Use of the SRP may only be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://floodsrp.org/pdfs/srp_fact_sheet.pdf.

The communities affected by the flood hazard determinations are provided in the table below. Any request for reconsideration of the revised flood hazard determinations

shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations will also be considered before the FIRM and FIS report are made final.

Correction

In the proposed flood hazard determination notice published at 78 FR 22436–22438 in the April 22, 2020, issue of the **Federal Register**, FEMA published a table titled Ottawa County, Michigan and Incorporated Areas. This

table contained inaccurate information as to the county name designation featured in the table heading.

In this document, FEMA is publishing a table containing the accurate information. The information provided below should be used in lieu of that previously published.
