

7.17. Only information that is ultimately determined to be confidential under that procedure will be exempt from disclosure under FOIA. Should FTA receive an order from a court of competent jurisdiction ordering the release of the information, FTA will provide the applicant timely notice of such order to allow the applicant the opportunity to challenge such an order.

FTA will not challenge a court order on behalf of an applicant.

VI. Application Review

The FTA will evaluate the submissions to determine which applicants demonstrate that they have the capability to effectively enter and administer a cooperative procurement contract. The FTA will select at least two additional applicants from the submitted expressions of interest to be part of the Pilot Program, except that if there are less than two applicants able to meet the requirements of the Pilot Program, FTA may solicit additional interest in the future. The FTA will evaluate the experience, legal, technical, and financial capacity of interested nonprofit entities to implement the Pilot Program successfully.

VII. Pilot Program Administration

1. Notice

After an announcement by the FTA Administrator or designee of the final selection(s) is posted on the FTA website, FTA will publish final selections for the Pilot Program in the **Federal Register**.

2. Pilot Program Administration and Reporting Requirements

The Pilot Program is not funded with Federal funds; selected nonprofit entities may charge the grantee participants in the cooperative procurement contract for the cost of administering, planning, and providing technical assistance for the contract in an amount that is not more than one percent of the contract price. The selected nonprofit entity may incorporate the cost into the price of the contract or directly charge the grantee participants for the cost, but not both.

To achieve a comprehensive understanding of the utility and effectiveness of the Pilot Program, FTA, or its designated independent evaluator, will require access to project data. Selected nonprofit entities should be prepared to collect and maintain data related to participating vendors, participating grantees, and the quantity and price of rolling stock and related equipment procured by grantees through the cooperative procurement.

Issued in Washington, DC.

K. Jane Williams,

Acting Administrator.
