disclosures when an account is opened, when a disclosed term changes or a term account is close to renewal, on periodic statements of account activity, in advertisements, and upon a member’s or potential member’s request. Credit unions that provide periodic statements are required to include information about fees imposed, the annual percentage yield (APY) earned during those statement periods, and other account terms. The requirements for creating and disseminating account disclosures, change in terms notices, term share renewal notices, statement disclosures, and advertising disclosures are necessary to implement TISA’s purpose of providing the public with information that will permit informed comparisons of accounts at financial institutions.

The collection of information pursuant to Part 707 is triggered by specific events and disclosures and must be provided to consumers within the time periods established under the regulation. Credit unions must retain evidence of compliance for a minimum of two years after the disclosures are required to be made or an action is required to be taken.

**NUCLEAR REGULATORY COMMISSION**

**[Docket No. 50–264; NRC–2020–0048]**

**In the Matter of the Dow Chemical Company; Dow TRIGA Research Reactor**

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Indirect transfer of license; order.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC, the Commission) is issuing an order approving an application filed by the Dow Chemical Company (TDCC) on November 22, 2019. The application sought NRC approval of the indirect transfer of control of Renewed Facility Operating License No. R–108 for the Dow TRIGA Research Reactor (DTRR). The indirect transfer of control resulted from the merger of TDCC with E.I. du Pont De Nemours and Company in August 2017, which established a new parent company, DowDuPont, Inc. Subsequently, in April 2019, Dow, Inc. was formed as a separate company from DowDuPont, Inc. and TDCC became a wholly-owned subsidiary of Dow, Inc. The NRC determined that TDCC
