

(Sections 921 *et seq.* of title 20, United States Code) require the Department of Defense to provide early intervention services to developmentally delayed infants and toddlers (birth through 2) and special education and medically related services to children with disabilities from 3 through 21 years of age who are eligible to attend a DoD school. In order to ensure the availability of necessary medical and educational services for family members, the Department must identify those who have special health or educational needs. Medical and educational needs are also considered when approving family travel to an overseas or remote location where DoD must provide the services.

The Health Insurance Portability and Accountability Act (HIPAA) of 1996 (Pub. L. 94–191) requires specific language to advise the individuals that personally identifiable health information shall not be used or disclosed except for specifically permitted purposes, unless informed consent is provided by the individual. The Department is standardizing the information collection to ensure that appropriate information is collected and that it meets the data collection HIPAA requirements.

The National Defense Authorization Act (NDAA) for Fiscal Year 2010 (Pub. L. 111–84) requires procedures to identify members of the Uniformed Services who are members of military families with special needs, mechanisms to ensure their timely and accurate evaluations and enrollment.

Affected Public: Individuals or households, businesses or on for-profit.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Sehra.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, Docket ID number, and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

DOD Clearance Officer: Ms. Angela James.

Requests for copies of the information collection proposal should be sent to Ms. James at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

Dated: April 28, 2020.

Morgan E. Park,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Proposals by Non-Federal Interests, for Feasibility Studies, Proposed Modifications to Authorized Water Resources Development Projects and Feasibility Studies, and Proposed Modifications for an Environmental Infrastructure Program for Inclusion in the Annual Report to Congress on Future Water Resources Development

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice.

SUMMARY: Section 7001 of Water Resources Reform and Development Act (WRRDA) 2014, as amended, requires that the Secretary of the Army annually submit to the Congress a report (Annual Report) that identifies feasibility reports, proposed feasibility studies submitted by non-Federal interests, proposed modifications to authorized water resources development projects or feasibility studies, and proposed modifications to environmental infrastructure program authorities that meet certain criteria. The Annual Report is to be based, in part, upon requests for proposals submitted by non-Federal interests.

DATES: Proposals must be submitted online by August 31, 2020.

ADDRESSES: Submit proposals online at: <https://www.usace.army.mil/Missions/Civil-Works/Project-Planning/WRRDA-7001-Proposals/>. If a different method of submission is required, use the further information below to arrange an alternative submission process.

FOR FURTHER INFORMATION CONTACT:

Send an email to the help desk at WRRDA7001Proposal@usace.army.mil or call Stuart McLean, Planning and Policy Division, Headquarters, USACE, Washington, DC at 202–761–4931.

SUPPLEMENTARY INFORMATION: Section 7001 of WRRDA 2014 (33 U.S.C. 2282d), as amended, requires the publication of a notice in the **Federal Register** annually to request proposals by non-

Federal interests for feasibility studies, modifications to authorized USACE water resources development projects or feasibility studies, and modifications to environmental infrastructure program authorities. Project feasibility reports that have signed Chief's Reports, but have not been authorized will be included in the Annual Report table by the Secretary of the Army and these proposals do not need to be submitted in response to this notice.

Proposals by non-Federal interests must be entered online and require the following information:

1. The name of the non-Federal interest, or all non-Federal interests in the case of a modification to an environmental infrastructure program authority, including any non-Federal interest that has contributed to or is expected to contribute toward the non-Federal share of the proposed feasibility study, project modification or environmental infrastructure program.

2. State if this proposal is for authorization of a feasibility study, a modification to an authorized USACE water resources development project, a modification to an authorized USACE water resources feasibility study, or a modification to a USACE environmental infrastructure program authority. If a modification of an existing authority, specify the authorized water resources development project, study, or environmental infrastructure program authority that is proposed for modification.

3. State the specific project purpose(s) of the proposed study or modification.

4. Provide an estimate, to the extent practicable, of the total cost, and the Federal and non-Federal share of those costs, of the proposed study and, separately, an estimate of the cost of construction or modification.

5. Describe, to the extent applicable and practicable, an estimate of the anticipated monetary and non-monetary benefits of the proposal with regard to benefits to the protection of human life and property; improvement to transportation; the national economy; the environment; or the national security interests of the United States.

6. Proposals for modifications to environmental infrastructure program authorities must also include a description of assistance provided to date and the total Federal cost of assistance provided to date.

7. State if the non-Federal interest has the financial ability to provide the required cost share, reference Engineer Regulation 1105– 2–100, Planning Guidance Notebook.

8. Describe if local support exists for the proposal.

9. Upload a letter or statement of support for the proposal from each associated non-Federal interest.

All provided information may be included in the Annual Report to Congress on Future Water Resources Development. Therefore, information that is Confidential Business Information, information that should not be disclosed because of statutory restrictions, or other information that a non-Federal interest would not want to appear in the Annual Report should not be included.

Process: Proposals received within the time frame set forth in this notice will be reviewed by the Army and will be presented in one of two tables. The first table will be in the Annual Report itself, and the second table will be in an appendix. To be included in the Annual Report table, the proposals must meet the following five criteria:

1. Are related to the missions and authorities of the USACE; involve a proposed or existing USACE water resources project or effort whose primary purpose is flood and storm damage reduction, commercial navigation, or aquatic ecosystem restoration. Following long-standing USACE practice, related proposals such as for recreation, hydropower, or water supply, are eligible for inclusion if undertaken in conjunction with such a project or effort.

2. Require specific congressional authorization, including by an Act of Congress:

a. Requires Construction Authorization:

- Feasibility reports that have successfully passed the Tentatively Selected Plan Milestone in the USACE plan formulation process;
- Non-Federal feasibility reports submitted to the Secretary of the Army under Section 203 of WRDA 1986, as amended, under Administration review;
- Proposed modifications to authorized water resources development projects requested by non-Federal interests.

- Note: reports that have signed Chief's Reports, but have not been authorized, will be included in the Annual Report table and these proposals do not need to be submitted in response to this notice.

b. Seeking Study Authorization:

- New feasibility studies proposed by non-Federal interests through the Section 7001 of WRRDA 2014 process will be evaluated by the USACE to determine whether or not there is existing study authority, and
- Proposed modifications to studies requested by non-Federal interests through the Section 7001 of WRRDA

2014 process will be evaluated by the USACE to determine whether or not there is existing study authority.

c. The following cases are NOT ELIGIBLE to be included in the Annual Report and will be included in the appendix for transparency:

- Proposals for modifications to non-Federal projects under program authorities where USACE has provided previous technical assistance. Authorization to provide technical assistance does not provide authorization of a water resources development project.

- Proposals for construction of a new water resources development project that is not the subject of a currently authorized USACE project or a complete or ongoing feasibility study.

- Proposals that do not include a request for a potential future water resources development project through completed feasibility reports, proposed feasibility studies, and proposed modifications to authorized projects or studies.

3. Have not been congressionally authorized;

4. Have not been included in the Annual Report table of any previous Annual Report to Congress on Future Water Resources Development; and

- If the proposal was included in the Annual Report table in a previous Report to Congress on Future Water Resources Development, then the proposal is not eligible to be included in the Annual Report table. If a proposal was previously included in an appendix it may be re-submitted.

5. If authorized, could be carried out by the USACE.

- Whether following the USACE Chief's Report process or Section 7001 of WRRDA 2014, a proposal for a project or a project modification would need a current decision document to provide updated information on the scope of the potential project and demonstrate a clear Federal interest. This determination would include an assessment of whether the proposal is:
 - Technically sound, economically viable and environmentally acceptable.
 - Compliant with environmental and other laws including but not limited to National Environmental Policy Act, Endangered Species Act, Coastal Zone Management Act, and the National Historic Preservation Act.

- Compliant with statutes and regulations related to water resources development including various water resources provisions related to the authorized cost of projects, level of detail, separable elements, fish and wildlife mitigation, project justification,

matters to be addressed in planning, and the 1958 Water Supply Act.

Environmental infrastructure proposals are an exception to the criteria. To be included in the table within the Annual Report the proposal must be for a modification to a project that was authorized prior to the date of enactment of the Water Resources Development Act of 2016 (December 16, 2016) pursuant to Section 219 of WRDA 1992, as amended or must identify a programmatic modification to an environmental infrastructure assistance program and it has not been included in any previous annual report.

Feasibility study proposals submitted by non-Federal interests are for study authorization only. If Congressional authorization of a feasibility study results from inclusion in the Annual Report, it is anticipated that such authorization would be for the study, not for construction. Once a decision document is completed in accordance with Executive Branch policies and procedures, the Secretary will determine whether to recommend the project for authorization.

All USACE water resources development projects must meet certain requirements before proceeding to construction. These requirements include: (1) That the project is authorized for construction by Congress; (2) that the Secretary, or other appropriate official, has approved a current decision document; and, (3) that the funds for project construction have been appropriated and are available.

Section 902 of WRDA 1986, as amended, (33 U.S.C. 2280) establishes a maximum authorized cost for projects (902 limit). A Post Authorization Change Report (PACR) is required to be completed to support potential modifications, updates to project costs, and an increase to the 902 limit. Authority to undertake a 902 study is inherent in the project authority, so no additional authority is required to proceed with the study. Since these PACRs support project modifications, they may be considered for inclusion in the Annual Report if a report's recommendation requires Congressional authorization.

The Secretary shall include in the Annual Report to Congress on Future Water Resources Development a certification stating that each feasibility report, proposed feasibility study, and proposed modification to an authorized water resources development project, feasibility study, or proposed modifications to an environmental infrastructure program authority included in the Annual Report meets

the criteria established in Section 7001 of WRRDA 2014, as amended.

Please contact the appropriate district office or use the contact information above for assistance in researching and identifying existing authorizations and existing USACE decision documents. Those proposals that do not meet the criteria will be included in an appendix table included in the Annual Report to Congress on Future Water Resources Development. Proposals in the appendix table will include a description of why those proposals did not meet the criteria.

R.D. James,

Assistant Secretary of the Army (Civil Works).

BILLING CODE 3720-58-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2020-SCC-0036]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Grant Reallotment

AGENCY: Office of Special Education and Rehabilitative Services (OSERS), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before June 1, 2020.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection request by selecting "Department of Education" under "Currently Under Review," then check "Only Show ICR for Public Comment" checkbox.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact David Steele, 202-245-6520.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information

collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Grant Reallotment.

OMB Control Number: 1820-0692.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 323.

Total Estimated Number of Annual Burden Hours: 11.

Abstract: The Rehabilitation Act of 1973, as amended (the Act), authorizes the Rehabilitation Services Administration (RSA) Commissioner to reallocate to other grant recipients that portion of a recipient's annual grant that cannot be used. To maximize the use of appropriated funds under the formula grant programs, RSA has established a reallocation process for the State Vocational Rehabilitation Services (VR); State Supported Employment Services (Supported Employment); Independent Living Services for Older Individuals Who Are Blind (OIB); Client Assistance Program (CAP); and Protection and Advocacy of Individual Rights (PAIR) programs. The authority for RSA to reallocate formula grant funds is found at sections 110(b)(2) (VR), 603(b) (Supported Employment), 752(i)(4) (OIB), 112(e)(2) (CAP), and 509(e) (PAIR) of the Act.

This request is to extend the use of the form for an additional 3 years. The information will be used by the RSA State Monitoring and Program Improvement Division (SMPID) to reallocate formula grant funds for the awards mentioned above. This permits RSA to maximize the use of Federal funds to meet the needs of individuals with disabilities.

Dated: April 28, 2020.

Kate Mullan,

PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer.

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

Notice Inviting Applications (NIA) for the FY 2020; Education Stabilization Fund-Rethink K-12 Education Models (ESF-REM) Discretionary Grant Program

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice.

SUMMARY: The Department of Education (Department) is issuing an NIA for eligible applicants for the FY 2020 ESF-REM Grants program under section 18001(a)(3) of Division B of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Catalog of Federal Domestic Assistance (CFDA) number 84.425B. This notice relates to the approved information collection under OMB control number 1894-0006.

DATES:

Applications Available: April 30, 2020.

Deadline for Notice of Intent to Apply: May 19, 2020.

Deadline for Transmittal of Applications: June 29, 2020.

ADDRESSES: For the addresses for obtaining and submitting an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the **Federal Register** on February 13, 2019 (84 FR 3768) and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf.

FOR FURTHER INFORMATION CONTACT:

Jennifer Todd, U.S. Department of Education, 400 Maryland Avenue SW, room 3E303, Washington, DC 20202. Telephone: (202) 453-6984. Email: ESF-REM@ed.gov. Website: <https://oese.ed.gov/offices/education-stabilization-fund/states-highest-coronavirus-burden/>.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION:
