

Notices

Federal Register

Vol. 85, No. 94

Thursday, May 14, 2020

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

AGENCY FOR INTERNATIONAL DEVELOPMENT

Notice of Meeting

Pursuant to the Federal Advisory Committee Act, notice is hereby given of a public meeting of the Board for International Food and Agricultural Development (BIFAD), *Food Security and Nutrition in the Context of COVID-19: Impacts and Interventions*. The meeting will be held on June 4, 2020 from 1:30 to 3:30 p.m. EDT at <http://www.aplu.org/projects-and-initiatives/international-programs/bifad/bifad-meetings.html>. A public comment period is scheduled from 3:10 to 3:30 p.m., EDT.

The Coronavirus Disease-19 (COVID-19) pandemic will have secondary impacts on all intermediate results of the U.S. Government Global Food Security Strategy, including agricultural productivity, livelihoods, markets, trade and policy actions, food consumption and nutrition, hygiene, and resilience. The Board for International Food and Agricultural Development (BIFAD), an advisory committee to the U.S. Agency for International Development (USAID), will convene a virtual public meeting to share the thinking of leading experts in food security and nutrition that relates to COVID-19 impacts. This will include consideration of the most promising short-, medium-, and long-term responses across several key areas: Farm-level productivity, markets and trade, access to finance, nutrition, safe and hygienic food systems, gender, and national and local policy. The meeting will include presentations of credible modeling data about the scale and breadth of anticipated food security impacts in the developing world and a summary spanning near to longer-term interventions and guidance that may help to mitigate COVID-19 impacts. The meeting will also provide leading sources of curated information (e.g., landing pages for information related to

the crisis and response). The meeting is intended to help to support decision making by USAID and its partners and stakeholders working to advance food security, nutrition, and resilience at global, regional and national levels.

On the basis of testimony, including public comments, shared at the meeting, BIFAD will provide formal findings, conclusions, and recommendations to the Agency on best-bet operational and programmatic investments.

BIFAD is a seven-member, presidentially appointed advisory board to USAID established in 1975 under Title XII of the Foreign Assistance Act, as amended. The provisions of Title XII concern bringing the assets of U.S. universities to bear on development challenges in agriculture and food security, and the BIFAD's role is to help carry out this function.

Participants may register at <http://www.aplu.org/projects-and-initiatives/international-programs/bifad/bifad-meetings.html>. For questions about registration, please contact Susan Johnson at (202) 478-6023 or sjohnson@aplu.org. For questions about BIFAD, please contact Clara Cohen, Designated Federal Officer for BIFAD in the Bureau for Resilience and Food Security, USAID at ccohen@usaid.gov or (202) 712-0119.

Clara Cohen,

Designated Federal Officer, BIFAD.

Agricultural Marketing Service

[Doc. No. AMS-LRSS-20-0032]

Notice of Request for an Extension of a Currently Approved Information Collection: Qualitative Feedback on Agency Service Delivery

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Agricultural Marketing Service's (AMS) intention to request approval from the Office of Management and Budget (OMB), for an extension of a currently approved

information collection associated with qualitative customer and stakeholder feedback on service delivery by the AMS.

DATES: Comments on this notice must be received by July 13, 2020.

ADDRESSES: Comments are welcome and should be referenced OMB No. 0581-0269 and AMS' Qualitative Feedback on Agency Service Delivery, and the date and page number of this issue of the **Federal Register**. Comments may be submitted by mail to the Docket Clerk, Legislative & Regulatory Review Staff, AMS, USDA, 1400 Independence Avenue SW, Stop 0202, Room 3943-S, Washington, DC 20250; Fax: (202) 690-3767; or submitted online at www.regulations.gov. All comments received will be available for public inspection in the Office of the Docket Clerk during regular USDA business hours or they can be viewed at www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Joell Gilham, Legislative & Regulatory Review Staff, AMS, USDA, 1400 Independence Avenue SW, Stop 0202, Room 3943-S, Washington, DC 20250; Telephone: (202) 720-2986; Fax: (202) 690-3767.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery-AMS.

OMB Number: 0581-0269.

Expiration Date of Approval: August 31, 2020.

Type of Request: Extension of a Currently Approved Information Collection.

Abstract: The proposed information collection activity provides a means for AMS to garner qualitative customer and stakeholder feedback in an efficient and timely manner, in accordance with the Agency's commitment to improving service delivery.

By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences, and expectations; provide an early warning of issues with service; or focus attention on areas where communication, training, or changes in operations might improve delivery of

products or services. This collection will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

AMS will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collection is voluntary;
- The collection is low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and is low-cost for both the respondents and the Federal Government;
- The collection is non-controversial and does not raise issues of concern to other Federal agencies;
- The collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of AMS (if released, AMS must indicate the qualitative nature of the information);
- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and
- Information gathered will yield qualitative information; the collection will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting

program performance. Such data uses require more rigorous designs that address: the target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential nonresponse bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding this study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, this information collection will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

AMS currently has approval from the Office of Management and Budget (OMB) for this information collection. This approval is for 60,000 burden hours, based on our initial request to OMB in April 2011. We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for 3 years.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .50 hours per response.

Respondents: Individuals and households; businesses and organizations; State, local, or Tribal government.

Estimated Annual Number of Respondents: 110,000.

Estimated Number of Responses: 110,000.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 60,000/(Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

Comments: Comments are invited on: (1) Whether the proposed collection of the information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be

collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Bruce Summers,

Administrator, Agricultural Marketing Service.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Docket number AMS-FTPP-20-0023]

Proposed Posting, and Posting of Stockyards

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: The Agricultural Marketing Service (AMS), USDA, is taking action to post stockyards under the Packers and Stockyards Act (P&S Act). Specifically, we are proposing that 10 stockyards now operating subject to the P&S Act be posted. We are also posting 10 stockyards that were identified previously as operating subject to the P&S Act.

DATES: For the proposed posting of stockyards, we will consider comments that we receive on or before May 29, 2020.

ADDRESSES: We invite you to submit comments on this notice. You may submit comments by any of the following methods:

- *Internet:* Go to <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Fax:* (202) 690-3207.

- *Mail, hand delivery, or courier:* Stuart Frank, USDA, AMS, 1400 Independence Avenue SW, Room 2507-S, Washington, DC 20250-3601.

Instructions: All comments should refer to the date and page number of this issue of the **Federal Register**. The comments and other documents relating to this action will be available for public inspection during regular business hours.
