

following summary of a proposed collection for public comment.

DATES: Comments on the ICR must be received on or before May 29, 2020.

ADDRESSES: Submit your comments to *OIRA_submission@omb.eop.gov* or via facsimile to (202) 395-5806.

FOR FURTHER INFORMATION CONTACT: Sherrette Funn, *Sherrette.Funn@hhs.gov* or (202) 795-7714. When submitting comments or requesting information, please include the document identifier 0990-New-30D and project title for reference.

SUPPLEMENTARY INFORMATION: Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: Substance Use Disorder Patient Placement Criteria Used By States.

Type of Collection: New.
The Office of the Assistant Secretary for Planning and Evaluation (ASPE) at the U.S. Department of Health and Human Services (HHS) is requesting Office of Management and Budget (OMB) approval for a one-time survey of state agencies regarding their use of substance use disorder (SUD) patient placement criteria and assessment tools. The proposed survey is one component of a larger project to assess the feasibility of gathering and utilizing needs assessment data to identify and address unmet patient needs by levels of care. Results from this survey will provide ASPE with information about the types of patient placement data states collect and maintain, and the degree to which the data can be used to understand the SUD treatment gap. These results will provide ASPE with information that can be used to develop a multistate dataset of needs assessment that can be updated over time. Such a dataset is necessary for understanding and addressing treatment needs in the nation on an ongoing basis.

The 17-question survey requests information related to state

requirements for using patient placement criteria and assessment tools for individuals with SUD. Additional questions ask how data from the placement criteria and/or assessment tools are maintained; if level of care data has been used to help determine service gaps and need for greater capacity; and whether the respondent could provide weblinks to available information on the criteria used in their state.

Two individuals from each state and the District of Columbia will be invited to respond to the survey. Respondents will be representatives from each state's Single State Authority (SSA) and the Medicaid Agency. An eighty-five percent response rate is anticipated, resulting in an estimated 87 total participants.

This project falls under Section 301 of the Public Health Service Act (42U.S.C. 241) [280-1a] which authorizes the Office of the Secretary to conduct and coordinate studies relating to the causes, diagnosis, treatment, control, and prevention of physical and mental diseases.

The total annual burden hours estimated for this information collection request are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Forms	Number of respondents	Number of responses per respondent	Average burden per response (hours)	Total annual burden (hours)
Survey on SUD Placement Criteria	87	1	10/60	14.5

Agency Emergency Information Collection Clearance Request for Public Comment

AGENCY: Office of the Secretary, HHS.
ACTION: Notice.

In compliance with the requirement of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed information collection request for public comment. Interested persons are invited to send

comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, email your request, including your address, phone number, OMB number, and OS document identifier, to *Sherrette.funn@hhs.gov*, or call the Reports Clearance Office on (202) 795-7714. Written comments and recommendations for the proposed

information collections must be directed to the OS Paperwork Clearance Officer at the above email address within 7-days.

Proposed Project: COVID-19 by PCR Requisition Form.
OMB No. 0990-NEW.

Emergency Information Collection Clearance Request

Office: HHS, Office of the Assistant Secretary for Health, Office of the Surgeon General.

Abstract: The COVID-19 by PCR Requisition Form will be used to collect information from individuals who are participating in the federally supported, state managed, locally executed CBTS program to obtain COVID-19 laboratory testing. The COVID-19 by PCR Requisition Form will be used by approximately 200,000 individuals. The Lab Requisition form includes the ordering physician information, the laboratory account information, the date of collection, the time of collection; the

individual's last name, first name, date of birth, gender, language, race, ethnicity, address, phone number, insurance carrier name, and whether the individual has provided informed

consent and received a copy of the privacy notice. The information from the Lab Requisition form is shared with the ordering provider, the contracted laboratory companies, the cognizant

state health department, and the contracted call center. Aggregate data is shared with HHS and FEMA.

ESTIMATED ANNUALIZED BURDEN TABLE

Type of respondent	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Individuals receiving COVID-19 testing	200,000	1	.1	20,000

National Institutes of Health

National Institute on Aging; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute on Aging Special Emphasis Panel; Clinical Cognitive Screening.

Date: May 18, 2020.

Time: 11:00 a.m. to 3:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institute on Aging, Gateway Building, 7201 Wisconsin Avenue, Bethesda, MD 20892. (Telephone Conference Call)

Contact Person: Greg Bissonette, Ph.D., Scientific Review Officer, Scientific Review Branch, National Institute on Aging, National Institutes of Health, 7201 Wisconsin Avenue, Gateway Building, Suite 2W200, BETHESDA, MD 20892, (301) 402-1622, bissonettegb@mail.nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.
