Abstract of Proposed Collection

Forms DS-1843 and DS-1622 collect medical history, lab tests, and physical examinations for all individuals applying for overseas positions, including their eligible family members. Forms DS-1843 and DS-1622 are designed to collect sufficient and current medical information on the individual in order for a medical provider to make a medical clearance determination for initial appointment to an overseas assignment. They are also used to determine whether the individual or eligible family member will have appropriate medical and/or educational resources at a diplomatic mission/host country abroad to maintain the health and safety of the individual or family member. The forms were updated to include questions regarding employment agency information for non-foreign service agencies. Once the collection instruments have been approved, the DS-1843/1622 can be used by respondents employed by both foreign and non-foreign service agencies, rendering the DS-6561 form redundant. As a result, the DS-6561 would be discontinued upon OMB approval of the revised DS-1843 and DS-1622 forms.

Methodology

The respondent will obtain the DS-1843 and DS1622 forms from their human resources representative or download the forms from a Department website. The respondent will complete and submit the forms offline.

Karl Field,

Director of Medical Clearances.

Federal Aviation Administration

Notice of Request To Release Airport Property for Land Disposal at the Ankeny Regional Airport (IKV), Ankeny, Iowa

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of request to rule on release of airport property for land disposal.

SUMMARY: The FAA proposes to rule and invites public comment on the release of land at the Ankeny Regional Airport (IKV), Ankeny, Iowa.

DATES: Comments must be received on or before June 11, 2020.

ADDRESSES: Comments on this application may be mailed or delivered to the FAA at the following address: Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE-620G, 901 Locust, Room 364, Kansas City, MO 64106.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to: Paul Moritz, Polk County Aviation Authority, Ankeny City Hall, 410 West 1st Street, Ankeny, Iowa 50039, (515) 965-6420.

FOR FURTHER INFORMATION CONTACT:

Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE-620G, 901 Locust, Room 364, Kansas City, MO 64106, (816) 329-2603, amy.walter@faa.gov. The request to release property may be reviewed, by appointment, in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release one tract of land consisting of approximately 16.06 acres of airport property at the Ankeny Regional Airport (IKV) under the provisions of 49 U.S.C. 47107(h)(2). On February 12, 2020, the Attorney for the Polk County Aviation Authority requested a release from the FAA to sell a tract of land, 16.06 acres. Buyer, Van Houweling Property LLC, will use the land for development. On May 4, 2020, the FAA determined that the request to release property at the Ankeny Regional Airport (IKV) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice.

The following is a brief overview of the request:

The Ankeny Regional Airport (IKV) is proposing the release of airport property containing 16.06 acres, more or less. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject

property will result in the land at the Ankeny Regional Airport (IKV) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances in order to dispose of the land. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for general aviation use.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may, upon appointment and request, inspect the application, notice and other documents determined by the FAA to be related to the application in person at the Ankeny City Hall.

Issued in Kansas City, MO on May 4, 2020.

James A. Johnson,

Director, FAA Central Region, Airports Division.

[Docket No. 2020-0488]

Agency Information Collection Activities: Requests for Comments; Clearance of a New Approval of Information Collection: Survey of Unmanned-Aircraft-Systems Operators

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval for a new information collection. This survey is necessary to prepare and plan for the integration of unmanned aircraft systems (UAS) into the national airspace system (NAS), as required by Section 376 under the FAA Reauthorizations Act of 2018.

DATES: Written comments should be submitted by July 14, 2020.

ADDRESSES: Please send written comments:

- *By Electronic Docket:* www.regulations.gov (Enter docket number into search field).

• *By mail:* William Ekins, 800 Independence Ave. SW, Suite 938, Washington, DC 20024.

• *By fax:* 202- 267–3278.

FOR FURTHER INFORMATION CONTACT: William Ekins by email at: William.g.ekins@faa.gov; phone: 202–267–4735.

SUPPLEMENTARY INFORMATION: *Public Comments Invited:* You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB’s clearance of this information collection.

OMB Control Number: 2120–

Title: Survey of Unmanned-Aircraft-Systems Operators.

Form Numbers: Online Collection.

Type of Review: New Information Collection.

Background: The FAA

Reauthorizations Act of 2018 explicitly charges the FAA with developing a plan to implement an unmanned aircraft systems traffic management (UTM) services. The development of this congressionally mandated plan requires an estimation of current activity by UAS operators and projecting this behavior into the future as economic, technology, and regulatory condition change. Given the lack of available data on the flight behavior of UAS operators, the FAA proposes a survey of UAS operators who have registered with the FAA under Section 349 or Part 107.

Survey consists of a voluntary questionnaire administered online. Registrants within the FAA’s UAS registrations under Part 107 and Section 349 are invited to complete the questionnaire via email. The email contains a personalized link to the questionnaire hosted by Survey Monkey. The questionnaire contains:

- 6 questions on general flight behavior,
- 4 questions about the number and types of UAS operated,
- 5 questions for respondents who identify as commercial operators, and
- 7 questions for respondents who identify as operating for public safety agencies.

Including a social-media preference and self-identifying questions, the questionnaire contains a total 24 question. However, the majority of

respondents will only answer the first 12 questions.

The data obtained from the survey will be used for developing national forecasts of UAS activity. Summary data from the proposed survey will be included in the Aviation Forecast published annually by the FAA.

Respondents: Recreational and commercial operators of unmanned aircraft systems (UAS) who have registered with the FAA under Section 349 and Part 107, respectively.

Frequency: Annually.

Estimated Average Burden per Response: 5.3 minutes on average.

Estimated Total Annual Burden: 10,881 hours.

Issued in Washington, DC on 5–8–2020.

Michael Lukacs,

Deputy Division Manager, Office of Aviation Policy and Plans, APO–100, Federal Aviation Administration, Department of Transportation.
