Certain Steel Threaded Rod From the People's Republic of China: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2018-2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) continues to determine that two companies under review had no shipments of subject merchandise during the period of review (POR) April 1, 2018 through March 31, 2019. Additionally, Commerce continues to determine that the remaining companies subject to this review are part of the China-wide entity because they failed to file no shipment statements, separate rate applications, or separate rate certifications.

DATES: Applicable May 5, 2020.

FOR FURTHER INFORMATION CONTACT: Benito Ballesteros, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-7425.

SUPPLEMENTARY INFORMATION:

Background

On December 30, 2019, Commerce published the *Preliminary Results* of the administrative review of the antidumping duty order on certain steel

threaded rod from the People's Republic of China (China).¹ We invited parties to submit comments on the *Preliminary Results*. No party submitted comments. Accordingly, the final results remain unchanged from the *Preliminary Results*.

Scope of the Order

The merchandise covered by the order is steel threaded rod. Steel threaded rod is certain threaded rod, bar, or studs, of carbon quality steel, having a solid, circular cross section, of any diameter, in any straight length, that have been forged, turned, cold-drawn, cold-rolled, machine straightened, or otherwise cold-finished, and into which threaded grooves have been applied. In addition, the steel threaded rod, bar, or studs subject to the order are non-headed and threaded along greater than 25 percent of their total length. A variety of finishes or coatings, such as plain oil finish as a temporary rust protectant, zinc coating (*i.e.*, galvanized, whether by electroplating or hot-dipping), paint, and other similar finishes and coatings, may be applied to the merchandise.

Included in the scope of the order are steel threaded rod, bar, or studs, in which: (1) Iron predominates, by weight, over each of the other contained elements; (2) the carbon content is 2 percent or less, by weight; and (3) none of the elements listed below exceeds the quantity, by weight, respectively indicated:

- 1.80 percent of manganese, or
- 1.50 percent of silicon, or
- 1.00 percent of copper, or
- 0.50 percent of aluminum, or
- 1.25 percent of chromium, or
- 0.30 percent of cobalt, or
- 0.40 percent of lead, or
- 1.25 percent of nickel, or
- 0.30 percent of tungsten, or
- 0.012 percent of boron, or
- 0.10 percent of molybdenum, or
- 0.10 percent of niobium, or
- 0.41 percent of titanium, or
- 0.15 percent of vanadium, or
- 0.15 percent of zirconium.

Steel threaded rod is currently classifiable under subheadings 7318.15.5051, 7318.15.5056, 7318.15.5090, and 7318.15.2095 of the United States Harmonized Tariff Schedule (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise is dispositive.

¹ See *Certain Steel Threaded Rod from the People's Republic of China: Preliminary Results of the Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2018-2019*, 84 FR 71900 (December 30, 2019) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

Excluded from the scope of the order are: (a) Threaded rod, bar, or studs which are threaded only on one or both ends and the threading covers 25 percent or less of the total length; and (b) threaded rod, bar, or studs made to American Society for Testing and Materials (ASTM) A193 Grade B7, ASTM A193 Grade B7M, ASTM A193 Grade B16, or ASTM A320 Grade L7.

Final Determination of No Shipments and Status of the China-Wide Entity

Commerce preliminarily found that Certified Products International Inc. (CPI) and RMB Fasteners Ltd. and IFI & Morgan Ltd. (collectively, RMB/IFI) had no shipments of subject merchandise to the United States during the POR. As noted in the Preliminary Decision Memorandum, we received no shipment statements from CPI and RMB/IFI, and these statements were consistent with the information we received from U.S. Customs and Border Protection (CBP).²

No party commented on our preliminary no shipment finding with respect to CPI and RMB/IFI, and no party submitted record evidence that calls this finding into question. Therefore, for these final results, we continue to find that CPI and RMB/IFI did not have any shipments of subject merchandise to the United States during the POR.

In addition, we continue to find that the remaining 172 companies subject to this administrative review are part of the China-wide entity because they failed to file no-shipment statements, separate rate applications, or separate rate certifications.³ Because no party requested a review of the China-wide entity, and we did not self-initiate a review, the China-wide entity rate (*i.e.*, 206.00 percent)⁴ is not subject to change as a result of this review.⁵

Assessment Rates

We have not calculated any assessment rates in this administrative review. Based on record evidence, we have determined that CPI and RMI/IFI had no shipments of subject merchandise and, therefore, pursuant to Commerce's assessment practice, any suspended entries that entered under

² See Preliminary Decision Memorandum at 3-4.

³ See Appendix I, *Preliminary Results*, 84 FR at 71900.

⁴ See *Certain Steel Threaded Rod from the People's Republic of China: Final Determination of Sales at Less Than Fair Value*, 74 FR 8907 (February 27, 2009).

⁵ See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963 (November 4, 2013).

their case numbers will be liquidated at the China-wide entity rate.⁶

For all remaining companies subject to this review, which are part of the China-wide entity, we will instruct CBP to liquidate their entries at the current rate for the China-wide entity (*i.e.*, 206.00 percent). Commerce intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this administrative review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice, as provided by section 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recently completed period; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the China-wide rate of 206.00 percent; and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results within five days of its public announcement, or if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). However, because the companies under review either have no reviewable shipments or are part of the China-wide entity, there are no calculations to disclose.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of

antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h).

Dated: April 29, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XA142]

Pacific Fishery Management Council; Public Meeting; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a correction to a public meeting.

SUMMARY: The Groundfish Subcommittee of the Pacific Fishery Management Council's (Pacific Council's) Scientific and Statistical Committee (SSC) and invited scientific experts will hold a meeting to review proposed length-based assessment methods followed by a workshop to explore data-moderate and data-limited assessment methods. The meeting is open to the public.

DATES: The Assessment Methodology Review webinar will be held from Tuesday, May 12, 2020 through Thursday, May 14, 2020 beginning at 8:30 a.m. and continuing until 5:30 p.m. Pacific Daylight Time each day or until business for the day has been completed.

ADDRESSES: The Assessment Methodology Review meeting will be an online meeting.

Instructions to attend the online meeting:

1. Use this link: <https://www.gotomeeting.com/webinar>

(Then click "Join a Webinar" in top right corner of page)

2. Enter the Webinar ID: 716-313-779
3. Please enter your name and email address (required)
4. You may use your telephone for the audio portion of the meeting by dialing this TOLL number +1 (415) 655-0060
5. Enter the Attendee phone audio access code 904-227-383
6. Enter your audio phone pin (shown after joining the webinar).

Technical Information

System Requirements

- PC-based attendees: Required: Windows® 10,8
- Mac®-based attendees: Required: Mac OS® X 10.5 or newer
- Mobile attendees: Required: iPhone®, iPad®, Android™ phone or Android tablet (See the *GoToMeeting Webinar Apps*)

You may send an email to Kris Kleinschmidt at (503) 820-2412 or Sandra Krause at (503) 820-2419 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220.

FOR FURTHER INFORMATION CONTACT: Mr. John DeVore, Staff Officer, Pacific Fishery Management Council; telephone: (503) 820-2413.

SUPPLEMENTARY INFORMATION: The original notice published in the **Federal Register** on April 28, 2020 (85 FR 23507). The online information for the meeting has changed from what was published originally.

The purpose of the Assessment Methodology Review meeting is to review two proposed length-based assessment methodologies, a length-based Stock Synthesis (SS) modeling approach and the Length-based Integrated Mixed Effects (LIME) assessment platform. A review of data-moderate and data-limited assessment methods through the management strategy evaluation tool in the Data-Limited Methods Toolkit (DLMtool) will be conducted following the length-based assessment methods review (the draft proposed agenda will be posted on the Pacific Council's website).

No management actions will be decided by the Assessment Methodology Review panel members. The review panel members' role will be development of recommendations and reports for consideration by the SSC and Pacific Council at a future Council meeting.

Although nonemergency issues not contained in the meeting agendas may
