

will be fielded annually for three years beginning in 2020 and concluding at the end of 2022 to include each annual cohort of trainees and participants. Each trainee, participant, or site will complete their respective surveys one time.

A 60-day notice published in the **Federal Register** on January 24, 2020, vol. 85, No. 16; pp. 4327–29. There were no public comments.

Need and Proposed Use of the Information: The purpose of this effort is to evaluate HRSA’s SUD prevention and treatment expansion program investments with respect to the following objectives:

- **Objective 1:** What is the impact of the NHSC SUD Workforce LRP and the NHSC Rural Communities LRP on the provision of SUD services in underserved areas compared to those who participate in the non-SUD NHSC LRP?

- **Objective 2:** How are the activities in the BHWET, GPE, and OWEP programs contributing to the expansion of service delivery for SUD prevention and treatment, at the individual, educational, and service-delivery system levels?

- **Objective 3:** To what extent are HRSA’s programs successful at increasing access to treatment for SUD, including opioid treatment services?

The survey data will be critical to understanding the factors related to the success of current HRSA programs, and assist in the development of future

programs and ongoing SUD prevention and treatment workforce policy development.

Likely Respondents: Data will be collected from trainees, grantee organizations, and sites participating in HRSA’s SUD prevention and treatment expansion programs as described below.

NHSC SUD Workforce Loan Repayment Program/NHSC Rural Communities LRP/NHSC LRP—Participants Survey: All NHSC SUD Workforce LRP participants, NHSC Rural Communities LRP participants, and NHSC traditional LRP participants who have served at an NHSC site for at least nine months will be invited to respond. Respondents will also include those whom have exited a program early to understand reasons for termination.

NHSC Loan Repayment Program—Site Survey: All sites that were approved to receive NHSC resources, regardless if they currently have a participant on staff will be invited to respond.

Grantee Training and Educational Programs—Trainee Survey: All individuals identified by a grantee as currently receiving training as part of one of the grantee training and educational programs will be invited to respond. Respondents will also include those who have exited a program early, to understand reasons for termination.

Grantee Training and Educational Programs—Alumni Survey: All individuals who completed the Grantee Training and Educational Program Trainee Survey but had not completed

their training at the time of the trainee survey, will be invited to respond to this short survey which will ask about employment since graduation.

Grantee Training and Educational Programs—Site Survey: All sites that were approved to receive BHWET, OWEP, or GPE trainees, regardless of whether they currently have trainees, will be invited to respond.

Grantee Training and Educational Programs—Grantee Organization Survey: All grantee organizations that received awards in fiscal year (FY) 2018 for the BHWET program, and received FY 2019 awards for the GPE and OWEP programs will be invited to respond.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information.
