceptions such as an exclusion for actively traded reference securities and the maintenance of policies regarding information barriers between their affiliates.

There are approximately 955 respondents per year that require an aggregate total of 1,855 hours to comply with this rule. Each respondent makes an estimated 1 annual response. Each response takes on average approximately 1.942 hours to complete. Thus, the total compliance burden per year is 1,855 burden hours. The total internal compliance cost for all respondents is approximately \$129,850.00, resulting in an internal cost of compliance per respondent of approximately \$135.97 (*i.e.*, \$129,850.00/955 respondents).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
