

(2) *Contacting the Manufacturer:* For any requirement in this AD to obtain instructions from a manufacturer, the instructions must be accomplished using a method approved by the Manager, Large Aircraft Section, International Validation Branch, FAA; or EASA; or Airbus SAS's EASA Design Organization Approval (DOA). If approved by the DOA, the approval must include the DOA-authorized signature.

(3) *Required for Compliance (RC):* For any service information referenced in EASA AD 2020-0070 that contains RC procedures and tests: Except as required by paragraph (i)(2) of this AD, RC procedures and tests must be done to comply with this AD; any procedures or tests that are not identified as RC are recommended. Those procedures and tests that are not identified as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an AMOC, provided the procedures and tests identified as RC can be done and the airplane can be put back in an airworthy condition. Any substitutions or changes to procedures or tests identified as RC require approval of an AMOC.

**[Docket Number USCG-2020-0217]**

**RIN 1625-AA08**

#### **Special Local Regulation; Great Western Tube Float; Colorado River, Parker, AZ**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard is proposing to change the location of the special local regulation for the annual Great Western Tube Float, which is held on the navigable waters of the Colorado River in Parker, AZ. The change of the location for the special local regulation is necessary to provide for the safety of life on the navigable waters during the event. This action will restrict vessel traffic in certain waters of the Colorado River, from 7 a.m. to 6 p.m. one Saturday in June, from Buckskin Mountain State Park to La Paz County Park. We invite your comments on this proposed rulemaking.

**DATES:** Comments and related material must be received by the Coast Guard on or before May 12, 2020.

**ADDRESSES:** You may submit comments identified by docket number USCG-2020-0217 using the Federal eRulemaking Portal at <https://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

**FOR FURTHER INFORMATION CONTACT:** If you have questions about this proposed rulemaking, call or email Lieutenant Briana Biagas, Waterways Management, U.S. Coast Guard; telephone 619-278-7656, email *D11MarineEventsSD@uscg.mil*.

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Table of Abbreviations**

CFR Code of Federal Regulations

DHS Department of Homeland Security

FR Federal Register

NPRM Notice of proposed rulemaking

§ Section

U.S.C. United States Code

##### **II. Background, Purpose, and Legal Basis**

The Great Western Tube Float is an annual recurring event listed in Table 1, Item 9 of 33 CFR 100.1102, Annual Marine Events on the Colorado River,

between Davis Dam (Bullhead City, Arizona) and Headgate Dam (Parker, Arizona). Special local regulations exist for the marine event to allow for special use of the Colorado River, Parker, AZ for this event.

The purpose of this rulemaking is to update the location for the Great Western Tube Float which will provide effective control over the marine event and insure safety of life in the regatta or marine parade area. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70041.

#### **III. Discussion of Proposed Rule**

The Great Western Tube Float is an annual event normally held on a Saturday in June on the waters of the Colorado River, Parker, AZ.

33 CFR 100.1102 lists the annual marine events and special local regulations on the Colorado River, between Davis Dam (Bullhead City, Arizona) and Headgate Dam (Parker, Arizona). The enforcement date and regulated location for this marine event are listed in Table 1, Item 9 of Section 100.1102.

The location listed in the Table indicates that the marine event will occur on the navigable waters of the Colorado River from La Paz County Park to the BlueWater Resort and Casino, immediately before the Headgate Dam. However, this rule will change the location to the navigable waters of the Colorado River from Buckskin Mountain State Park to La Paz County Park, to reflect the actual location of this year's event. This change is needed to accommodate the sponsor's event plan and ensure that adequate regulations are in place to protect the safety of vessels and individuals that may be present in the regulated area. No other portion of Table 1 of Section 100.1102 or other provisions in Section 100.1102 would be affected by this regulation.

The special local regulations are necessary to provide for the safety of the crew, spectators, participants, and other vessels and users of the Colorado River waterway. Persons and vessels will continue to be prohibited from anchoring, blocking, loitering, or impeding within this regulated waterway during the enforcement period unless authorized by the COTP, or his designated representative. Additionally, movement of all vessels within the regulated area and entry of all vessels into the regulated area will be restricted. Before the effective period, the Coast Guard will publish information on the event in the weekly LNM. The proposed regulatory text appears at the end of this document.

#### IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protesters.

##### A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-day of the special local regulation. This event takes place annually on one Saturday in June and will utilize only a small portion of the Colorado River during the event. This event is already included in our regulations, the only change is to the location on the river where the event would take place. The Coast Guard will publish a local notice to mariners in the weeks before the event that details the vessel restrictions of the regulated area.

##### B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity

and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

##### C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

##### D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132 (Federalism), if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments) because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

##### E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a

State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

##### F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves the establishment of marine event special local regulations on the navigable waters of the Colorado River. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A preliminary Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

##### G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

##### V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal

eRulemaking Portal at <https://www.regulations.gov>. If your material cannot be submitted using <https://www.regulations.gov>, call or email the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <https://www.regulations.gov> and will include any personal information you have provided. For more about privacy and submissions in response to this document, see DHS's eRulemaking

System of Records notice (85 FR 14226, March 11, 2020).

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <https://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

#### List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, and Waterways.

For the reasons discussed in the preamble, the Coast Guard is proposing to amend 33 CFR part 100 as follows:

#### PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

- 1. The authority citation for part 100 continues to read as follows:

**Authority:** 46 U.S.C. 70041; 33 CFR 1.05–1.

- 2. In § 100.1102, in Table 1 to § 100.1102, amend item “9” to read as follows:

#### 9. Great Western Tube Float

Sponsor .....	City of Parker, AZ.
Event Description .....	River float.
Date .....	One Saturday in June.
Location .....	Parker, AZ.
Regulated Area .....	The navigable waters of the Colorado River from Buckskin Mountain State Park to La Paz County Park.

Dated: April 15, 2020.

**T.J. Barelli,**  
*Captain, U.S. Coast Guard, Captain of the Port San Diego.*

#### Proposed Priorities—Innovative Rehabilitation Training Program

**AGENCY:** Office of Special Education and Rehabilitative Services, Department of Education.

**ACTION:** Proposed priorities.

**SUMMARY:** The Assistant Secretary for the Office of Special Education and Rehabilitative Services proposes priorities under the Innovative Rehabilitation Training program, Catalog of Federal Domestic Assistance (CFDA) numbers 84.263D/E/F. The Assistant Secretary may use one or more of these priorities for competitions in fiscal year (FY) 2020 and later years. We take this action to improve employment outcomes and raise expectations for all people with disabilities. The program funds time-limited pilot innovative rehabilitation training projects to develop, refine, implement, evaluate, and disseminate innovative methods of training vocational rehabilitation (VR) personnel to support the work of the State VR agencies in the following topic

areas: Client Assistance Program (84.263D); assisting and supporting individuals with disabilities pursuing self-employment, business ownership, and telecommuting (84.263E); and field-initiated projects in an area related to VR (84.263F).

**DATES:** We must receive your comments on or before May 27, 2020.

**ADDRESSES:** Submit your comments through the Federal eRulemaking Portal or via postal mail, commercial delivery, or hand delivery. We will not accept comments submitted by fax or by email or those submitted after the comment period. To ensure that we do not receive duplicate copies, please submit your comments only once. In addition, please include the Docket ID at the top of your comments.

- *Federal eRulemaking Portal:* Go to [www.regulations.gov](https://www.regulations.gov) to submit your comments electronically. Information on using *Regulations.gov*, including instructions for accessing agency documents, submitting comments, and viewing the docket, is available on the site under “Help.”

- *Postal Mail, Commercial Delivery, or Hand Delivery:* If you mail or deliver your comments, address them to Cassandra P. Shoffler, U.S. Department of Education, 400 Maryland Avenue SW, Room 5122, Potomac Center Plaza, Washington, DC 20202–2800.

**Privacy Note:** The Department's policy is to make all comments received from members of the public available for public viewing in their entirety on the Federal eRulemaking Portal at [www.regulations.gov](https://www.regulations.gov). Therefore,

commenters should be careful to include in their comments only information that they wish to make publicly available.

**FOR FURTHER INFORMATION CONTACT:** Cassandra P. Shoffler, U.S. Department of Education, 400 Maryland Avenue SW, Room 5122, Potomac Center Plaza, Washington, DC 20202–2800.

Telephone: (202) 245–7827. Email: [84.263DEF@ed.gov](mailto:84.263DEF@ed.gov).

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1–800–877–8339.

#### SUPPLEMENTARY INFORMATION:

**Invitation to Comment:** We invite you to submit comments regarding the proposed priorities. To ensure that your comments have maximum effect in developing the notice of final priorities, we urge you to identify clearly the proposed priority that each comment addresses.

We invite you to assist us in complying with the specific requirements of Executive Orders 12866, 13563, and 13771 and their overall requirement of reducing regulatory burden that might result from the proposed priorities. Please let us know of any further ways we could reduce potential costs or increase potential benefits while preserving the effective and efficient administration of the program.

During and after the comment period, you may inspect all public comments about the proposed priorities by accessing *Regulations.gov*. You may also
