

PBGC. The estimated annual burden of the collection of information is 0.5 hours and \$450.

4. Reduction or Waiver of Partial Withdrawal Liability (29 CFR Part 4208) (OMB Control Number 1212-0039)

Section 4208 of ERISA provides for abatement, in certain circumstances, of an employer's partial withdrawal liability and authorizes PBGC to issue additional partial withdrawal liability abatement rules.

Under the regulation, an employer applies to a plan for an abatement determination, providing information the plan needs to determine whether withdrawal liability should be abated, and the plan notifies the employer of its determination. The employer may, pending plan action, furnish a bond or escrow instead of making withdrawal liability payments, and must notify the plan if it does so. When the plan then makes its determination, it must so notify the bonding or escrow agent.

The regulation also permits plans to adopt their own abatement rules and request PBGC approval. PBGC uses the information in such a request to determine whether the amendment should be approved.

PBGC estimates that each year, at most one employer submits, and one plan responds to, an application for abatement of partial withdrawal liability and no plan sponsors request approval of plan abatement rules from PBGC. The estimated annual burden of the collection of information is 0.50 hours and \$450.

5. Allocating Unfunded Vested Benefits To Withdrawing Employers (29 CFR Part 4211) (OMB Control Number 1212-0035)

Section 4211(c)(5)(A) of ERISA requires PBGC to prescribe how plans can, with PBGC approval, change the way they allocate unfunded vested benefits to withdrawing employers for purposes of calculating withdrawal liability.

The regulation prescribes the information that must be submitted to PBGC by a plan seeking such approval. PBGC uses the information to determine how the amendment changes the way the plan allocates unfunded vested benefits and how it will affect the risk of loss to plan participants and PBGC.

PBGC estimates that 10 plan sponsors submit approval requests each year under this regulation. The estimated annual burden of the collection of information is 100 hours and \$100,000.

6. Notice, Collection, and Redetermination of Withdrawal Liability (29 CFR Part 4219) (OMB Control Number 1212-0034)

Section 4219(c)(1)(D) of ERISA requires that PBGC prescribe regulations for the allocation of a plan's total unfunded vested benefits in the event of a "mass withdrawal." ERISA section 4209(c) deals with an employer's liability for de minimis amounts if the employer withdraws in a "substantial withdrawal."

The reporting requirements in the regulation give employers notice of a mass withdrawal or substantial withdrawal and advise them of their rights and liabilities. They also provide notice to PBGC so that it can monitor the plan, and they help PBGC assess the possible impact of a withdrawal event on participants and the multiemployer plan insurance program.

PBGC estimates that there are six mass withdrawals and three substantial withdrawals per year. The plan sponsor of a plan subject to a withdrawal covered by the regulation provides notices of the withdrawal to PBGC and to employers covered by the plan, liability assessments to the employers, and a certification to PBGC that assessments have been made. (For a mass withdrawal, there are two assessments and two certifications that deal with two different types of liability. For a substantial withdrawal, there is one assessment and one certification (combined with the withdrawal notice to PBGC).) The estimated annual burden of the collection of information is 45 hours and \$148,500.

7. Procedures for PBGC Approval of Plan Amendments (29 CFR Part 4220) (OMB Control Number 1212-0031)

Under section 4220 of ERISA, a plan may within certain limits adopt special plan rules regarding when a withdrawal from the plan occurs and how the withdrawing employer's withdrawal liability is determined. Any such special rule is effective only if, within 90 days after receiving notice and a copy of the rule, PBGC either approves or fails to disapprove the rule. The regulation provides rules for requesting PBGC's approval of an amendment. PBGC needs the required information to identify the plan, evaluate the risk of loss, if any, posed by the plan amendment, and determine whether to approve or disapprove the amendment.

PBGC estimates that at most one plan sponsor submits an approval request per year under this regulation. The estimated annual burden of the

collection of information is 2 hours and \$5,000 dollars.
