BILLING CODE 4140-01-P

proposed data collection projects, the Division of Program Coordination, Planning, and Strategic Initiatives (DPCPSI), Office of the Director (OD), National Institutes of Health (NIH), will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

DATES: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: C. Taylor Gilliland, The Division of Program Coordination, Planning, and Strategic Initiatives, OD, NIH, Building 1, Room 260, 1 Center Drive, Bethesda, MD 20892; or call non-toll-free number 301-402-9852; or email your request, including your address, to dpcpsi@od.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 requires: Written comments and/or suggestions from the public and affected agencies are invited to address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be

collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Proposed Collection Title: Chimpanzee Research Use Form, 0925-0705, exp., date 9/30/2020, Extension, Division of Program Coordination, Planning, and Strategic Initiatives (DPCPSI), Office of the Director (OD), National Institutes of Health (NIH).

Need and Use of Information Collection: The purpose of this form is to obtain information needed by the NIH to assess whether the proposed research satisfies the agency's policy for permitting only noninvasive research involving chimpanzees. The NIH will consider the information submitted through this form prior to the agency making funding decisions or otherwise allowing the research to begin. Completion of this form is a mandatory step toward receiving NIH support or approval for noninvasive research involving chimpanzees. The NIH does not fund any research involving chimpanzees proposed in new or other competing projects (renewals or revisions) unless the research is consistent with the definition of "noninvasive research," as described in the "Standards of Care for Chimpanzees Held in the Federally Supported Chimpanzee Sanctuary System" (42 CFR part 9). See NOT-OD-16-095 at <https://grants.nih.gov/grants/guide/notice-files/NOT-OD-16-095.html> and 81 FR 6873.

OMB approval is requested for three years. There are no costs to respondents other than their time. The total estimated annualized burden hours is 10.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection; 60-Day Comment Request; Bench to Bedside: Integrating Sex and Gender To Improve Human Health & Sex as a Biological Variable: A Primer (Office of the Director)

AGENCY: National Institutes of Health, HHS.
ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995 to provide opportunity for public comment on proposed data collection projects, the National Institutes of Health Office of Research on Women’s Health (ORWH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

DATES: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more

information on the proposed project, contact: Dr. Chyren Hunter, Associate Director, Basic and Translational Research, 6707 Democracy Blvd., Room 437, Bethesda, Maryland 20817 or call non-toll-free number (301) 402-1770 or email your request to *ORWHinfo@mail.nih.gov*. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 requires: written comments and/or suggestions from the public and affected agencies are invited to address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize’s the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Proposed Collection Title: Bench to Bedside: Integrating Sex and Gender to Improve Human Health & Sex as a Biological Variable: A Primer, 0925-NEW, expiration date XX/XX/XXXX, Office of Research on Women’s Health (ORWH), Office of the Director (OD), National Institutes of Health (NIH).

Need and Use of Information Collection: Bench to Bedside: Integrating Sex and Gender to Improve Human Health” is an online course developed by ORWH, the FDA Office of Women’s Health, and other non-federal subject matter experts. “Sex as a Biological Variable: A Primer” is an online course developed by ORWH, NIGMS, and other non-federal subject matter experts. Together, these two courses will provide learners a rationale for the study of biological differences between the sexes, the impact of sex and gender difference on illness, guidance on incorporating the NIH policy on sex as a biological variable (SABV) into studies, and an exploration of sex- and gender-related differences in key disease areas. The Bench to Bedside course will also offer free continuing medical education credits.

In conjunction with these two courses, ORWH will collect information through registration information and surveys (knowledge checks, attitude assessments, and course evaluations). The information collected will be used in the following ways: 1. To assess uptake and learning of concepts in each lesson; 2. To identify demographic trends across learners in order to inform targeted outreach 3. To assess effectiveness of course materials; and 4. To identify areas of focus for future course improvement, modifications, and expansion.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 970.
