SUPPLEMENTARY INFORMATION:

Title: *Phytophthora Ramorum*;

Quarantine and Regulations.

OMB Control Number: 0579-0310.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: The Plant Protection Act (7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States.

In accordance with the regulations in "Subpart X-*Phytophthora Ramorum*" (§§ 301.92 through 301.92-12), the Animal and Plant Health Inspection Service of the U.S. Department of Agriculture restricts the interstate movement of certain articles to prevent the spread of *Phytophthora ramorum*, the plant pathogen that causes the disease commonly known as sudden oak death. The regulations contain requirements for the interstate movement of regulated articles, such as nursery stock and certain trees, from both quarantined areas and regulated establishments and involve information collection activities including compliance agreements, annual inspections of nurseries and certification of nurseries, issuance and cancellation of certificates, sampling labels for testing, records of fungicide applications, recordkeeping of incoming and outgoing shipments of plants, notification of high risk *P. ramorum* genera, and emergency action notifications.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

- (3) Enhance the quality, utility, and clarity of the information to be collected; and

- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.3 hours per response.

Respondents: Plant growers, nursery operators, and State plant regulatory officials.

Estimated annual number of respondents: 43.

Estimated annual number of responses per respondent: 15.

Estimated annual number of responses: 622.

Estimated total annual burden on respondents: 181 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 6th day of May 2020.

Michael Watson,

Acting Administrator, Animal and Plant Health Inspection Service.

Title: SNAP Retailer Incentive Waiver Request.

Form Number: Not Applicable.

OMB Number: 0584-NEW.

Expiration Date: Not Yet Determined.

Type of Request: Existing collection in use without an OMB Control Number.

Abstract: SNAP equal treatment provisions at 7 CFR 278.2(b) and 7 CFR 274.7(f) require that SNAP recipients receive treatment equal to that received by other customers at all stores authorized to participate in SNAP with the exception that sales tax may not be charged on eligible foods purchased with SNAP benefits. This equal treatment provision prohibits both negative treatment (such as discriminatory practices) as well as preferential treatment (such as incentive programs). Pursuant to Section 4008 of the Agriculture Improvement Act of 2018, Public Law 115-334 (2018 Farm Bill), individual SNAP authorized retailers (or non-profit organizations or governmental entities, which partner with authorized stores) may request that FNS waive the SNAP equal treatment provisions in order to be allowed to implement an incentive program that meets the requirements under 7 U.S.C. 2018(j) to encourage SNAP recipients to purchase healthier foods.

Most SNAP authorized stores that offer incentives to SNAP recipients are either farmers' markets or part of the statutorily-authorized Gus Schumacher Nutrition Incentive Program (GusNIP), which is administered by the USDA's National Institute of Food and Agriculture (NIFA).

Farmer's markets are already authorized to provide incentives to SNAP recipients under a blanket FNS waiver of the SNAP equal treatment provision, specifically for farmers' markets. GusNIP grantees are authorized to provide incentives to SNAP recipients through GusNIP grant projects under 7 U.S.C. 7517 and, therefore, do not require a waiver to implement a SNAP incentive program. Only SNAP retailers that are not farmers' markets or that are not offering incentives under a GusNIP grant are required to obtain individual waivers from FNS to provide incentives at authorized SNAP retailer locations to SNAP households. FNS has been providing incentive waivers to SNAP retailers prior to passage of the 2018 Farm Bill under FNS' regular waiver process. To date, FNS has been receiving an average of four incentive waiver requests per year. Waivers

provided to non-profit institutions or State/local/Tribal governments generally cover multiple retailer locations. With this new streamlined process, the Department estimates that out of 245,000 authorized retailers that participate in our program, approximately 18 different retailers would be covered under 10 different incentive waiver requests annually. In general, the waivers are granted for one year.

The new streamlined process for requesting a waiver would involve emailing information to a specified FNS email box. The information a retailer must submit would include:

1. FNS number, name, and address of each participating retailer;
2. A description of the incentive program;
3. The incentive program start and end dates; and
4. A brief description of any data collection/analysis the store would be conducting on its own behalf to measure program impact if applicable.

The Department has identified and outlined the activity and the estimated burden hours associated with submitting a SNAP Retailer Incentive Waiver Request.
