BILLING CODE 7510-13-P

**NATIONAL CREDIT UNION
ADMINISTRATION**

**Submission for OMB Review;
Comment Request**

AGENCY: National Credit Union
Administration (NCUA).

ACTION: Notice.

SUMMARY: The National Credit Union Administration (NCUA), as part of a continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on the following extensions of currently approved collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments should be received on or before May 28, 2020 to be assured of consideration.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Copies of the submission may be obtained by contacting Mackie Malaka at (703) 548-2704, emailing PRAComments@ncua.gov, or viewing the entire information collection request at www.reginfo.gov.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133-0092.

Title: Loans to Members and Lines of Credit to Members, 12 CFR 701.21 and Appendix B to 741.

Type of Review: Extension of a currently approved collection.

Abstract: Section 107(5) of the Federal Credit Union Act authorizes Federal Credit Unions (FCU) to make loans to members and issue lines of credit (including credit cards) to members. Section 701.21 governs the requirements related to loans to members and lines of credit to members for FCUs.

Additionally, Part 741 established requirements for all federally insured credit unions (both Federal and state charters) related to loans to members and lines of credit union members.

NCUA reviews the information collections to ensure compliance with applicable regulations and laws, and to assess the safety and soundness of the credit union’s lending program.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 21,534.

OMB Number: 3133-0101.

Title: Member Business Loans; Commercial Lending, 12 CFR 723.

Type of Review: Extension of a currently approved collection.

Abstract: As part of NCUA’s Regulatory Modernization Initiative, the NCUA Board amended Part 723 to provide federally insured credit unions with greater flexibility and individual autonomy in safely and soundly providing commercial and business loans to serve their members. The rule modernizes the regulatory requirements that govern credit union commercial lending activities by replacing the current rule’s prescriptive requirement and limitations with a broad principles-based regulatory approach.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 3,656.

OMB Number: 3133-0140.

Title: Secondary Capital for Low-Income Designated Credit Unions, 12 CFR 701.34(b).

Type of Review: Extension of a currently approved collection.

Abstract: Section 701.34 (b) of NCUA’s regulations provide that designated low-income credit unions (LICU) may accept secondary capital under certain conditions. For those LICUs wishing to exercise their option to access secondary capital, NCUA requires that credit unions accepting secondary capital must develop and submit a plan for its acquisition, use, and repayment. The information is used by NCUA to determine if the secondary capital will be managed by the credit union without risk to its financial condition, the U.S. government, or the National Credit Union Share Insurance Fund. This collection of information is necessary to obtain the information needed to ensure compliance with requirements related to acceptance and management of secondary capital.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 1,020.

Reason for change: An adjustment has been made due to a decrease in the number of credit unions requesting redemption of secondary capital. A total of 80 burden hours has been removed as

result of the adjustment. A total of 1,020 burden hours is being requested.

OMB Number: 3133-0152.

Title: Management Official Interlocks, 12 CFR 711.

Type of Review: Extension of a currently approved collection.

Abstract: NCUA requires this information collection to ensure federally insured credit unions comply with NCUA’s Management Official Interlocks regulation at 12 CFR part 711, implementing the Depository Institution Management Interlocks Act (“Interlocks Act”) (12 U.S.C. 3201-3208). The Interlocks Act generally prohibits financial institutions management officials from serving simultaneously with two unaffiliated depository institutions or their holding companies. For credit unions, the Interlocks Act restricts interlocks only between credit unions and other financial institutions, such as banks and their holding companies. The information collection requirements of this part covers interlock relationships permitted by statute.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 6.

OMB Number: 3133-0196.

Title: Contractor’s Diversity Profile.

Type of Review: Extension of a currently approved collection.

Abstract: On January 2011, NCUA created the Office of Minority and Women Inclusion (OMWI), as mandated by sec. 342 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Act”) (Pub. L. 111-203). As prescribed by sec. 342(c) of the Act, OMWIs shall develop and implement standards and procedures to ensure the fair inclusions and utilization of minorities, women, and minority-owned and women-owned business in all business and activities of the agency at all levels, including in procurement, insurance, and all types of contracts. As a result, NCUA developed the Contractor Profile form to be completed by a contractor to ensure the fair inclusion and utilization of minorities and women in the workforce of the contractor and, as applicable, subcontractor. The Contractor Profile form includes a series of questions covering a contractor’s, and, as applicable, a subcontractor’s diversity strategies, policies, recruitment, succession planning, and outreach. The information provided is used by NCUA to determine if good faith efforts are met and to fulfill statutory requirements of the Act. Determinations are valid for a two-year period.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 30.

By Gerard Poliquin, Secretary of the Board, the National Credit Union Administration, on April 22, 2020.

Dated: April 22, 2020.

Mackie I. Malaka,

NCUA PRA Clearance Officer.

BILLING CODE 7535-01-P

NATIONAL SCIENCE FOUNDATION

Agency Information Collection

Activities: Comment Request; National Survey of College Graduates

AGENCY: National Center for Science and Engineering Statistics; National Science Foundation.

ACTION: Notice.

SUMMARY: The National Center for Science and Engineering Statistics (NCSES), within the National Science Foundation (NSF) is announcing plans to request renewal of the National Survey of College Graduates (OMB Control Number 3145-0141). In accordance with the requirements of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NCSES will prepare the submission requesting that OMB approve clearance of this collection for three years.

DATES: Written comments on this notice must be received by June 29, 2020 to be assured of consideration. Comments received after that date will be considered to the extent practicable. Send comments to the address below.

FOR FURTHER INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Suite W18200, Alexandria, Virginia 22314; telephone (703) 292-7556; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

SUPPLEMENTARY INFORMATION:

Title of Collection: 2021 National Survey of College Graduates.

OMB Control Number: 3145-0141.

Expiration Date of Current Approval: February 28, 2022.

Type of Request: Intent to seek approval to extend an information collection for three years.

Abstract

Established within the NSF by the America COMPETES Reauthorization Act of 2010 § 505, codified in the National Science Foundation Act of 1950, as amended, the National Center for Science and Engineering Statistics (NCSES) serves as a central Federal clearinghouse for the collection, interpretation, analysis, and dissemination of objective data on science, engineering, technology, and research and development for use by practitioners, researchers, policymakers, and the public.

The National Survey of College Graduates (NSCG) is designed to comply with these mandates by providing information on the supply and utilization of the nation's scientists and engineers. The purpose of the NSCG is to collect data that will be used to provide national estimates on the size, composition, and activities of the science and engineering workforce and changes in their employment, education, and demographic characteristics. The NSCG has been conducted biennially since the 1970s. The 2021 NSCG sample will be selected from the 2019 American Community Survey (ACS) and the 2019 NSCG. By selecting the sample from these two sources, the 2021 NSCG will provide coverage of the college graduate population residing in the United States.

The U.S. Census Bureau, as the agency responsible for the ACS, will serve as the NSCG data collection contractor for NCSES. The survey data collection is expected to begin in February 2021 and continue for approximately seven months. Data will be collected using web and mail questionnaires, and follow-up will be conducted with nonrespondents by computer-assisted telephone interviewing (CATI). The individual's response to the survey is voluntary. The survey will be conducted in conformance with Census Bureau statistical quality standards and, as such, the NSCG data will be afforded confidentiality protection under the applicable Census Bureau confidentiality statutes.

Use of the Information: The NSF uses the information from the NSCG to prepare congressionally mandated reports such as *Women, Minorities and Persons with Disabilities in Science and Engineering* (<https://www.nsf.gov/statistics/women/>) and *Science and Engineering Indicators* (<https://nces.nsf.gov/indicators>), both of which are available online. A public release file of collected data, designed to protect

respondent confidentiality, will be made available on the internet and will be accessible through an online data tool (<https://ncesdata.nsf.gov/ids/>).

Expected Respondents: A statistical sample of approximately 164,000 individuals (90,000 returning sample members and 74,000 new sample members) will be contacted in 2021. Based on recent survey cycles, NCSES expects the response rate to be 65 to 75 percent.

Estimate of Burden: The amount of time to complete the questionnaire may vary depending on an individual's educational history, employment status, and past response to the NSCG. The time to complete the 2019 NSCG web survey ranged from 15.4 minutes for some returning sample members to 23.6 minutes for new sample members, and approximately 85% of respondents completed the web mode. Likewise, CATI interview times during the 2019 NSCG ranged from 29.6 minutes for some returning sample members to 34.3 minutes for new sample members, and about 5% of respondents completed via CATI. It was estimated that all forms of the 2019 NSCG paper questionnaire took 30 minutes to complete, and about 10% of respondents completed the paper form. Based on the 2019 cycle's survey completion times, it is estimated that it will take approximately 25 minutes, on average, to complete the 2021 NSCG questionnaire. NSF estimates that the average annual burden for the 2021 survey cycle over the course of the three-year OMB clearance period will be no more than 17,083 hours [(164,000 individuals × 75% response × 25 minutes)/3 years].

Comments: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the NSF, including whether the information shall have practical utility; (b) the accuracy of the NSF's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, use, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.
