

A proposed rule change filed under Rule 19b-4(f)(6)⁹ normally does not become operative for 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁰ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that waiver of the operative delay would allow trading of Managed Portfolio Shares on the Exchange on a UTP basis without delay. The Exchange further states that Managed Portfolio Shares listed on BZX commenced trading on April 2, 2020. Based on the foregoing, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission waives the 30-day operative delay and designates the proposed rule change operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSECHX-2020-13 on the subject line.

Paper Comments

- Send paper comments in triplicate to: Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

as designated by the Commission. The Exchange has satisfied this requirement.

⁹ 17 CFR 240.19b-4(f)(6).

¹⁰ 17 CFR 240.19b-4(f)(6)(iii).

¹¹ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

All submissions should refer to File Number SR-NYSECHX-2020-13. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSECHX-2020-13 and should be submitted on or before May 15, 2020.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹²

J. Matthew DeLesDernier,

Assistant Secretary.

Notice of Public Meeting of the International Telecommunication Advisory Committee and Preparations for Upcoming International Telecommunications Meetings

This notice announces a conference call of the Department of State's International Telecommunication Advisory Committee (ITAC). The ITAC session will be on conference call only on Tuesday, May 5, 2020 to review the results of recent meetings on

international telecommunication policy meetings and preview upcoming related activities.

The meeting will focus on the following topics:

1. The World Telecommunication Standardization Assembly (WTSA-20) taking place in the fourth quarter of 2020, including positions on study program restructuring and leadership. The WTSA, the quadrennial assembly of the ITU Telecommunication Standardization Sector (ITU-T), will consider the reports of the ITU-T Study Groups, approve the sector's program of work, decide the Study Group structure, and appoint chairmen and vice-chairmen. At the ITAC meeting, we invite comment from the public on the U.S. priorities for WTSA 2020.

The meeting will also highlight preparations for the 2020 session of the ITU Council taking place from June 9, 2020 to June 19, 2020 and related ITU Council Working Groups. The Council acts as the governing body between plenipotentiary conferences.

2. Other ITU-T meetings.
3. ITU-D Telecommunication Development Sector.
4. Inter-American Telecommunication Commission (CITEL).
5. Council Working Groups (CWG).
6. Organization for Economic Cooperation and Development (OECD) Committee on Digital Economy Policy (CDEP).

7. Asia Pacific Economic Corporation Telecommunications (APECTEL).

Participation on the ITAC call is open to the public. The public will have an opportunity to provide comments on the call at the invitation of the chair. Persons wishing to request reasonable accommodation during the meeting should send their requests to ITAC@state.gov no later than April 29, 2020. Accommodations may not be possible for requests made after that time.

Further details on this ITAC conference call will be announced through the Department of State's email list, ITAC@lmlist.state.gov. Use of the ITAC list is limited to International Communication Information Policy (CIP) personnel and is used for meeting announcements and confirmations, distribution of agendas and other relevant meeting documents. The Department welcomes any U.S. citizen or legal permanent resident to join the ITAC listserv by emailing ITAC@state.gov and providing their name, email address, telephone contact and company, organization, or community that will be represented.

This announcement might appear in the **Federal Register** less than 15 days prior to the meeting. The Department of

DEPARTMENT OF STATE

[Public Notice: 11095]

Notice of Public Teleconference Concerning the Use of Digital Sequence Information of Genetic Resources

ACTION: Notice of meeting.

SUMMARY: The U.S. Department of State (DOS) invites submission of comments from the public, academia, industry, and other stakeholders on the topic of “digital sequence information (DSI) on genetic resources,” also known as genetic sequence data (GSD). The United States will use these comments to inform policy development and international messaging on GSD, particularly regarding the Convention on Biological Diversity (CBD) and the Nagoya Protocol. The Department will hold a public meeting and information session to discuss these issues, on May 14, 2020 at 10:00 a.m., by teleconference. This teleconference is in place of the postponed in-person public meeting on DSI originally scheduled for March 12, 2020 [Public Notice 11037].

DATES: A teleconference is planned on Thursday, May 14, 2020. The meeting will begin at 10:00 a.m. EDT and last for up to two hours. Dial-in details will be made available upon registration. Electronic comments are due on or before June 30, 2020.

ADDRESSES: The meeting will be held by phone. You will receive dial-in details upon registration. One electronic submission per person by the June 30 deadline is welcome, with no more than 10 pages of single-spaced text including relevant examples, with no more than one page per example. Submissions should be made via the internet at www.regulations.gov docket number [DOS-2020-2017]. Note that relevant comments submitted to regulations.gov will be posted without editing and will be available to the public; therefore,

business-confidential information should be clearly identified as such and submitted by email instead to ReillyPK2@state.gov. The public is required to file submissions electronically rather than by facsimile or mail. You do not need to resubmit comments if you submitted comments for the original **Federal Register** Notice [Public Notice 11037] announcing the now postponed, in-person public meeting on DSI originally scheduled for March 12, 2020.

FOR FURTHER INFORMATION CONTACT:

Questions regarding the submission of comments should be directed to Patrick Reilly (202) 647-4827, ReillyPK2@state.gov.

SUPPLEMENTARY INFORMATION: The Secretariat of the CBD released three studies on “Digital Sequence Information on Genetic Resources” (<https://www.cbd.int/dsi-gr/2019-2020/studies/>) that examine the scope, present use, traceability, access, and current benefit-sharing schemes relating to DSI/GSD. These studies were commissioned to inform decisions by the Parties to the CBD and the Nagoya Protocol at the 2020 Conference of Parties (COP) to the CBD and the Conference of Parties serving as the Meeting of the Parties to the Nagoya Protocol. (Originally planned for October 15–18, 2020 in Kunming, China, the CBD COP and related meetings have been postponed due to COVID-19; new dates have not yet been announced.) During the teleconference, DOS will provide a brief overview of the ongoing discussions regarding DSI/GSD in the context of the CBD and the Nagoya Protocol and public participants will have the opportunity to share their comments, concerns, and questions about this issue. The information obtained from these meetings will help the U.S. Government prepare for U.S. participation in international meetings, in particular, U.S. participation in upcoming CBD and Nagoya Protocol meetings. Documents and other information related to the CBD and Nagoya Protocol can be found at this website: www.cbd.int.

We welcome examples, information, and comment on:

- (1) The CBD studies cited above;
- (2) practices regarding the collection, management, and use of DSI/GSD;
- (3) experiences with access and benefit-sharing (ABS) approaches or requirements related to DSI/GSD;
- (4) specific examples of actual and potential impacts that could occur if tracking and benefit sharing for the utilization of DSI/GSD were required by domestic legislation in other countries,

or encouraged under the Nagoya Protocol or other international instruments, such as the International Treaty on Plant Genetic Resources for Food and Agriculture and the World Health Organization Pandemic Influenza Preparedness Framework;

(5) specific examples of actual and potential impacts that could occur if tracking and benefit sharing for the utilization of DSI/GSD were required on research collaborations, international sample sharing, academic and commercial research, pandemic and epidemic preparedness and response, and food security;

(6) monetary or non-monetary benefits that are facilitated by international sharing of DSI/GSD;

(7) how organizations can still advance science if national-level ABS frameworks in other countries require tracking and benefit sharing for the utilization of DSI/GSD;

(8) non-ABS challenges and barriers to sharing DSI/GSD that have significant implications for global research efforts that might merit additional attention or analysis; and

(9) issues and/or examples related to the items described above or other items that could affect the scientific process.

Representatives from DOS will review written submissions and share them, as appropriate, with other Federal Agencies to inform U.S. Government policy and our international engagements on these issues. U.S. officials may contact individuals making submissions for further information or clarification.

Status: The meeting will be open to the public. Persons wishing to dial-in should submit their full name and organization to Patrick Reilly at ReillyPK2@state.gov and copy RSVP-ECW@state.gov at least three days prior to the meeting. Requests made after that time will be considered but might not be accommodated.
