**Abstract:** National Heritage Areas (NHAs) are designated by Congress as places of natural, cultural, and historic significance. Authorized by the Historic Sites Act of 1935 (54 U.S.C. Ch. 3201), the NPS NHA Program Office is responsible for tracking the performance and progress of each heritage area in implementing its management plans and goals. The reporting forms in the collection will track performance metrics needed to distribute funds and report on heritage area management and budgetary activities as directed by Congress.

NHAs combine conservation, recreation, and economic development to form a cohesive, nationally important landscape. The NHA program currently includes 49 heritage areas.
