Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0114.

Form Titles and Numbers: FEMA Form 089-5, PSGP Investment Justification.

Abstract: The previous version of FEMA Form 089-5 presented numerous editing and submission challenges for applicants, often leaving required information blank within the form. Additionally, numerous applicants annually fail to provide required content information within a detailed budget worksheet or provide no detailed budget worksheet at all. A detailed budget worksheet is required; however it is not currently in a required template. This update changes the format and software of Form 089-5 and incorporates the detailed budget worksheet to help ensure accurate project accounting. By broadening the form to include all required project information, applicants will have fewer documents to track and submit; and subsequent agency reviews will be streamlined and improve consistency among application format.
