SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-88792; File No. SR-OCC-2020-802]

Self-Regulatory Organizations; The Options Clearing Corporation; Notice of Filing of Advance Notice Related To Proposed Changes to The Options Clearing Corporation's Framework for Liquidity Risk Management

May 1, 2020.

Pursuant to Section 806(e)(1) of Title VIII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, entitled Payment, Clearing and Settlement Supervision Act of 2010 ("Clearing Supervision Act")¹ and Rule 19b-4(n)(1)(i)² under the Securities Exchange Act of 1934 ("Act" or "Exchange Act"),³ notice is hereby given that on April 6, 2020, the Options Clearing Corporation ("OCC") filed with the Securities and Exchange Commission ("Commission") an advance notice as described in Items I, II and III below, which Items have been prepared by OCC. The Commission is publishing this notice to solicit comments on the advance notice from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Advance Notice

This advance notice is submitted in connection with proposed changes to amend OCC's Rules, adopt a new Liquidity Risk Management Framework ("LRMF"), and revise OCC's Clearing Fund and stress testing methodology ("Methodology Description") to enhance OCC's management of liquidity risk and the sizing and monitoring of OCC's liquidity resources. Specifically, the proposed changes would:

(1) Establish a new LRMF document to provide a comprehensive overview of OCC's liquidity risk management practices and govern OCC's policies and

procedures as they relate to liquidity risk management;

(2) enhance OCC's Methodology Description to describe OCC's approach to stress testing and determining the adequacy, sizing and sufficiency of its liquidity resources;

(3) modify OCC's authority to set and increase the Clearing Fund Cash Requirement;

(4) implement a new two-day notice period for substitutions for Clearing Fund cash in excess of a Clearing Member's minimum requirement;

(5) enhance OCC's Rules and Contingency Funding Plan for collecting additional liquidity resources when a Clearing Member Group's projected or actual liquidity risk exceeds certain defined thresholds;

(6) amend Chapter VI of the Rules to allow OCC to require cash margin as a protective measure if a Clearing Member is determined to present increased credit risk and is subject to enhanced monitoring and surveillance under the Corporation's watch level reporting process;

(7) amend Chapter X of the Rules to clarify OCC's authority to borrow Clearing Fund assets for liquidity risk management purposes;

(8) amend Chapter III of the Rules regarding the financial requirements applicable to Clearing Members to require that Clearing Members maintain adequate procedures and controls to ensure that it can meet its obligations when owed in connection with membership; and

(9) make a number of other clarifying, conforming, and organizational changes to OCC's Rules, Risk Management Framework Policy ("RMF Policy"), Clearing Fund Methodology Policy ("CFM Policy"), Collateral Risk Management Policy, Counterparty Credit Risk Management Policy ("CCRM Policy"), and Default Management Policy as described herein.

The proposed amendments to OCC's Rules can be found in Exhibit 5A. The proposed LRMF and Methodology Description have been submitted in confidential Exhibits 5B and 5C, respectively. Proposed changes to the RMF Policy, CFM Policy, Collateral Risk Management Policy, CCRM Policy, and Default Management Policy (collectively, "Risk Policies") have been submitted in confidential Exhibits 5D-5H. Material proposed to be added to the Rules, Methodology Description, and OCC Risk Policies as currently in effect is marked by underlining, and material proposed to be deleted is marked in strikethrough text. The LRMF has been submitted without marking to facilitate review and readability of the

document as it is being submitted in its entirety as new rule text.

All terms with initial capitalization not defined herein have the same meaning as set forth in OCC's By-Laws and Rules.⁴

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Advance Notice

In its filing with the Commission, OCC included statements concerning the purpose of and basis for the advance notice and discussed any comments it received on the advance notice. The text of these statements may be examined at the places specified in Item IV below. OCC has prepared summaries, set forth in sections A and B below, of the most significant aspects of these statements.

(A) Clearing Agency's Statement on Comments on the Advance Notice Received From Members, Participants or Others

Written comments were not and are not intended to be solicited with respect to the advance notice and none have been received. OCC will notify the Commission of any written comments received by OCC.

(B) Advance Notices Filed Pursuant to Section 806(e) of the Payment, Clearing, and Settlement Supervision Act

Description of the Proposed Change Background

As a central counterparty ("CCP"), OCC is exposed to liquidity risk, which is the risk that a counterparty, whether a participant or other entity, will have insufficient funds to meet its financial obligations as and when expected, although it may be able to do so in the future.⁵ OCC's primary liquidity demands in a Clearing Member default originate from settlement obligations related to mark-to-market settlements on securities financing and futures transactions, expiring options, and liquidation of the Clearing Member's portfolio. Given the critical role OCC plays within the U.S. financial markets, it is vital that OCC maintains a robust framework for managing its liquidity risks. Such a framework should set forth the manner in which OCC effectively identifies, measures, monitors, and manages its liquidity risk. This includes, but is not limited to, how
