

(2) A preliminary monitoring report showing the results of the required monitoring to date and an explanation showing that the monitoring results do not indicate impacts of a scale or nature not previously analyzed or authorized.

- Upon review of the request for Renewal, the status of the affected species or stocks, and any other pertinent information, NMFS determines that there are no more than minor changes in the activities, the mitigation and monitoring measures will remain the same and appropriate, and the findings in the initial IHA remain valid.

Dated: April 23, 2020.

Donna S. Wieting,

*Director, Office of Protected Resources,
National Marine Fisheries Service.*

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XA143]

Endangered Species; File No. 20314

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for a permit modification.

SUMMARY: Notice is hereby given that the U.S. Fish and Wildlife Service, Virginia Fisheries Field Office, 11110 Kimages Road, Charles City, VA 23030 (Responsible Party: Albert Spells), has requested a modification to scientific research Permit No. 20314.

DATES: Written, telefaxed, or email comments must be received on or before May 29, 2020.

ADDRESSES: The modification request and related documents are available for review by selecting "Records Open for Public Comment" from the Features box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 20314-04 from the list of available applications. These documents are also available upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone: (301) 427-8401; fax: (301) 713-0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at

the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Malcolm Mohead or Erin Markin, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject modification to Permit No. 20314, issued on March 29, 2017 (82 FR 16996), is requested under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

Permit No. 20314 authorizes the permit holder to conduct scientific research on Atlantic sturgeon to identify the overall health of the Chesapeake Bay discreet population segment, monitor reproductive success, spawning adult and juvenile abundance in tributaries, and evaluate movement patterns and habitat preferences in and between tributaries of the Chesapeake Bay. Sampling gear includes anchored/floating gillnets and trawl nets. After capture, fish are externally tagged, tissue sampled, measured, and weighed prior to release. A subset of fish are fin ray sampled and internally tagged with acoustic devices. Early life stages of Atlantic sturgeon are lethally collected to document occurrence of spawning in river systems. Up to two Atlantic sturgeon juvenile and one adult/sub-adult life stages may unintentionally die during research annually. Due to an increase in the abundance of juvenile year classes of Atlantic sturgeon in the James River and to accommodate improvements in population abundance and index estimates, the permit holder is requesting an increase in the numbers of this juvenile life stage that may be captured, marked, measured, weighed, photoed, and released from 100 to 500 animals, annually. The permit expires March 31, 2027.

Dated: April 23, 2020.

Julia Marie Harrison,

*Chief, Permits and Conservation Division,
Office of Protected Resources, National
Marine Fisheries Service.*

BILLING CODE 5061-AP-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DOD-2020-OS-0044]

Proposed Collection; Comment Request

AGENCY: Office of the Under Secretary of Defense for Personnel & Readiness, DoD.

ACTION: Information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Office of the Under Secretary of Defense for Personnel & Readiness announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use

of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by June 29, 2020.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please contact Angela James, Office of Information Management, Department of Defense, at 571-372-7574 or write to whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION: Title; Associated Form; and OMB Number; Overseas Citizen Population Survey; OMB Control Number 0704-0539.

Needs and Uses: The primary objective of the Overseas Citizen Population Survey (OCPS), conducted on behalf of FVAP, is to refine FVAP's methodology for estimating the number of overseas U.S. civilians who are eligible to vote and who have registered and participated in the past. These estimates are then used to address the question of whether the registration and voting propensity of the overseas civilian population differs from that of comparable domestic or military populations. Subsequent to each Presidential election year, FVAP must report to Congress voter registration and participation rates for Uniformed Services voters and overseas citizens. Previous attempts to collect information on the overseas citizen population to identify and measure its voter registration and participation rates in Federal elections suffered from significant bias; this effort is focused on refining a well-established method to

report voter registration and participation rates from a more well-defined subgroup of overseas civilians. Conducting this research will help FVAP meet its federal and congressional mandates in terms of reporting annually on its activities and overall voter registration and participation rates after each Presidential election. The data obtained through this study is also intended to provide insights into existing barriers to UOCAVA voting and recommendations for addressing these challenges. In 2018, data from the 2016 survey was used to identify the barriers that overseas citizens face in requesting, casting and returning their ballots—and, along with the 2018 data, which is just becoming available, will help shape FVAP's outreach to these voters in 2020 and beyond. The 2020 version of the OCPS will test awareness and efficacy of these efforts. The survey also identified that overseas voters are more likely to avail themselves of electronic options when requesting their ballots (compared to active duty military, who rely more often on postal mail). These results guided changes to the 2020 survey, which further probes this difference. Finally, the 2018 survey allows for a midterm-to-midterm comparison of the overseas voting experience from 2014 to 2018—and the 2020 version will permit a similar comparison to the 2016 presidential election.

To obtain the necessary information, the OCPS will use data collected from a sample of registered overseas civilian voters in conjunction with previous country level estimates developed by FVAP research and establish a research method to assist FVAP in reporting voter registration and participation rates for the 2020 election.

Affected Public: Individuals or Households.

Annual Burden Hours: 4,500 hours.

Number of Respondents: 18,000.

Responses per Respondent: 1.

Annual Responses: 18,000.

Average Burden per Response: 15 minutes.

Frequency: Biennially.

Dated: April 23, 2020.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-P

DEPARTMENT OF ENERGY

Notice of The Stakeholder Meeting To Receive Input on the U.S. Department of Energy (DOE) Energy Storage Grand Challenge (ESGC) Initiative

AGENCY: Office of Electricity, Department of Energy.

ACTION: Amendment to notice of stakeholder meetings.

SUMMARY: This notice advises interested persons that the DOE Research and Technology Investment Committee (RTIC) Energy Storage Subcommittee will hold stakeholder meetings for the ESGC via a virtual platform.

DATES: The modified dates for these meetings are as follows:

- May 1st, 2020 from 11:30 a.m. to 1:30 p.m. Eastern Daylight Time.

- Any subsequent ESGC events will be announced at a later time via the events page found in the section below.

ADDRESSES: These meetings will be held virtually via the WebEx platform. If you are interested in attending any of these meetings, please register at www.energy.gov/energy-storage-grand-challenge/events.

FOR FURTHER INFORMATION CONTACT:

Vinod Siberry, U.S. Department of Energy, Office of Electricity, 1000 Independence Avenue SW, Washington, DC 20585-0121. Telephone: (202) 586-1207. For email please use rticstorage@hq.doe.gov and in the subject line include "Further Information". In the body of the email please include your name, organization, and contact information, in addition to your question or inquiry.

SUPPLEMENTARY INFORMATION: The notice of this meeting was first published in the **Federal Register** of February 19, 2020 in FR 2020-03231 on pages 9464-9465. This Amendment is to inform the public that the meeting will be held electronically only.

Good Cause for Late Notice: This Amendment to Notice of public meeting is being published less than 15 days before the first meeting date of May 1, 2020. There is good cause for this late notice. Specifically, travel restrictions affecting members of the RTIC Energy Storage Subcommittee related to the ongoing increase in COVID-19 cases have led the RTIC to conclude that, out of an abundance of caution, an electronic meeting is appropriate.

The meeting is being moved to a wholly electronic format in light of travel restrictions affecting members of the RTIC Energy Storage Subcommittee and related to the ongoing increase in coronavirus (COVID-19) cases.
